**Item. 8.01 Other Events.**

SVB Financial Group (the *Company*) is filing this Current Report on Form 8-K to update its historical financial statements included in its Annual Report on Form 10-K for the year ended December 31, 2008, to reflect, for all periods presented a reorganization of the Company's operating segments effective January 1, 2009, as previously disclosed in the Company's Quarterly Report on Form 10-Q for the first quarter of 2009 filed on May 8, 2009. In addition, the revised consolidated financial statements and related notes and other financial information reflect (a) the correction of an immaterial error in prior periods identified and disclosed in the Company's Quarterly Report on Form 10-Q for the second quarter of 2009 filed on August 7, 2009, and (b) the Company's January 1, 2009 adoption of guidance issued by the Financial Accounting Standards Board (*FASB*) relating to (i) Statement of Financial Accounting Standard (*SFAS*) No. 160, *Noncontrolling Interests in Consolidated Financial Statements—an amendment of Accounting Research Bulletin No. 51* (*SFAS No. 160*), and (ii) FASB Staff Position (*FSP*) Accounting Principles Board (*APB*) Opinion No. 14-1, *Accounting for Convertible Debt Instruments That May Be Settled in Cash upon Conversion (Including Partial Cash Settlement)* (*FSP APB No. 14-1*) both of which are required to be applied retrospectively. This Form 8-K report is issued for the purpose of incorporating its contents in the Registration Statement on Form S-3 which we intend to file substantially concurrently herewith. Under Securities and Exchange Commission (the *SEC*) guidance, the revised segment financial reporting required by SFAS No. 131, *Disclosures about Segments of an Enterprise and Related Information*, should be provided for previously-issued financial statements included in the Company's 2008 Annual Report on Form 10-K, if those financial statements are incorporated by reference in filings with the SEC made under the Securities Act of 1933, as amended, even though those financial statements related to periods prior to the revised segment financial reporting.

Additionally, as discussed in greater detail below, the Company is correcting in this report certain compensation disclosures for its named executive officers contained in the Company's Definitive Proxy Statement filed on March 30, 2009 (the *Proxy Statement*), which was incorporated into the Company's Annual Report on Form 10-K for the year ended December 31, 2008, by reference.

**Updated Financial Information**

Segment Reporting. The reorganization of the Company's operating segments in 2009 was the result of changing the way we monitor performance and the results of our business. We have reclassified all prior period segment information to conform to the current presentation of our reportable segments. The segment reorganization did not change the Company's previously reported financial position, results of operations or stockholders' equity.

Correction of Immaterial Error. During the second quarter of 2009, we determined that we had incorrectly recognized certain gains and losses on foreign exchange contracts in prior periods. Even though the error was considered to be immaterial to prior periods, we have revised the financial statements given that the cumulative impact of correcting the error was material to the results in the interim quarter ended June 30, 2009.

Noncontrolling Interests. The adoption of SFAS No. 160 required us to reclassify our presentation of noncontrolling interests (formerly referred to as minority interests) in our financial statements and had no effect on our financial position, results of operations or stockholders' equity.

Edgar Filing: SVB FINANCIAL GROUP - Form 8-K

**Convertible Debt Instruments.** The adoption of FSP APB No. 14-1 required us to retrospectively adjust our historical financial statements to conform to the new accounting treatment for both our \$150 million zero-coupon convertible subordinated notes, which matured on June 15, 2008 and our \$250 million 3.875% convertible senior notes, due April 15, 2011.

The table below highlights the items revised in connection with the revision of certain immaterial gains and losses on foreign exchange contracts that were incorrectly recorded in prior periods and the adoption of FSP APB No. 14-1. As stated previously, the segment reorganization and adoption of SFAS No. 160 did not change the Company's previously reported consolidated operating results.

<b>Revised Compensation Disclosure</b>				

In determining which executives were named executive officers ( *NEOs* ) for whom disclosure was required in the Summary Compensation Table set forth in the Company's Proxy Statement, the Company erroneously included compensation expense relating to certain performance-based restricted stock awards. The Compensation Committee determined that the restricted stock awards were not earned, so inclusion of the expense relating to these awards overstated the compensation of the Company's executives. In correcting the amount of compensation to recognize with respect to these restricted stock awards, it was determined that the total compensation for Harry Kellogg exceeded the total compensation for Mark MacLennan by \$60.24 and therefore Mr. Kellogg should have been designated a named executive officer and had his compensation reflected in the compensation tables.

In addition, the Company reported in its Proxy Statement that the Compensation Committee of the Company's Board of Directors approved in January 2009: (i) incentive payments for Michael Descheneaux and Dave Webb of \$160,000 and \$150,000, respectively, and (ii) payments under its Retention Plan for the year 2008 for each of its named executive officers identified in the Proxy Statement. As reported in the Proxy Statement, due to the enactment of the American Recovery and Reinvestment Act of 2009 (the *ARRA* ), the Company declined to make these payments at the time of the filing of the Proxy Statement, until it concluded it was legally permitted to do so. As a result, these incentive payments were not reflected as paid compensation in the Company's Proxy Statement.

Edgar Filing: SVB FINANCIAL GROUP - Form 8-K

Subsequently in June 2009, the U.S. Treasury Department issued regulations implementing the executive compensation provisions of ARRA, which clarified the permissibility of these outstanding payments. As a result, these payments were paid by the Company on July 2, 2009, and are included in the Summary Compensation Table below.

Set forth below is compensation information for the Company's named executive officers for fiscal year 2008, updated to reflect the items discussed above:

*2008 NEO Performance-Contingent Restricted Stock Unit Structure*

The table below sets forth the target restricted stock unit awards Mr. Kellogg was entitled to earn for 2008 based on the Company's actual return on equity ( *ROE* ) performance:

Metric: Achieve Budgeted 2008 ROE, adjusted to exclude the impact of share repurchases (1)	Shares
No award - ROE of 12.42% or less (less than 90% of budget)	0
Threshold - ROE of 12.43% to 13.80% (90.0% to 99.99% of budget)	1,225
<b>Target - ROE of 13.81% to 15.18% (100% to 109.99% of budget)</b>	<b>2,450</b>
Above Target - ROE of 15.19% (110% of budget or more)	3,675

- (1) ROE is defined as the return on shareholders equity as reported on the Company's 2008 financial statements, excluding share repurchases, with potential adjustment for extraordinary items (such as non-recurring accounting adjustments) as approved at the discretion of the Compensation Committee.

- (1) We have reflected values for the Company's Incentive Compensation Plan ( *ICP* ) program under the Bonus column because the ICP program provides for the Compensation Committee's discretion to make final determinations on individual incentives. We therefore have classified these payments as part of a discretionary plan which should appear as a Bonus (as opposed to Non-Equity Incentive Plan Compensation).

*Grants of Plan-Based Awards*

The following table sets forth all plan-based awards, including both equity awards and non-equity incentive awards under plans, made to Mr. Kellogg during the year ended December 31, 2008.

Name	Grant Date	Compensation Committee Approval Date	Estimated Future Payouts Under Non-Equity Incentive Plan Awards			Estimated Future Payouts Under Equity Incentive Plan Awards (1)			All Other Stock Awards: Number of Shares or Units (2)	All Other Option Awards: Number of Underlying Options	Exercise Price of Base Option Awards	Grant Date Fair Value of Stock and Option Awards

Harry Kellogg	April 29, 2008	March 24, 2008							7,850	\$ 48.76	\$ 105,260	

- (1) For the performance-contingent restricted stock unit grants to Mr. Kellogg made in 2008, the performance achievement was determined at fiscal year end ( *FYE* ) based upon the performance criteria presented previously under the section of the Compensation Discussion and Analysis entitled *Equity Incentive Plan* . Since the achievement under this performance-contingent restricted stock unit grant was actually determined at *FYE*, there are no estimated future payouts to be disclosed in the table above under this column. Please refer to footnote (2) below and our discussion under *Equity Incentive Plan* in the Proxy Statement which incorporates a tabular description of our performance-based equity compensation structure for 2008, including threshold and maximum awards.
- (2) The restricted stock unit grant was structured to be entirely contingent upon the Company achieving at least 90% of its targeted ROE for 2008. The number of restricted stock units actually granted to Mr. Kellogg was scaled based on the percentage of actual ROE and expense growth achieved against target. The minimum performance criteria was not met, thus no restricted stock units were actually earned.

*Option Exercises and Stock Vested*

The following table sets forth the number of securities underlying equity awards that vested (in the case of restricted shares) or were exercised (in the case of stock options) by Mr. Kellogg during the year ended December 31, 2008, and the value realized upon such vesting or exercise.
