This

document

contains

statements

that **YPF** believes constitute forward-looking statements within the meaning of the US Private Securities Litigation Reform Act of 1995. These forward-looking statements may include statements regarding the intent, belief, plans, current expectations or objectives of **YPF** and its management, including statements with respect to YPF s future financial condition, financial, operating,

reserve replacement and other ratios, results of operations, business strategy, geographic concentration, business concentration, production and marketed volumes and reserves, as well as YPF s plans, expectations objectives with respect to future capital expenditures, investments, expansion and other projects, exploration activities, ownership interests, divestments, cost savings

and dividend payout policies.

These forward-looking statements may also include assumptions regarding future economic and other conditions, such as future crude oil and other prices, refining and marketing margins and exchange rates. These statements are not guarantees of future performance, prices, margins, exchange rates or other events and are subject to material risks, uncertainties,

changes and other factors which may be beyond YPF s control or may be difficult predict. YPF s actual future financial condition, financial, operating, reserve replacement and other ratios, results of operations, business strategy, geographic concentration, business concentration, production and marketed volumes, reserves, capital expenditures, investments, expansion and other

projects, exploration

divestments, cost savings and dividend payout policies, well as actual future economic and other conditions, such as future crude oil and other prices, refining margins and exchange rates, could differ materially from those expressed or implied in any such forward-looking statements. **Important** factors that could cause

activities, ownership interests,

such differences include, but are not limited to, oil, gas and other price fluctuations, supply and demand levels, currency fluctuations, exploration, drilling and production results, changes in reserves estimates, success in partnering with third parties, loss of market share, industry competition, environmental risks, physical risks, the risks

of doing business

in developing countries, legislative, tax, legal and regulatory developments, economic and financial market conditions in various countries and regions, political risks, wars and acts of terrorism, natural disasters, project delays advancements and lack of approvals, as well as those factors described in the filings made by

YPF and its

affiliates with the Securities and Exchange Commission, particular, those described in Item 3. Key Information Risk Factors and Item 5. Operating and Financial Review and Prospects in YPF s Annual Report on Form 20-F for the fiscal year ended December 31, 2014 filed with the US Securities and Exchange Commission. In

the foregoing, the forward-looking statements included in this document may not occur. Except as required by law, **YPF** does not undertake to publicly update or revise these forward-looking statements even if experience or future changes make it clear that the projected performance, conditions or events expressed or implied

light of

therein will not be realized. These materials do not constitute an offer for sale of YPF S.A. bonds, shares or **ADRs** in the United

States or

otherwise. Disclaimer
