**Report of Independent Registered Public Accounting Firm**

To the Participants and Administrative Committee of the RadioShack 401(k) Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of RadioShack 401(k) Plan (the Plan ) at December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) at December 31, 2005 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**RADIOSHACK 401(k) PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**1. Description of the Plan**

The following description of the RadioShack 401(k) Plan (the Plan ) provides only general information. Participants should refer to the Summary Plan Description, which also constitutes the Plan s prospectus, for a more complete description of the Plan s provisions.

**General**

The Plan is a defined contribution employee benefit plan covering eligible employees of RadioShack Corporation, its divisions and subsidiaries (the Company or RadioShack ). The Plan is an individual account plan with multiple, participant-directed investment options and is intended to conform to and qualify under Section 401 of the Internal Revenue Code (the Code ), as amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ( ERISA ).

At December 31, 2005 and 2004, there were 7,894 and 8,011 employees of the Company participating in the Plan and 23,349 and 22,304 employees eligible to participate, respectively.

The Plan is fully participant-directed, and available investments consist of RadioShack common stock, registered investment companies, common/collective trusts and money market funds.

**Administration**

The Plan is administered by an Administrative Committee appointed by the Board of Directors of the Company. The Company s Board of Directors has appointed Mercer Trust Company ( Mercer ) as the Plan s trustee.

**Eligibility**

An employee is eligible to participate in the Plan at the beginning of the calendar quarter in which he or she is expected to complete one year of service of at least 1,000 hours, as defined in the Summary Plan Description, and attain the age of 18. Temporary employees are excluded from participation in the Plan.

**Participant Contributions**

Through authorized payroll deductions, participants may contribute, on a pre-tax basis, up to 15%, in increments of 1%, of their annual compensation; however, Company officers may only defer up to 8% of their annual compensation. During the 2005 plan year, in accordance with the provisions of the Code, no participant could elect more than \$14,000 in pre-tax contributions.

Participants may direct their contributions into various investment options. Participants may elect to allocate their total contributions to the various investment options in increments of 1% and may change their investment options daily.

Participants are not subject to federal income taxation on their contributions and earnings thereon until withdrawn from the Plan.

Distributions from another qualified plan can be transferred into the Plan. In 2005, rollover accounts in the amount of \$241,000 were transferred into the Plan and are included in participant contributions on the statement of changes in net assets available for benefits.

## **Table of Contents**

### **RADIOSHACK 401(k) PLAN**

#### **NOTES TO FINANCIAL STATEMENTS, Continued**

##### **Company Contributions**

All Company contributions are discretionary and may change in future years. The Company presently contributes an amount to each participant's account maintained under the Plan equal to 30% of the participant's contributions up to 8% of his or her annual compensation. Company contributions are made directly to the 401(k) Plan, are made in cash and are invested in an age appropriate retirement fund for each participant; however, participants may immediately reinvest the Company contribution into other investment alternatives provided by the Plan.

##### **Participant Accounts**

Each participant's account is credited/debited with the participant's contribution and allocations of (a) the Company's discretionary matching contribution, and (b) plan earnings/losses. Allocations are based on the participant's contribution or number of shares held, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### **Vesting**

Participants are immediately vested in their contributions to the Plan plus actual earnings thereon. All participants become fully vested in the Company's contributions, plus actual earnings thereon, upon completion of three years of service with the Company.

##### **Benefits Paid to Participants**

Participants who withdraw from the Plan may receive the vested portion of their accounts under one of three withdrawal methods, which are summarized below:

- (a) Single lump sum payment in cash;
- (b) Part cash and part securities; and
- (c) Monthly installments not to exceed ten (10) years.

##### **Forfeited Accounts**

Forfeited nonvested accounts of terminated participants are allocated on an annual basis among the remaining participants' accounts. A total of \$282,079 was forfeited and reallocated for the twelve-month period ended December 31, 2005. At December 31, 2005 and 2004, unallocated forfeited balances totaled \$1,207 and \$245,820, respectively.

##### **Loans to Participants**

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of the value of the participant's vested account. Participants may have up to four loans outstanding at any time. Additionally, no loan may exceed an amount that would cause the total of principal and interest payments on all outstanding loans to exceed 25% of the participant's regular payroll period earnings. Loans are repaid through authorized payroll deductions. The term of the loan must be at least six months (or multiples thereof) and may not exceed five years. The loans are collateralized by the balance in the participant's vested account and bear interest at rates fixed by the Administrative Committee. The determination of these rates is based upon the interest rates currently being charged on similar commercial loans. For the twelve-month period ended December 31, 2005, interest rates on participant loans ranged from 5.00% to 10.50%.

**Plan Year**

Effective January 1, 2004, the Plan year was changed to a calendar year basis.

**Table of Contents**

**RADIOSHACK 401(k) PLAN**

**NOTES TO FINANCIAL STATEMENTS, Continued**

**Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will immediately become fully vested in their accounts.

**2. Summary of Significant Accounting Policies:**

**Basis of Accounting**

The Plan's accompanying financial statements have been prepared under the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value and valued daily. Shares of registered investment companies are valued at quoted market prices, which represents the net asset value of shares held by the Plan at year-end. Units of common/collective trust funds are valued based on the current market values of the underlying assets of the fund. Common stock is valued at its closing market price. Participant loans are valued at cost plus accrued interest, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis.

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

**Concentration, Market and Credit Risk**

At December 31, 2005 and 2004, approximately 43% and 60%, respectively, of the investments of the Plan consist of securities of its sponsor, RadioShack. The Plan provides for various investment options in a variety of stock, registered investment companies and other investment securities. Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the Plan's statement of net assets available for benefits. As of June 27, 2006, the Company's stock price closed at \$14.22. At December 31, 2005 and 2004, the Company's stock price closed at \$21.03 and \$32.88, respectively.

**Benefits Paid to Participants**

Benefits are recorded when paid.

**Table of Contents****RADIOSHACK 401(k) PLAN****NOTES TO FINANCIAL STATEMENTS, Continued****Administrative Expenses**

For the year ended December 31, 2005, Mercer HR Services ( Mercer Services ), an affiliate of Mercer, was responsible for both the management and recordkeeping of the Plan's assets. Administrative expenses of the Plan are generally paid directly to Mercer Services by the Company and thus are not a component of the changes in net assets available for plan benefits. Administrative expenses paid by participants are summarized in the accompanying statement of changes in net assets available for benefits, and include loan origination, investment trading and withdrawal processing fees.

**3. Plan Investments**

The following table presents the individual investments that exceed 5% or more of the Plan's net assets at December 31, 2005 and 2004, respectively:

	December 31,		2004	
	2005		2004	
	Shares/Units	Fair Value	Shares/Units	Fair Value
RadioShack Common Stock	6,647,822	\$ 139,803,691	7,683,575	\$ 252,635,949
Putnam Voyager Fund	2,376,506	41,351,205	2,554,826	42,435,666

During the year ended December 31, 2005, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$74,927,510 as follows:

Common stock	\$ (84,050,383)
Common/collective trusts	486,069
Registered investment companies	8,636,804
	\$ (74,927,510)

**4. Tax Status of the Plan:**

The Plan received a determination letter from the Internal Revenue Service ( IRS ) dated April 28, 1998. The Plan has subsequently been amended and the Administrative Committee has applied for a similar determination letter from the IRS for the Plan. However, the Administrative Committee believes that the Plan remains qualified under Section 401(a) of the Code and applicable sections of ERISA and, therefore, the trust is exempt from taxation under Section 501(a) of the Code. Accordingly, employee contributions, employer contributions and investment earnings of the Plan are not taxable to participants until distributed.

**5. Related Party Transactions**

Certain Plan investments are shares of registered investment companies and common/collective trusts managed by an affiliate of Mercer, and, therefore, these transactions qualify as party-in-interest. In addition, the Plan invests in common stock of the Company. At December 31, 2005 and 2004, the Plan held 6,647,822 and 7,683,575, respectively, which represented 4.9% of the outstanding shares of the Company at those dates.

**6. Subsequent Event**

On July 1, 2006, the plan year of the Plan will change to July 1 through June 30.
