As referenced in FuelCell s Fourth Quarter and Fiscal Year 2014 earnings release dated December 15, 2014 attached to this report, FuelCell and its partners were advised by LIPA that five of the fuel cell projects were selected as Finalists and that best and final offers were to be submitted by December 5, 2014. FuelCell and its partners submitted best and final offers prior to the deadline. On December 17, 2014, LIPA announced the selection of 122 MW of solar projects and stated that it expected to issue a new RFP for the remaining 158 MW s in order to attain the targeted 280 MW. FuelCell will review any subsequent RFP issued by LIPA for New, On-Island, Renewable Capacity and Energy and competitively bid where the fuel cell value proposition is aligned with the requirements of the RFP.
