Section 2 Financial Information

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On December 2, 2010, Chesapeake Energy Corporation (the Company) entered into the Eighth Amended and Restated Credit Agreement (the Amended Credit Agreement) among the Company, Chesapeake Exploration, L.L.C., as Borrower, Union Bank, N.A., as Administrative Agent, Wells Fargo Bank, National Association, The Royal Bank of Scotland plc and BNP Paribas, as Co-Syndication Agents, Credit Agricole Corporate and Investment Bank, as Documentation Agent, and the several lenders party thereto, which amends and restates the Company's senior secured revolving credit facility. The aggregate commitments of the lenders under the Amended Credit Agreement were increased from \$3.5 billion to \$4.0 billion and may be increased further to \$5.0 billion at the Company's request, subject to conditions set forth in such agreement. The Amended Credit Agreement matures on December 2, 2015 and provides for an initial borrowing base of \$4.0 billion which, along with the collateral value, will be redetermined periodically. A significant portion of the Company's natural gas and oil properties is currently unencumbered and therefore available to be pledged as additional collateral under the Amended Credit Agreement if needed based on the periodic borrowing base and collateral redeterminations.

Amounts borrowed under the Amended Credit Agreement, which are unconditionally guaranteed on a joint and several basis by the Company and certain of its direct or indirect wholly owned domestic subsidiaries and secured by natural gas and oil proved reserves, bear interest at the Company's option at either: (i) the greater of the reference rate of Union Bank, N.A., or the federal funds effective rate plus 0.50%, both of which are subject to a margin that varies from 0.50% to 1.25% per annum according to the Company's senior unsecured long-term debt ratings, or (ii) the Eurodollar rate, which is based on the London Interbank Offered Rate (LIBOR), plus a margin that varies from 1.50% to 2.25% per annum according to the Company's senior unsecured long-term debt ratings. Interest is payable quarterly or, if LIBOR applies, it may be payable at more frequent intervals.

The Amended Credit Agreement contains negative covenants that limit the Company's ability, as well as the ability of certain of its subsidiaries, among other things, to incur additional indebtedness, make investments or loans and create liens. In addition, the Company is required to maintain an indebtedness to total capitalization ratio and indebtedness to EBITDA ratio, in each case as defined in the Amended Credit Agreement. Amounts outstanding under the Amended Credit Agreement may be accelerated and become immediately due and payable upon specified events of default, including, among other things, a default in the payment of principal or interest, an inaccuracy of a representation or warranty in any material respect, a default with regard to certain loan documents which remains unremedied for a period of 30 days following notice, a default in the payment of other indebtedness of the Company and certain of its subsidiaries where the aggregate outstanding principal amount exceeds \$125 million, the entry by a court of one or more judgments or orders for the payment of money against the Company or certain of its subsidiaries in an aggregate amount in excess of \$125 million that has not been vacated, discharged, satisfied or stayed pending appeal within 30 days from the entry thereof, the cessation of any security document or the guarantee agreement to be in full force and effect, or certain change of control events. Additionally, the Amended Credit Agreement contains other customary conditions, representations and warranties, and indemnification provisions.

The foregoing description of the Amended Credit Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Amended Credit Agreement filed as Exhibit 4.1 to this Current Report on Form 8-K and incorporated into this Item 2.03 by reference.
