Holders of Series B Shares shall be entitled to receive, when, as and if declared by our board of directors (or a duly authorized committee of the board), but only out of funds legally available therefor, cumulative cash dividends:

for each dividend period during the period commencing on the original issue date and continuing to, but excluding, March 15, 2023, at an annual rate of 5.375% of the stated amount per share, and no more, payable semi-annually in arrears on the 15th day of each March and September, respectively, in each year, beginning on September 15, 2018; and

for each dividend period during the period commencing on March 15, 2023 and continuing to, but excluding, the first date, if any, as of which all Series B Shares have been redeemed, at an annual rate equal to Three Month LIBOR (as defined herein) for such dividend period plus a spread of 2.539% applied to the stated amount per share, and no more, payable quarterly in arrears on the 15th day of each March, June, September and December, respectively, in each year, beginning on June 15, 2023.

The Series B Shares are perpetual and have no maturity date. We may, at the option of our board of directors (or a duly authorized committee of the board) (a) redeem the Series B Shares, in whole but not in part, at any time prior to March 15, 2023, within 90 days after the occurrence of a rating agency event (as defined herein), at a cash redemption price per share equal to \$1,020 or (b) redeem the Series B Shares in whole or in part, from time to time on or after March 15, 2023, at a cash redemption price per share equal to the stated amount, in each case together (except as otherwise provided herein) with an amount equal to all accrued and unpaid dividends to, but excluding, the redemption date.

The Series B Shares are: senior to our common shares and any class or series of our shares ranking junior to the Series B Shares in the payment of dividends or in the distribution of assets upon our liquidation, dissolution or winding up; on a parity with each other series of Serial Preferred Shares (as defined herein) or of our Voting Preference Shares (as defined herein) that we may issue with respect to the payment of dividends and distributions of assets upon any liquidation, dissolution or winding up of the company; and junior to all our existing and future indebtedness and other non-equity claims against us.

We do not intend to apply for listing of the Series B Shares on any securities exchange.

Investing in the Series B Shares involves risks. See the sections entitled Risk Factors at Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2017 and in this prospectus supplement beginning on page S-10.

In addition, investors should be aware that generally accepted accounting principles prescribe when a company may reserve for particular risks, including litigation exposures. Accordingly, results for a given reporting period could be significantly affected if and when a reserve is established for one or more contingencies. Also, our regular reserve reviews may result in adjustments of varying magnitude as additional information regarding claims activity becomes known. Reported results, therefore, may be volatile in certain accounting periods.

SUMMARY

The following is a summary of the more detailed information appearing elsewhere or incorporated by reference in this prospectus supplement and the accompanying prospectus. It does not contain all of the information that may be important to you. You should read this prospectus supplement and the accompanying prospectus in their entirety and the documents we have referred you to, including those incorporated by reference in this prospectus supplement and the accompanying prospectus, especially the risks of investing discussed under Risk Factors, before investing in the Series B Shares. In the subsection below entitled The Progressive Corporation, when we use the terms Progressive, the company, we, us, or our, we mean The Progressive Corporation and its subsidiaries, on a consolidated basis, unless we state or the context implies otherwise.

The Progressive Corporation

The Progressive insurance organization began business in 1937. The Progressive Corporation, an insurance holding company, was formed in 1965. The Progressive Corporation acquired a majority controlling interest in ARX in 2015. Our insurance subsidiaries provide personal and commercial automobile insurance, residential property insurance, and other specialty property-casualty insurance and related services. We operate our vehicle businesses throughout the United States and our Property business in most U.S. jurisdictions.

Our vehicle insurance products protect our customers against losses due to collision and physical damage to their motor vehicles, uninsured and underinsured bodily injury, and liability to others for personal injury or property damage arising out of the use of those vehicles. Our residential property insurance products protect our customers against losses due to damages to their structure or possessions within the structure, as well as liability for accidents occurring in the structure or on the property. Our non-insurance subsidiaries generally support our insurance and investment operations. Our business operations include the following:

Our Personal Lines business writes insurance for personal autos and recreational and other vehicles, such as motorcycles, all-terrain vehicles, RVs, watercraft, snowmobiles and similar items. The Personal Lines business is generated by independent agents or brokers or is written directly by us online, via mobile devices and over the phone.

The Commercial Lines business writes primary liability, physical damage and other related insurance for automobiles and trucks owned and/or operated predominantly by small businesses and is primarily distributed through the independent agency channel. This business operates in the business auto, for-hire transportation, contractor, for-hire specialty, tow and for-hire livery markets.

Our Property business writes residential property insurance, primarily through independent agents or brokers.

Our service businesses include two commission-based service businesses and businesses providing insurance-related services, primarily policy issuance and claims adjusting services for Commercial Automobile Insurance Procedures/Plans.

We manage our vehicle claims handling on a companywide basis through approximately 200 stand-alone claims offices, 68 Service Centers, and nearly 3,000 third-party owned network shops located throughout the United States. For our Property business, we handle property claims separately through a network primarily of independent claims adjusters.

Our investment group employs what management believes is a conservative approach to investment and capital management intended to ensure that we have sufficient capital to support all of the insurance that we can profitably write and to contribute to our comprehensive income.

Table of Contents

Progressive's insurance businesses operate in a highly regulated environment. Our insurance subsidiaries are subject to regulation and supervision by state insurance departments in the jurisdictions in which they are domiciled or licensed to transact business. Each jurisdiction has a unique and complex set of laws and regulations. State insurance departments have broad administrative powers relating to licensing insurers, agents and adjusters, regulating premium changes and policy forms, establishing reserve requirements, prescribing statutory accounting methods and the form and content of statutory financial reports, and regulating the type and amount of investments permitted. In addition, insurance statutes or regulations in many states limit the extent to which insurance companies may pay dividends and transfer assets to their affiliates (including a parent company) and either prohibit, or require prior regulatory approval for, the payment of dividends and other distributions in excess of such limits.

Our principal executive offices are located at 6300 Wilson Mills Road, Mayfield Village, Ohio 44143 and our phone number is (440) 461-5000. Additional information about The Progressive Corporation and its subsidiaries can be found in our documents filed with the Commission that are incorporated in this prospectus by reference, as provided in the accompanying prospectus under "Where You Can Find More Information." Our website is www.progressive.com. Information on our website does not constitute part of this prospectus supplement.

We may, at the option of our board of directors (or a duly authorized committee of the board), redeem the Series B Shares:

on a parity with each other series of Serial Preferred Shares or of our Voting Preference Shares that we may issue with respect to the payment of dividends and distributions of assets upon any liquidation, dissolution or winding up of the company; and

junior to all our existing and future indebtedness and other non-equity claims against us.

As of December 31, 2017, Progressive had approximately \$3.3 billion of senior unsecured debt and no secured debt outstanding. As of December 31, 2017, our subsidiaries had approximately \$25.6 billion of outstanding indebtedness and other liabilities (including external borrowings, unearned premiums, loss and loss adjustment expense reserves, net deferred income taxes, accounts payable, accrued expenses and other liabilities, but excluding intercompany liabilities and debt).

Liquidation Rights

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the company, the holders of Series B Shares shall be entitled to receive in full out of the assets of the company, including its capital, before any amount shall be paid or distributed among the holders of the common shares of the company or any other shares ranking junior to the Series B Shares, an amount equal to the stated amount per share, plus an amount equal to all dividends accrued and unpaid thereon to the date of payment of the amount due pursuant to such liquidation, dissolution or winding up of the affairs of the company. In the event the net assets of the company legally available therefor are insufficient to permit the payment upon all outstanding Serial Preferred Shares and Voting Preference Shares of the full preferential amount to which they are respectively entitled, then such net assets shall be distributed ratably upon all outstanding Serial Preferred Shares and Voting Preference Shares in proportion to the full preferential amount to which each such share is entitled.

After payment to the holders of Series B Shares of the full preferential amounts as aforesaid, the holders of Series B Shares, as such, shall have no right or claim to any of the remaining assets of the company.

Holders of the Series B Shares do not have any preemptive rights. The Series B Shares are not convertible into or exchangeable for property or shares of any other series or class.

Table of Contents

No Public Trading Market	We do not intend to list the Series B Shares on any national securities exchange or to arrange for quotation on any automated dealer quotation systems. There can be no assurance that an active trading market will develop for the Series B Shares.

The senior notes being offered in the concurrent offering will rank senior in right of payment to the Series B Shares offered hereby. The offering of the Series B Shares is not conditioned on the completion of the concurrent offering, and vice versa. There can be no assurance that the concurrent offering will be completed.

Table of Contents

RISK FACTORS

The Series B Shares offered by this prospectus supplement and the accompanying prospectus may involve a high degree of risk. You should read carefully the following risk factors and the Risk Factors section in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017, which is incorporated by reference into this prospectus supplement and the accompanying prospectus, in addition to the other information set forth in this prospectus supplement and the accompanying prospectus, before making an investment in the Series B Shares.

Risks Related to this Offering of Series B Shares

The Series B Shares are junior to our existing and future indebtedness and other non-equity claims against us and structurally subordinate to all existing and future indebtedness and other liabilities of our subsidiaries.

The Series B Shares rank junior to all our existing and future indebtedness and other non-equity claims against us and are structurally subordinate to all existing and future indebtedness and other liabilities of our subsidiaries. As of December 31, 2017, Progressive had approximately \$3.3 billion of senior unsecured debt and no secured debt outstanding. As of December 31, 2017, our subsidiaries had approximately \$25.6 billion of outstanding indebtedness and other liabilities (including external borrowings, unearned premiums, loss and loss adjustment expense reserves, net deferred income taxes, accounts payable, accrued expenses and other liabilities, but excluding intercompany liabilities and debt). We and our subsidiaries may incur additional indebtedness and other liabilities in the future, including in the concurrent offering, and the Series B Shares contain no restrictions preventing us from doing so.

Dividends are payable on the Series B Shares only when, as and if declared and only out of funds legally available therefor.

Unlike indebtedness, where principal and interest would customarily be payable on specified due dates, dividends on the Series B Shares are payable when, as and if declared by our board of directors (or a duly authorized committee of the board), and only out of funds legally available therefor. In addition, we may become subject to contractual restrictions on our ability to pay dividends in the future, whether under indebtedness or otherwise. Therefore, although dividends are cumulative on the Series B Shares, you cannot be certain that dividends will be paid on the Series B Shares on the dividend payment dates described herein, or at all.

Any inability of our subsidiaries to pay dividends to us in sufficient amounts could negatively impact our ability to pay dividends on the Series B Shares.

We are a holding company and our principal assets are the capital stock of our subsidiaries. We rely primarily on dividends from our subsidiaries to meet our obligations to pay interest and principal on outstanding debt obligations, dividends and other distributions to shareholders, as well as holding company expenses, and to repurchase our outstanding securities. The ability of our insurance subsidiaries to pay dividends to us in the future will depend on their statutory surplus, their earnings and regulatory restrictions.

We and our insurance subsidiaries are subject to regulation by some states as an insurance holding company system. These regulations generally provide that transactions among companies within the holding company system must be fair and reasonable. Transfers of assets among affiliated companies, certain dividend payments to affiliates from insurance subsidiaries, and certain material transactions between companies within the system may require prior notice to, or prior approval by, state regulatory authorities. Our insurance subsidiaries and our mutual insurance company and our Lloyd's company are domiciled in California, Delaware, Florida, Illinois, Indiana, Louisiana, Michigan, New Jersey, New York, Ohio, Texas and Wisconsin. In addition, California and

Table of Contents

Florida treat certain of our subsidiaries as domestic insurers for certain purposes under their respective commercial domicile laws. The applicable insurance regulatory restrictions include specific limitations on the maximum amount of dividends available to be paid by our insurance subsidiaries without prior approval of insurance regulatory authorities. The ability of our insurance subsidiaries to pay dividends also is restricted by regulations that set standards of solvency that must be met and maintained, the nature of and limitation on the investments that may be made by our regulated subsidiaries, the nature of and limitations on dividends to policyholders and shareholders, the nature and extent of required participation in insurance guaranty funds and the involuntary assumption of hard-to-place or high-risk insurance business.

Any inability of our insurance subsidiaries to pay dividends to us in an amount sufficient to meet our debt service and other obligations and other cash requirements could negatively impact our ability to pay dividends on the Series B Shares.

Our level of indebtedness could limit cash flow available for our operations and could adversely affect our ability to pay dividends on the Series B Shares, service our debt or obtain additional financing, if necessary.

Our level of indebtedness could restrict our operations and make it more difficult for us to pay dividends on the Series B Shares. For example, our level of indebtedness could, among other things:

- affect our liquidity by limiting our ability to obtain additional financing for working capital, or limit our ability to obtain financing for capital expenditures (including necessary technologies and systems) and acquisitions or make any available financing more costly;

- require us to dedicate all or a substantial portion of our cash flow to service our debt, which would reduce funds available for other business purposes, such as operating expenses, capital expenditures, dividends or acquisitions;

- limit our flexibility in planning for or reacting to changes in the markets in which we compete;

- place us at a competitive disadvantage relative to our competitors with less indebtedness;

- render us more vulnerable to general adverse economic and industry conditions; and

- make it more difficult for us to pay dividends on the Series B Shares.

Our ability to service our debt, meet our cash requirements and pay dividends depends on many factors, some of which are beyond our control.

Our ability to pay dividends will depend on our future operating performance, cash flows, and financial results, which will be subject, in part, to factors beyond our control, including interest rates and general economic, financial and business conditions and other factors described in the documents incorporated by reference in this prospectus, including those described under Risk Factors in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017. If we are unable to generate sufficient cash flow to service our debt and meet our cash requirements, we may be required to:

- refinance all or a portion of our debt;

- obtain additional financing, which may be on unfavorable terms;

sell some of our assets or operations;

reduce or delay capital expenditures and/or acquisitions; or

revise or delay our strategic plans.

If we are required to take any of these actions, it could have a material adverse effect on our business, financial condition and results of operations. In addition, we cannot assure you that we would be able to take any of these actions or take them on satisfactory terms or that these actions would enable us to pay dividends on the Series B Shares.

Table of Contents

The Series B Shares are perpetual and investors should not expect us to redeem them on the date they first become redeemable or on any particular date after they become redeemable.

The Series B Shares are perpetual and have no maturity date. In addition, the Series B Shares will not be convertible into, or exchangeable for, our common shares or any other class or series of our other securities and will not be subject to any sinking fund or any other obligation of us for their repurchase or redemption. Although we may, at the option of our board of directors (or a duly authorized committee of the board), redeem the Series B Shares in whole, but not in part, at any time prior to March 15, 2023 within 90 days of the occurrence of a rating agency event and in whole or in part, from time to time on or after March 15, 2023, there can be no assurance we will do so.

Any decision we make with respect to redemption will depend on various factors at the time, including, among other things, market conditions, our capital structure and our business performance and strategy. Accordingly, investors should not expect us to redeem the Series B Shares at any particular time or at all.

We may redeem the Series B Shares at any time prior to March 15, 2023 in the event of a rating agency event.

We may, at the option of our board of directors (or a duly authorized committee of the board), redeem the Series B Shares, in whole, but not in part, at any time prior to March 15, 2023, within 90 days after the occurrence of a rating agency event, at a cash redemption price per share equal to \$1,020, together (except as otherwise provided herein) with an amount equivalent to all accrued and unpaid dividends to, but excluding, the redemption date. If the Series B Shares are redeemed, the redemption may be a taxable event to you.

Events that would constitute a rating agency event could occur at any time and could result in the Series B Shares being redeemed earlier than would otherwise be the case. In the event we choose to redeem the Series B Shares, you may not be able to reinvest the redemption proceeds in a comparable security at a dividend rate as high as the dividend rate on the Series B Shares. For more information and the definition of rating agency event, see Description of the Series B Preferred Shares Redemption in this prospectus supplement.

Rating agencies may change their practices for rating the Series B Shares, which change may adversely affect the market price of the Series B Shares.

The rating agencies that currently or may in the future publish a credit rating for us, including S&P Global Ratings Inc., a division of S&P Global Inc., Moody's Investors Service, Inc. and Fitch Ratings, Inc., each of which is expected to initially publish a rating of the Series B Shares, may, from time to time in the future, change the way they analyze securities with features similar to the Series B Shares. This may include, for example, changes to the relationship between ratings assigned to an issuer's senior securities and ratings assigned to securities with features similar to the Series B Shares. If any of the ratings agencies changes its practices for rating these types of securities in the future, and the ratings of the Series B Shares are subsequently lowered, that could have a negative impact on the trading price of the Series B Shares.

Holders of Series B Shares will have very limited voting rights.

Except in the limited circumstances described below under Description of the Preferred Shares Voting Rights or as may otherwise be required by law, holders of the Series B Shares will not have voting rights. As such, they generally will not be able to vote with respect to matters that generally require approval of our voting shareholders.

Table of Contents

Issuance of additional Series B Shares or other preferred securities may dilute holders of Series B Shares.

We may issue additional Series B Shares either through public or private sales at any time and from time to time without notice to or the consent of holders of Series B Shares. We may also issue additional Serial Preferred Shares or Voting Preference Shares from time to time in one or more series, each with such designations, liquidation or other preferences and other terms and restrictions, as set forth in our Amended Articles of Incorporation, as amended (our Articles), and as our board of directors (or a duly authorized committee of the board) may determine prior to the time of issuance.

The market price of the Series B Shares could decline if we issue additional Series B Shares or other Serial Preferred Shares or Voting Preference Shares. Holders of the Series B Shares are not entitled to preemptive rights or other protections against dilution.

There may be no trading market for the Series B Shares.

We do not intend to list the Series B Shares on any securities exchange or to seek approval for quotations through any automated quotation system. There is no established market for the Series B Shares, and there is a risk that:

an active trading market for the Series B Shares will not develop;

you will not be able to sell your Series B Shares at fair market value or at all; or

you will not receive any specific price upon any sale of the Series B Shares.

If a public market for the Series B Shares does develop, they could trade at prices that may be lower than their stated amount, depending on many factors, including prevailing interest rates, the market for similar securities and our financial performance and prospects.

The Tax Cuts and Jobs Act could have a negative effect on holders of the Series B Shares.

On December 20, 2017, the U.S. Congress passed the legislation commonly known as the Tax Cuts and Jobs Act, and on December 22, 2017, President Trump signed the Tax Cuts and Jobs Act into law. The Tax Cuts and Jobs Act makes significant changes to the U.S. federal income tax rules applicable to both individuals and entities, including corporations. There remains uncertainty as to the impact of the Tax Cuts and Jobs Act on an investment in the Series B Shares. You should consult with your tax advisor with respect to U.S. tax reform and its potential effect on your investment in the Series B Shares.

The potential phasing out of LIBOR after 2021 may adversely affect the value of the Series B Shares.

On July 27, 2017, the UK Financial Conduct Authority (FCA) announced that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR rates after 2021 (the FCA Announcement). It is not possible to predict the effect of the FCA Announcement, any changes in the methods pursuant to which the LIBOR rates are determined and any other reforms to LIBOR, including to the rules promulgated by the FCA in relation thereto, that will be enacted in the United Kingdom and elsewhere, which may adversely affect the trading market for LIBOR-based securities, including the Series B Shares, or result in the phasing out of LIBOR as a reference rate for securities. In addition, any changes announced by the FCA (including the FCA Announcement), ICE Benchmark Administration Limited as independent administrator of LIBOR or any other successor governance or oversight body, or future changes adopted by such body, in the method pursuant to which the LIBOR rates are determined may result in a sudden or prolonged increase or decrease in the reported LIBOR rates. If that were to occur, the level of dividend payments and the value of the Series B Shares may be affected. Further, uncertainty as to the extent and manner in which the United Kingdom government's recommendations following its review of LIBOR will continue to be adopted and the timing of such changes may adversely affect the current trading market for LIBOR-based securities and the value of the Series B Shares.

Table of Contents

If LIBOR is discontinued, dividends on the Series B Shares may be calculated using another base rate.

Under the terms of the Series B Shares, the dividend rate on the Series B Shares for each dividend period during the floating-rate period is based on Three Month LIBOR. If the calculation agent is unable to determine Three Month LIBOR based on screen-based reporting of that base rate, and if the calculation agent is also unable to obtain suitable quotations for Three Month LIBOR from reference banks, then the calculation agent will determine Three Month LIBOR after consulting such sources as it deems comparable or reasonable. In addition, if the calculation agent determines that Three Month LIBOR has been discontinued, then the calculation agent will determine whether to calculate the relevant dividend rate using a substitute or successor base rate that it has determined in its sole discretion is most comparable to Three Month LIBOR, provided that if the calculation agent determines there is an industry-accepted successor base rate, the calculation agent will use that successor base rate. In such instances, the calculation agent in its sole discretion may determine what business day convention to use, the definition of business day, the dividend determination date and any other relevant methodology for calculating such substitute or successor base rate with respect to the calculation of dividends on the Series B Shares during the floating-rate period in a manner that is consistent with industry-accepted practices for such substitute or successor base rate. Any of the foregoing determinations or actions by the calculation agent could result in adverse consequences to the applicable dividend rate on the Series B Shares during the floating-rate period, which could adversely affect the return on, value of and market for the Series B Shares. The calculation agent has not been appointed, and we will appoint a calculation agent prior to the commencement of the floating-rate period. We may appoint ourselves or an affiliate of ours as calculation agent.

DESCRIPTION OF THE SERIES B PREFERRED SHARES

The following is a description of the material terms and provisions of the Series B Fixed-to-Floating Rate Cumulative Perpetual Serial Preferred Shares (the "Series B Shares") and supplements the description of the general terms and provisions of our Serial Preferred Shares, without par value (the "Serial Preferred Shares"), set forth under "Description of Serial Preferred Shares" in the accompanying prospectus. The following summary of the terms and provisions of the Series B Shares does not purport to be complete in all respects, and is qualified in its entirety by reference to the pertinent sections of our Amended Articles of Incorporation, as amended (our "Articles"), including the Certificate of Amendment thereto creating the Series B Shares, which will be filed with the Secretary of State of the State of Ohio prior to the issuance of the Series B Shares and will be included as an exhibit to the Registration Statement that this prospectus supplement forms a part of, and to the applicable provisions of the Ohio General Corporation Law.

General

Under our Articles, we have authority to issue up to 20,000,000 shares of Serial Preferred Shares. Our board of directors (or a duly authorized committee of the board) is authorized without further shareholder action to cause the issuance of Serial Preferred Shares, including the Series B Shares, and to fix certain terms thereof as described under "Description of Serial Preferred Shares" in the accompanying prospectus. Our board of directors (or a duly authorized committee of the board) is also authorized under our Articles to issue up to 5,000,000 Voting Preference Shares, without par value (the "Voting Preference Shares"), and to fix certain terms thereof. All shares of Serial Preferred Shares will be of equal rank and shall be identical, except in respect of matters that may be fixed by the board of directors (or a duly authorized committee of the board) as provided in the Articles. The Serial Preferred Shares will rank on a parity with and be identical to all Voting Preference Shares, except with respect to the matters that can be fixed by our board of directors under our Articles and with respect to voting rights. We currently have no outstanding Serial Preferred Shares or Voting Preference Shares.

The Series B Shares will represent a single series of our authorized Serial Preferred Shares. We are offering Series B Shares by this prospectus supplement and the accompanying prospectus. Upon issuance against full payment for the purchase price, the Series B Shares will be fully paid and nonassessable.

The number of authorized Series B Shares initially is 500,000 and the *stated amount* per share is \$1,000. The number of authorized Series B Shares may from time to time be increased (but not in excess of the total number of authorized Serial Preferred Shares available for issuance) or decreased (but not below the number of Series B Shares then outstanding) by resolution of the board of directors (or a duly authorized committee of the board), without the vote or consent of the holders of the Series B Shares.

We reserve the right to re-open the series and issue additional Series B Shares either through public or private sales at any time and from time to time without notice to or the consent of holders of Series B Shares, *provided* that such additional Series B Shares may only be issued if they will be fungible for U.S. tax purposes with all of the Series B Shares offered by this prospectus supplement and shall accrue dividends from the most recent dividend payment date prior to the date they are issued (or, if no dividend payment date has occurred at the time such additional Series B Shares are issued, from the date of initial issuance of Series B Shares). Any additional Series B Shares would be deemed to form a single series with the Series B Shares offered by this prospectus supplement. Each Series B Share shall be identical in all respects to every other Series B Share, except with respect to the date from which dividends will accrue.

We may also issue additional Serial Preferred Shares or Voting Preference Shares from time to time in one or more series, each with such designations, preferences and other terms and restrictions, as set forth in our Articles and as our board of directors (or a duly authorized committee of the board) may determine prior to the time of issuance.

Ranking

References in this section to shares ranking prior to the Serial Preferred Shares are to all of our shares in respect of which the rights of holders thereof as to the payment of dividends or as to distributions in the event of a voluntary or involuntary liquidation, dissolution or winding up of our affairs are given preference over the rights of the holders of Serial Preferred Shares, and references to shares on a parity with the Serial Preferred Shares are to all Voting Preference Shares and all of our other shares in respect of which the rights of the holders thereof as to the payment of dividends or as to distributions in the event of a voluntary or involuntary liquidation, dissolution or winding up of our affairs rank equally (except as to the amount fixed therefor) with the rights of the holders of Serial Preferred Shares. References to shares ranking junior to the Serial Preferred Shares are to all of our shares other than those ranking prior to or on a parity with the Serial Preferred Shares.

Our Articles currently do not authorize any shares ranking prior to the Series B Shares and, as described below under Voting Rights Other Voting Rights, authorization of any shares ranking prior to the Serial Preferred Shares would require the affirmative vote or consent of the holders of at least two-thirds of the Serial Preferred Shares at the time outstanding, voting or consenting separately as a class.

Dividends

Holders of Series B Shares, in preference to the holders of our common shares and of any other class of shares ranking junior to the Serial Preferred Shares, will be entitled to receive out of any funds legally available for Serial Preferred Shares and Voting Preference Shares, when and as declared by our board of directors (or a duly authorized committee of the board), cumulative cash dividends:

for each dividend period during the fixed-rate period, at an annual rate of 5.375% of the stated amount per share, and no more, payable semi-annually in arrears on the 15th day of each March and September, respectively, in each year, beginning on September 15, 2018; and

for each dividend period during the floating-rate period, at an annual rate equal to Three Month LIBOR for such dividend period plus a spread of 2.539% applied to the stated amount per share, and no more, payable quarterly in arrears on the 15th day of each March, June, September and December, respectively, in each year, beginning on June 15, 2023.

Each date on which dividends are payable pursuant to the foregoing clauses, subject to adjustment as provided below, is a *dividend payment date*, and dividends for each dividend payment date are payable with respect to the dividend period (or portion thereof) ending on the day preceding such dividend payment date, in each case to holders of record on the 15th calendar day before such dividend payment date or such other record date not more than 30 nor less than 10 days preceding such dividend payment date fixed for that purpose by our board of directors (or a duly authorized committee of the board) in advance of payment of each particular dividend. If any such date on or before March 15, 2023 is not a business day, then such date will nevertheless be a dividend payment date, but dividends on the Series B Shares, when, as and if declared, will be paid on the next succeeding business day (without adjustment in the amount of the dividend per Series B Share). If any such date after March 15, 2023 that would otherwise be a dividend payment date is not a business day, then the next succeeding business day will be the applicable dividend payment date and dividends on the Series B Shares, when, as and if declared, will be paid on such next succeeding business day.

The amount of the dividend per Series B Share will be calculated (a) for each dividend period (or portion thereof) in the fixed-rate period, on the basis of a 360-day year consisting of twelve 30-day months, and (b) for each dividend period (or portion thereof) in the floating-rate period, based on the actual number of days in the dividend period and a 360-day year.

No dividends shall be paid upon or declared or set apart for the Series B Shares or any other series of Serial Preferred Shares for any dividend period unless at the same time (1) a like proportionate dividend for the

Table of Contents

dividend periods terminating on the same or any earlier date, ratably in proportion to the respective dividend rates fixed therefor, shall have been paid upon or declared or set apart for all Serial Preferred Shares of all series then issued and outstanding and entitled to receive such dividend and (2) the dividends payable for the dividend periods terminating on the same or any earlier date, ratably in proportion to the respective dividend rates fixed therefor, shall have been paid upon or declared or set apart for all Voting Preference Shares of all series then issued and outstanding and entitled to receive such dividend.

We will not pay interest or any sum of money instead of interest on any dividend payment that may be in arrears on the Series B Shares.

Dividend period means each period commencing on (and including) a dividend payment date and continuing to, but excluding, the next succeeding dividend payment date, except that the first dividend period for the initial issuance of Series B Shares shall commence on (and include) the original issue date.

Fixed-rate period means the period commencing on the original issue date and continuing to, but excluding, March 15, 2023.

Floating-rate period means the period commencing on March 15, 2023 and continuing to, but excluding, the first date, if any, as of which all Series B Shares have been redeemed.

A *business day* means each Monday, Tuesday, Wednesday, Thursday or Friday on which banking institutions in The City of New York are not authorized or obligated by law, regulation or executive order to close.

Three Month LIBOR means the London interbank offered rate (LIBOR) for deposits in U.S. dollars having an index maturity of three months in amounts of at least \$1,000,000, as that rate appears on Reuters screen page LIBOR01 at approximately 11:00 a.m., London time, on the relevant dividend determination date, *provided that*:

If no offered rate appears on Reuters screen page LIBOR01 on the relevant dividend determination date at approximately 11:00 a.m., London time, then the calculation agent, after consultation with us, will select four major banks in the London interbank market and will request each of their principal London offices to provide a quotation of the rate at which three-month deposits in U.S. dollars in amounts of at least \$1,000,000 are offered by it to prime banks in the London interbank market, on that date and at that time, that is representative of single transactions at that time. If at least two quotations are provided, Three Month LIBOR will be the arithmetic average (rounded upward if necessary to the nearest .00001 of 1%) of the quotations provided.

Otherwise, the calculation agent, after consultation with us, will select three major banks in New York City and will request each of them to provide a quotation of the rate offered by it at approximately 11:00 a.m., New York City time, on the dividend determination date for loans in U.S. dollars to leading European banks having an index maturity of three months for the applicable dividend period in an amount of at least \$1,000,000 that is representative of single transactions at that time. If three quotations are provided, Three Month LIBOR will be the arithmetic average (rounded upward if necessary to the nearest .00001 of 1%) of the quotations provided.

Otherwise, the calculation agent, after consulting with us and such sources as it deems comparable to any of the foregoing quotations or display page, or any such sources as it deems reasonable from which to estimate Three Month LIBOR or any of the foregoing lending rates, shall determine Three Month LIBOR for the relevant dividend period in its sole discretion.

Notwithstanding the foregoing:

If the calculation agent determines on the relevant dividend determination date that the London interbank offered rate for deposits in U.S. dollars having an index maturity of three months in amounts of at least \$1,000,000 has been discontinued, then the calculation agent will use a substitute or

Table of Contents

successor base rate that it has determined in its sole discretion is most comparable to such London interbank offered rate, *provided* that if the calculation agent determines there is an industry-accepted successor base rate, then the calculation agent shall use such successor base rate; and

If the calculation agent has determined a substitute or successor base rate in accordance with the foregoing, the calculation agent in its sole discretion may determine what business day convention to use, the definition of business day, the dividend determination date and any other relevant methodology for calculating such substitute or successor base rate, including any adjustment factor needed to make such substitute or successor base rate comparable to the LIBOR base rate, in a manner that is consistent with industry-accepted practices for such substitute or successor base rate.

The establishment of Three Month LIBOR for each dividend period by the calculation agent shall (in the absence of manifest error) be final and binding.

Dividend determination date means, with respect to a dividend period during the floating-rate period, the second London banking day prior to the beginning of such dividend period.

London banking day means any day on which dealings in deposits in U.S. dollars are transacted in the London interbank market.

Restrictions on Dividends, Redemption and Repurchases

So long as any Series B Shares shall be outstanding, no dividend, except a dividend payable in common shares or other shares ranking junior to the Serial Preferred Shares, shall be paid or declared or any distribution be made, except as described under *Dividends* above, in respect of the common shares or any other shares ranking junior to the Serial Preferred Shares, nor shall any common shares or any other shares ranking junior to the Serial Preferred Shares be purchased, retired or otherwise acquired by the company, except out of the proceeds of the sale of common shares or other shares of the company ranking junior to the Serial Preferred Shares received by the company subsequent to date of initial issuance of Series B Shares, unless:

(1) All accrued and unpaid dividends on Serial Preferred Shares, including the full dividends for all current dividend periods, shall have been declared and paid or a sum sufficient for payment thereof set apart; and

(2) There shall be no arrearages with respect to the redemption of Serial Preferred Shares of any series from any sinking fund provided for shares of such series in accordance with the provisions of our Articles.

Subject to the foregoing, and not otherwise, such dividends (payable in cash, shares or otherwise) as may be determined by our board of directors (or a duly authorized committee of the board) may be declared and paid on our common shares or any shares ranking junior to the Serial Preferred Shares from time to time out of any funds legally available therefor, and the Series B Shares shall not be entitled to participate in any such dividend.

Redemption

The Series B Shares are perpetual and have no maturity date. We may, at the option of our board of directors (or a duly authorized committee of the board), redeem the Series B Shares:

in whole, but not in part, at any time prior to March 15, 2023, within 90 days after the occurrence of a rating agency event, at a cash redemption price per share equal to \$1,020, together (except as otherwise provided herein) with an amount equal to all accrued and unpaid dividends to, but excluding, the redemption date; or

in whole or in part, from time to time on or after March 15, 2023, at a cash redemption price per share equal to the stated amount, together (except as otherwise provided herein) with an amount equal to all accrued and unpaid dividends to, but excluding, the redemption date.

Table of Contents

Notwithstanding the foregoing, unless all dividends on Serial Preferred Shares then outstanding for previous dividend periods have been declared and paid or funds therefor set apart and all accrued sinking fund obligations applicable thereto have been complied with, a redemption (or purchase) of less than all Serial Preferred Shares then outstanding other than by stock purchase offer to all holders of record of the Serial Preferred Shares would require the vote or consent of the holders of Serial Preferred Shares as described below under Voting Rights Other Voting Rights.

Rating agency event means that any nationally recognized statistical rating organization within the meaning of Section 3(a)(62) under the Securities Exchange Act of 1934, as amended (the *Exchange Act*), that then publishes a rating for us (a *rating agency*) amends, clarifies or changes the criteria it uses to assign equity credit to securities such as the Series B Shares, which amendment, clarification or change results in:

the shortening of the length of time the Series B Shares are assigned a particular level of equity credit by that rating agency as compared to the length of time they would have been assigned that level of equity credit by that rating agency or its predecessor on the initial issuance of the Series B Shares; or

the lowering of the equity credit (including up to a lesser amount) assigned to the Series B Shares by that rating agency as compared to the equity credit assigned by that rating agency or its predecessor on the initial issuance of the Series B Shares.

Notice of every such redemption shall be mailed, postage prepaid, to the holders of record of the Series B Shares to be redeemed at their respective addresses then appearing on the books of the company, not less than 30 days nor more than 60 days prior to the date fixed for such redemption. At any time after notice as provided above has been deposited in the mail, we may deposit the aggregate redemption price of Series B Shares to be redeemed, together with accrued and unpaid dividends thereon to, but excluding, the redemption date, with any bank or trust company in Cleveland, Ohio or New York, New York, having capital and surplus of not less than \$100,000,000, named in such notice and direct that there be paid to the respective holders of the Series B Shares so to be redeemed amounts equal to the redemption price of the Series B Shares so to be redeemed, together with such accrued and unpaid dividends thereon, on surrender of share certificate or certificates held by such holders; and upon the deposit of such notice in the mail and the making of such deposit of money with such bank or trust company, such holders shall cease to be shareholders with respect to such shares; and from and after the time such notice shall have been so deposited and such deposit of money shall have been so made, such holders shall have no rights or claim against the company with respect to such shares, except only the right to receive such money from such bank or trust company without interest. In the event less than all of the outstanding Series B Shares are to be redeemed, the company shall select by lot the shares so to be redeemed in such manner as shall be prescribed by the board of directors.

Each such notice given to a holder shall state:

the redemption date;

the number of Series B Shares to be redeemed and, if less than all the Series B Shares held by such holder are to be redeemed, the number of shares to be redeemed from such holder;

the redemption price;

the place or places where certificates for such shares are to be surrendered for payment of the redemption price; and

that dividends will cease to accrue on the redemption date.

If the holders of Series B Shares which have been called for redemption shall not within six years after such deposit claim the amount deposited for the redemption thereof, any such bank or trust company shall, upon demand, pay over to the company such unclaimed amounts and thereupon such bank or trust company and the company shall be relieved of all responsibility in respect thereof and to such holders.

S-22

Table of Contents

Any Series B Shares that are redeemed by the company or otherwise acquired by the company shall resume the status of authorized but unissued Serial Preferred Shares without serial designation.

Any accrued and unpaid dividends payable on a redemption date that occurs subsequent to an applicable record date that has been fixed by our board of directors (or a duly authorized committee of the board) for a dividend payment date that shall not yet have occurred at the time of redemption, shall not be paid to the holder entitled to receive the redemption price on the redemption date, but rather shall be paid to the holder of record of the redeemed shares on such record date relating to the applicable dividend payment date.

The Series B Shares will not be subject to any mandatory redemption, sinking fund or other similar provisions. Holders will have no right to require redemption of any Series B Shares.

Liquidation Rights

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the company, the holders of Series B Shares shall be entitled to receive in full out of the assets of the company, including its capital, before any amount shall be paid or distributed among the holders of the common shares of the company or any other shares ranking junior to the Serial Preferred Shares, an amount equal to the stated amount per share, plus an amount equal to all dividends accrued and unpaid thereon to the date of payment of the amount due pursuant to such liquidation, dissolution or winding up of the affairs of the company. In the event the net assets of the company legally available therefor are insufficient to permit the payment upon all outstanding Serial Preferred Shares and Voting Preference Shares of the full preferential amount to which they are respectively entitled, then such net assets shall be distributed ratably upon all outstanding Serial Preferred Shares and Voting Preference Shares in proportion to the full preferential amount to which each such share is entitled.

After payment to the holders of Series B Shares of the full preferential amounts as provided above, the holders of Series B Shares, as such, shall have no right or claim to any of the remaining assets of the company.

For purposes of the liquidation rights, the merger or consolidation of the company into or with any other corporation, the merger of any other corporation into the company, or the sale, lease or conveyance of all or substantially all of the assets of the company, shall not be deemed to be a dissolution, liquidation or winding up of the company.

Voting Rights

Except as indicated below or otherwise required by law, the holders of the Series B Shares will not have any voting rights.

Right to Elect Two Directors on Nonpayment of Dividends. If and so often as the company shall be in default in the payment of the equivalent of the full dividends payable on Series B Shares or any other series of Serial Preferred Shares at the time outstanding whether or not earned or declared, for a number of dividend payment periods (whether or not consecutive) which in the aggregate contain at least 540 days, the holders of Serial Preferred Shares of all series, voting separately as a class, shall be entitled to elect, as provided below, two members of the board of directors of the company; provided, however, that the holders of Serial Preferred Shares shall not have or exercise such special class voting rights except at meetings of such shareholders for the election of directors at which the holders of not less than 50% of the outstanding Serial Preferred Shares of all series then outstanding are present in person or by proxy; and provided further that the special class voting rights provided for in this paragraph when the same shall have become vested shall remain so vested until all accrued and unpaid dividends on the Serial Preferred Shares of all series then outstanding shall have been paid, whereupon the holders of Serial Preferred Shares shall be divested of their special class voting rights in respect of subsequent elections of directors, subject to the reversion of such special class voting rights in the event above specified in this paragraph.

Table of Contents

In the event of default entitling the holders of Serial Preferred Shares to elect two directors as specified in the prior paragraph, a special meeting of such holders for the purpose of electing such directors shall be called by the Secretary of the company upon written request of, or may be called by, the holders of record of at least 10% of the Serial Preferred Shares of all series at the time outstanding, and notice thereof shall be given in the same manner as that required for the annual meeting of shareholders; provided, however, that the company shall not be required to call such special meeting if the annual meeting of shareholders shall be called to be held within 120 days after the date of receipt of the foregoing written request from the holders of the Serial Preferred Shares. At any meeting at which the holders of Serial Preferred Shares shall be entitled to elect directors, the holders of 50% of the Serial Preferred Shares of all series at the time outstanding, present in person or by proxy, shall be sufficient to constitute a quorum, and the vote of the holders of a majority of such shares so present at any such meeting at which there shall be such a quorum shall be sufficient to elect the members of the board of directors which the holders of Serial Preferred Shares are entitled to elect as herein provided. Notwithstanding any other provision of our Articles or Code of Regulations or any action taken by the holders of any class of shares fixing the number of directors of the company, the two directors who may be elected by the holders of Serial Preferred Shares pursuant to this provision shall serve in addition to any other directors then in office or proposed to be elected otherwise than pursuant to this provision. These provisions shall not prevent any change otherwise permitted in the total number of directors of the company nor require the resignation of any director elected otherwise than pursuant to these provisions. Notwithstanding any classification of the other directors of the company, the two directors elected by the holders of Serial Preferred Shares shall be elected annually for terms expiring at the next succeeding annual meeting of shareholders.

Upon any divesting of the special class voting rights of the holders of the Serial Preferred Shares in respect of elections of directors as provided in this section, the terms of office of all directors then in office elected by such holders shall terminate immediately thereupon. If the office of any director elected by such holders voting as a class becomes vacant by reason of death, resignation, removal from office or otherwise, the remaining director elected by such holders voting as a class may elect a successor who shall hold office for the unexpired term in respect of which such vacancy occurred.

Other Voting Rights. In addition to any other vote or consent of shareholders required by law or by our Articles, the affirmative vote or consent of the holders of at least two-thirds of the Serial Preferred Shares at the time outstanding, voting or consenting separately as a class, given in person or by proxy either in writing or at a meeting called for the purpose, shall be necessary to effect any one or more of the following (but so far as the holders of Serial Preferred Shares are concerned, such action may be effected with such vote or consent):

Amendment of Amended Articles of Incorporation or the Code of Regulations. Any amendment, alteration or repeal, whether by merger, consolidation or otherwise, of any of the provisions of our Articles or of the Code of Regulations of the company which affects adversely the preferences or voting or other rights of the holders of the Serial Preferred Shares; provided, however, neither the amendment of our Articles so as to authorize, create or change the authorized or outstanding number of Serial Preferred Shares or of any shares ranking on a parity with or junior to the Serial Preferred Shares nor the amendment of the provisions of the Code of Regulations so as to change the number of directors of the company shall be deemed to affect adversely the preferences or voting or other rights of the holders of Serial Preferred Shares; and provided further, that if such amendment, alteration or repeal affects adversely the preferences or voting or other rights of one or more but not all series of Serial Preferred Shares at the time outstanding, only the affirmative vote or consent of the holders of at least two-thirds of the number of the shares at the time outstanding of the series so affected shall be required;

Authorization of Senior Shares. The authorization, creation or the increase in the authorized number of any shares, or any security convertible into shares, in either case ranking prior to the Serial Preferred Shares; or

Table of Contents

Purchases or Redemption. The purchase or redemption (for sinking fund purposes or otherwise) of less than all of the Serial Preferred Shares then outstanding except in accordance with a stock purchase offer made to all holders of record of Serial Preferred Shares, unless all dividends on all Serial Preferred Shares then outstanding for all previous dividend periods shall have been declared and paid or funds therefor set apart and all accrued sinking fund obligations applicable thereto shall have been complied with.

No Preemptive or Conversion Rights

Holders of the Series B Shares do not have any preemptive rights. The Series B Shares are not convertible into or exchangeable for property or shares of any other series or class.

Transfer Agent, Registrar and Paying Agent

American Stock Transfer & Trust Company will be the transfer agent, registrar and paying agent for the Series B Shares as of the original issue date. We may terminate such appointment and may appoint a successor transfer agent, registrar and/or paying agent at any time and from time to time, provided that we will use our best efforts to ensure that there is, at all relevant times when Series B Shares are outstanding, a person or entity appointed and serving as transfer agent, registrar and/or paying agent. The transfer agent, registrar and/or paying agent may be a person or entity affiliated with us.

Calculation Agent

We will appoint a calculation agent for the Series B Shares prior to the commencement of the floating-rate period and will keep a record of such appointment at our principal offices, which will be available to any shareholder upon request. We may appoint ourselves or an affiliate of ours as calculation agent.

Book-Entry Delivery and Form

The Series B Shares will be issued in the form of one or more fully registered global certificates (each a "global security"), which will be deposited with, or on behalf of, The Depository Trust Company, New York, New York (the "Depository") and registered in the name of Cede & Co., the Depository's nominee. Beneficial interests in the global security will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in the Depository (the "Depository Participants"). Investors may elect to hold interests in the global security through either the Depository (in the United States), or Clearstream Banking Luxembourg S.A. ("Clearstream Luxembourg") or Euroclear Bank S.A./N.V., as operator of the Euroclear System ("Euroclear") (in Europe) if they are participants in those systems, or indirectly through organizations that are participants in those systems. Clearstream Luxembourg and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream Luxembourg's and Euroclear's names on the books of their respective depositaries, which in turn will hold such interests in customers' securities accounts in the depositaries' names on the books of the Depository. At the present time, Citibank, N.A. acts as U.S. depositary for Clearstream Luxembourg and JPMorgan Chase Bank acts as U.S. depositary for Euroclear (the "U.S. Depositaries").

The Depository has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. The Depository holds securities that its participants ("Direct Participants") deposit with the Depository. The Depository also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Direct Participants' accounts, thereby eliminating the need for physical movement of securities certificates.

Table of Contents

Direct Participants include securities brokers and dealers (which may include the underwriters), banks, trust companies, clearing corporations and certain other organizations. The Depositary is owned by a number of its Direct Participants and by NYSE Euronext and the Financial Industry Regulatory Authority, Inc. Access to the Depositary's book-entry system is also available to others, such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (Indirect Participants). The rules applicable to the Depositary and its Direct and Indirect Participants are on file with the Commission.

Dividend payments, if any, on the Series B Shares registered in the name of the Depositary or its nominee will be made by us through the paying agent to the Depositary or its nominee, as the case may be, as the registered owner of the Series B Shares. None of us, the transfer agent, any paying agent and the registrar for the Series B Shares will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global security or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Clearstream Luxembourg has advised us that it is incorporated under the laws of Luxembourg as a professional depositary. Clearstream Luxembourg holds securities for its participating organizations, known as Clearstream Luxembourg participants, and facilitates the clearance and settlement of securities transactions between Clearstream Luxembourg participants through electronic book-entry changes in accounts of Clearstream Luxembourg participants, thereby eliminating the need for physical movement of certificates. Clearstream Luxembourg provides to Clearstream Luxembourg participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream Luxembourg interfaces with domestic markets in several countries. As a professional depositary, Clearstream Luxembourg is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector, also known as the Commission de Surveillance du Secteur Financier. Clearstream Luxembourg participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Indirect access to Clearstream Luxembourg is also available to others, such as banks, brokers, dealers and trust companies that clear through, or maintain a custodial relationship with, a Clearstream Luxembourg participant either directly or indirectly.

Dividends, if any, with respect to the Series B Shares held beneficially through Clearstream Luxembourg will be credited to the cash accounts of Clearstream Luxembourg participants in accordance with its rules and procedures, to the extent received by the U.S. Depositary for Clearstream Luxembourg.

Euroclear has advised us that it was created in 1968 to hold securities for its participants, known as Euroclear participants, and to clear and settle transactions between Euroclear participants and between Euroclear participants and participants of certain other securities intermediaries through simultaneous electronic book-entry delivery against payment, eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear is owned by Euroclear Clearance System Public Limited Company and operated through a license agreement by Euroclear Bank S.A./N.V., known as the Euroclear operator. The Euroclear operator provides Euroclear participants, among other things, with safekeeping, administration, clearance and settlement, securities lending and borrowing and related services. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to others that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly. The Euroclear operator is regulated and examined by the Belgian Banking and Finance Commission.

Securities clearance accounts and cash accounts with the Euroclear operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law, collectively referred to as the terms and conditions. The terms and conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts

of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear operator acts under the terms and conditions only on behalf of Euroclear participants, and has no record of or relationship with persons holding through Euroclear participants.

Dividends, if any, with respect to Series B Shares held beneficially through Euroclear will be credited to the cash accounts of Euroclear participants in accordance with the terms and conditions, to the extent received by the U.S. Depositary for Euroclear.

If the Depositary is at any time unwilling or unable to continue as depositary and a successor depositary is not appointed by us within 90 days, we will issue the Series B Shares in definitive form in exchange for the entire global security representing such Series B Shares. In addition, we may at any time, and in our sole discretion, determine not to have the Series B Shares represented by the global security and, in such event, will issue Series B Shares in definitive form in exchange for the global certificate representing such Series B Shares. In any such instance, an owner of a beneficial interest in the global security will be entitled to physical delivery in definitive form of Series B Shares represented by such global security equal in amount to such beneficial interest and to have such Series B Shares registered in its name.

Title to book-entry interests in the Series B Shares will pass by book-entry registration of the transfer within the records of Clearstream Luxembourg, Euroclear or the Depositary, as the case may be, in accordance with their respective procedures. Book-entry interests in the Series B Shares may be transferred within Clearstream Luxembourg and within Euroclear and between Clearstream Luxembourg and Euroclear in accordance with procedures established for these purposes by Clearstream Luxembourg and Euroclear. Book-entry interests in the Series B Shares may be transferred within the Depositary in accordance with procedures established for this purpose by the Depositary. Transfers of book-entry interests in the Series B Shares among Clearstream Luxembourg and Euroclear and the Depositary may be effected in accordance with procedures established for this purpose by Clearstream Luxembourg, Euroclear and the Depositary.

Global Clearance and Settlement Procedures

Initial settlement for the Series B Shares will be made in immediately available funds. Secondary market trading between Depositary Participants will occur in the ordinary way in accordance with the Depositary's rules and will be settled in immediately available funds using the Depositary's Same-Day Funds Settlement System. Secondary market trading between Clearstream Luxembourg participants and Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream Luxembourg and Euroclear.

Cross-market transfers between persons holding directly or indirectly through the Depositary, on the one hand, and directly or indirectly through Clearstream Luxembourg or Euroclear participants, on the other, will be effected through the Depositary in accordance with the Depositary's rules on behalf of the relevant European international clearing system by its U.S. Depositary; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time).

The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. Depositary to take action to effect final settlement on its behalf by delivering or receiving the Series B Shares in the Depositary, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to the Depositary. Clearstream Luxembourg participants and Euroclear participants may not deliver instructions directly to their respective U.S. Depositaries.

Because of time-zone differences, credits of the Series B Shares received in Clearstream Luxembourg or Euroclear as a result of a transaction with a Depositary Participant will be made during subsequent securities

settlement processing and dated the business day following the Depositary settlement date. Such credits, or any transactions in the Series B Shares settled during such processing, will be reported to the relevant Euroclear participants or Clearstream Luxembourg participants on that business day. Cash received in Clearstream Luxembourg or Euroclear as a result of sales of Series B Shares by or through a Clearstream Luxembourg participant or a Euroclear participant to a Depositary Participant will be received with value on the business day of settlement in the Depositary but will be available in the relevant Clearstream Luxembourg or Euroclear cash account only as of the business day following settlement in the Depositary.

Although the Depositary, Clearstream Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of securities among participants of the Depositary, Clearstream Luxembourg and Euroclear, they are under no obligation to perform or continue to perform such procedures and they may discontinue the procedures at any time.

Table of Contents**MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES**

The following is a summary of the material U.S. federal income tax considerations relevant to the purchase, ownership and disposition of the Series B Shares. The following summary is based upon current provisions of the U.S. Internal Revenue Code of 1986, as amended (the "Code"), U.S. Department of the Treasury ("Treasury") regulations and judicial or administrative authority, all of which are subject to change, possibly with retroactive effect, which may result in different tax consequences than those discussed below. The summary does not discuss the consequences of certain U.S. federal non-income taxes (e.g., estate and gift taxes). State, local and foreign tax consequences are not summarized, nor are the tax consequences to special classes of investors including, but not limited to, controlled foreign corporations, passive foreign investment companies, tax-exempt organizations, insurance companies, banks or other financial institutions, partnerships or other entities classified as partnerships for U.S. federal income tax purposes or investors therein, dealers in securities or currencies, regulated investment companies, real estate investment trusts, persons whose functional currency is not the U.S. dollar, U.S. expatriates, persons liable for the alternative minimum tax, traders in securities that elect to use a mark-to-market method of accounting for their securities holdings, and persons that will hold the Series B Shares as a position in a hedging transaction, straddle, conversion transaction or other risk reduction transaction. Tax consequences may vary depending upon the particular status of an investor. The summary addresses only taxpayers who will hold the Series B Shares as capital assets within the meaning of the Code and who purchase the Series B Shares in the initial offering at the initial offering price.

If a partnership (or other entity treated as a partnership for U.S. federal income tax purposes) holds the Series B Shares, the tax treatment of a partner generally will depend upon the status of the partner and the activities of the partnership. A partner and the partnership holding the Series B Shares should consult his, her or its tax advisors regarding the tax considerations of acquiring, holding and disposing of the Series B Shares.

THIS SUMMARY IS FOR GENERAL INFORMATION ONLY AND IS NOT INTENDED TO CONSTITUTE A COMPLETE DESCRIPTION OF ALL TAX CONSEQUENCES FOR HOLDERS RELATING TO THE PURCHASE, OWNERSHIP AND DISPOSITION OF THE SERIES B SHARES. PROSPECTIVE HOLDERS OF THE SERIES B SHARES SHOULD CONSULT WITH THEIR TAX ADVISORS REGARDING THE TAX CONSEQUENCES TO THEM (INCLUDING THE APPLICATION AND EFFECT OF ANY FEDERAL, STATE, LOCAL, FOREIGN INCOME AND OTHER TAX LAWS) OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF THE SERIES B SHARES.

U.S. Holders

The discussion in this section is addressed to a U.S. holder, which for purposes of this summary means a beneficial owner of Series B Shares that is, for U.S. federal income tax purposes, (1) an individual citizen or resident of the United States, (2) a corporation created or organized in or under the laws of the United States, any state thereof or the District of Columbia, (3) an estate the income of which is subject to U.S. federal income taxation regardless of its source, or (4) a trust if (i) a court within the United States is able to exercise primary supervision over its administration and one or more United States persons (within the meaning of the Code) have the authority to control all of its substantial decisions or (ii) it has a valid election in effect under applicable Treasury regulations to be treated as a United States person.

Distributions. Distributions with respect to the Series B Shares will be taxable as dividend income when paid to the extent of our current and accumulated earnings and profits as determined for U.S. federal income tax purposes. To the extent that the amount of a distribution with respect to the Series B Shares exceeds our current and accumulated earnings and profits, such distribution will be treated first as a tax-free return of capital to the extent, and in reduction (but not below zero), of the U.S. holder's adjusted tax basis in such Series B Shares, and thereafter as capital gain.

Table of Contents

Subject to certain exceptions for short-term and hedged positions, distributions constituting dividend income received by an individual U.S. holder in respect of the Series B Shares generally will constitute qualified dividend income, which will be subject to taxation at a maximum rate of 20% (or a lower rate for individuals in certain income tax brackets), rather than ordinary income rates. In addition, subject to certain exceptions for short-term and hedged positions, distributions on the Series B Shares constituting dividend income paid to U.S. holders that are corporations generally will qualify for the 50% dividends-received deduction. A U.S. holder should consult his, her or its own tax advisor regarding the availability of the reduced dividend tax rate and the dividends-received deduction in light of his, her or its particular circumstances.

Dispositions. Subject to the discussion below under *Redemptions*, a U.S. holder generally will recognize capital gain (or capital loss) on a sale, exchange or other taxable disposition of the Series B Shares equal to the amount by which the amount realized upon the sale or exchange exceeds (or is less than) such U.S. holder's adjusted tax basis in the sold or exchanged Series B Shares. Such capital gain or loss will be long-term capital gain or loss if the U.S. holder's holding period for the Series B Shares disposed of is more than one year. Long-term capital gains of non-corporate taxpayers are generally taxed at a tax rate (under current law, a maximum rate of 20%) lower than the tax rate applicable to ordinary income. The deductibility of net capital losses is subject to limitations.

Redemptions. If we redeem your Series B Shares, in certain circumstances you may be treated as if you had sold or exchanged your Series B Shares in a taxable transaction, including, without limitation, if it can be established that the redemption:

results in a complete termination of your stock interest in us; or

is not essentially equivalent to a dividend with respect to you.

In determining whether any of these circumstances has been met, shares of stock considered to be owned by you by reason of certain constructive ownership rules set forth in the Code, as well as shares actually owned by you, are required to be taken into account. If we redeem your Series B Shares and it is established that such redemption is treated as if you had sold or exchanged your Series B Shares in a taxable transaction, you generally would recognize taxable gain or loss in the manner described under *Dispositions*, above.

If we redeem your Series B Shares and it is not established that such redemption is treated as if you had sold or exchanged your Series B Shares in a taxable transaction, you generally would be taxed on the cash and the fair market value of the property you receive in the redemption as a distribution with respect to your Series B Shares in the manner described under *Distributions*, above.

You should consult your tax advisor to determine if a redemption of the Series B Shares would be treated as a distribution that is likely taxable as a dividend, and if so, the allocation of your basis in the redeemed and remaining Series B Shares.

Information reporting and backup withholding on U.S. holders. Certain U.S. holders may be subject to backup withholding with respect to the payment of dividends on the Series B Shares and to certain payments of proceeds on the sale or redemption of the Series B Shares unless such U.S. holders provide proof of an applicable exemption or a correct taxpayer identification number, and otherwise comply with applicable requirements of the backup withholding rules. To avoid backup withholding, U.S. holders should provide us their correct taxpayer identification number on a properly completed Internal Revenue Service (IRS) Form W-9.

Any amount withheld under the backup withholding rules from a payment to a U.S. holder is allowable as a credit against such holder's U.S. federal income tax, which may entitle the U.S. holder to a refund, provided that

the U.S. holder provides the required information to the IRS in a timely manner. Moreover, certain penalties may be imposed by the IRS on a U.S. holder who is required to furnish information but does not do so in the proper manner.

Table of Contents

Information returns generally will be filed with the IRS in connection with the payment of dividends on the Series B Shares to certain U.S. holders and certain payments of proceeds to certain U.S. holders on the sale or redemption of the Series B Shares.

Medicare Tax. A U.S. holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, will be subject to a 3.8% Medicare tax on the lesser of (1) the U.S. holder's net investment income (or undistributed net investment income in the case of an estate or trust) for the taxable year and (2) the excess of the U.S. holder's modified adjusted gross income for the taxable year over a certain threshold amount (which in the case of individuals will be between \$125,000 and \$250,000, depending on the individual's circumstances). A holder's net investment income will generally include the holder's dividend income and net gains from the disposition of Series B Shares, unless such dividend income or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that is a passive activity with respect to the holder or consists of certain trading activities). If you are a U.S. holder who is an individual, estate, or trust, you are urged to consult your own tax advisor regarding the applicability of the Medicare tax to your income and gains in respect of your investment in the Series B Shares.

Non-U.S. Holders

The discussion in this section is addressed to non-U.S. holders of the Series B Shares. For this purpose, a non-U.S. holder is a beneficial owner of Series B Shares that is neither a U.S. holder nor a partnership for U.S. federal income tax purposes.

Dividends. A distribution made with respect to the Series B Shares will constitute a dividend to the extent it is paid out of our current or accumulated earnings and profits. In certain circumstances, the proceeds of a redemption may also be treated as a dividend, as described above under *U.S. Holders' Redemptions*. Generally, dividends paid to a non-U.S. holder with respect to the Series B Shares will be subject to U.S. federal withholding tax at a rate of 30%, or such lower rate as may be specified by an applicable tax treaty (provided the non-U.S. holder provides us a properly completed IRS Form W-8BEN or IRS Form W-8BEN-E, as applicable (or other applicable IRS Form W-8), certifying that such holder is eligible for treaty benefits), unless the dividends are effectively connected with a trade or business carried on by the non-U.S. holder within the United States and, if an applicable tax treaty so requires, are attributable to a permanent establishment or fixed base maintained by the non-U.S. holder within the United States (and the non-U.S. holder provides us a properly completed IRS Form W-8ECI). Dividends that are effectively connected with a non-U.S. holder's trade or business within the United States (and, if an applicable tax treaty so requires, are attributable to a permanent establishment or fixed base maintained by the non-U.S. holder within the United States) generally will be subject to U.S. federal income tax on a net basis at applicable individual or corporate rates as if such non-U.S. holder were a U.S. holder and, in the case of a non-U.S. holder that is a corporation, may be subject to an additional branch profits tax at a rate of 30% or such lower rate as may be specified by an applicable tax treaty.

A non-U.S. holder eligible for a reduced rate of U.S. withholding tax pursuant to an applicable tax treaty may obtain a refund of any excess amounts withheld by filing an appropriate claim for refund with the IRS.

Dispositions and Redemptions. Subject to the discussion below, including under *Information reporting and backup withholding on non-U.S. holders* and *FATCA*, a non-U.S. holder generally will not be subject to U.S. federal income or withholding tax on gain realized on the sale, exchange or other taxable disposition (including a redemption, if such redemption is not treated as a dividend, as described above under *U.S. Holders' Redemptions*) of the Series B Shares so long as:

the gain is not effectively connected with a trade or business of the non-U.S. holder within the United States (or if an applicable tax treaty so requires, the gain is not attributable to a permanent establishment or fixed base maintained by such non-U.S. holder within the United States);

Table of Contents

in the case of a nonresident alien individual, such non-U.S. holder is not present in the United States for 183 or more days in the taxable year of the sale or disposition (or else the gain may be subject to tax if certain other conditions are met); and

we have not been a U.S. real property holding corporation for U.S. federal income tax purposes during the shorter of the non-U.S. holder's holding period or the five-year period ending on the date of disposition of the Series B Shares, or certain other conditions are met. We do not believe that we have been or currently are a U.S. real property holding corporation or that we will become one in the future.

Information reporting and backup withholding on non-U.S. holders. Payments of dividends and the tax withheld with respect thereto are subject to information reporting requirements. These information reporting requirements apply regardless of whether withholding was reduced or eliminated by an applicable tax treaty, or withholding was not required because the dividends were effectively connected with a trade or business in the United States conducted by the non-U.S. holder. Copies of the information returns reporting such dividends and withholding may also be made available by the IRS under the provisions of an applicable tax treaty or agreement to the taxing authorities in the country in which the non-U.S. holder resides. U.S. backup withholding generally will apply to payments of dividends to a non-U.S. holder unless such non-U.S. holder furnishes to us an IRS Form W-8BEN or IRS Form W-8BEN-E, as applicable (or other applicable IRS Form W-8), certifying as to its non-U.S. status, or such non-U.S. holder otherwise establishes an exemption. Payment by a U.S. office of a broker of the proceeds of the sale or redemption of the Series B Shares is subject to both backup withholding and information reporting unless the non-U.S. holder, or beneficial owner thereof, as applicable, certifies that the holder is a non-U.S. holder on IRS Form W-8BEN or IRS Form W-8BEN-E, as applicable (or other applicable IRS Form W-8), or otherwise establishes an exemption. Subject to certain limited exceptions, backup withholding and information reporting generally will not apply to the payment of proceeds from the sale of the Series B Shares if such sale is effected through a foreign office of a broker.

FATCA. The Foreign Account Tax Compliance provisions of the Hiring Incentives to Restore Employment Act and Treasury Regulations promulgated thereunder, or FATCA, will impose a U.S. federal withholding tax of 30% on certain types of payments, including U.S.-source dividends and gross proceeds from the sale or other disposition of securities that can produce U.S.-source dividends made to (i) foreign financial institutions, for themselves or for the benefit of accountholders of such financial institutions, unless they agree to collect and disclose to the IRS information regarding their direct and indirect U.S. account holders, or are otherwise eligible for an exemption, or if relevant accountholders fail to comply with certain identifying documentation requirements, and (ii) certain non-financial foreign entities, unless they certify certain information regarding their direct and indirect U.S. owners, or are otherwise eligible for an exemption. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules. The withholding obligations described above generally will apply to payments of U.S.-source dividends made with respect to the Series B Shares and, on or after January 1, 2019, to payments of gross proceeds from a sale or other disposition of the Series B Shares.

We will not pay any additional amounts to you with respect to any amounts withheld, including pursuant to FATCA. Under certain circumstances, a holder might be eligible for refunds or credits of such taxes. Holders are urged to consult their tax advisors regarding FATCA and the application of these requirements to their investment in the Series B Shares

1. is either a U.S. bank, a U.S. insurance carrier, a U.S. registered investment adviser, a U.S. registered broker-dealer or an independent fiduciary with at least \$50 million of assets under management or control, in each case under the requirements specified in the U.S. Code of Federal Regulations, 29 C.F.R. Table of Contents**UNDERWRITING**

We intend to offer the Series B Shares through the underwriters. Subject to the terms and conditions in the underwriting agreement among us and the underwriters, we have agreed to sell to each underwriter, and each underwriter has severally agreed to purchase from us, the number of Series B Shares that appears opposite its name in the table below:

Underwriter	Number of Shares
Credit Suisse Securities (USA) LLC	190,000
Goldman Sachs & Co. LLC	190,000
J.P. Morgan Securities LLC	40,000
Morgan Stanley & Co. LLC	40,000
PNC Capital Markets LLC	40,000
Total	500,000

The offering of the Series B Shares by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part. The underwriters are committed to take and pay for all of the Series B Shares being offered, if any are taken. In certain circumstances, if an underwriter defaults, the underwriting agreement may be terminated.

Series B Shares sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus supplement. Any Series B Shares sold by the underwriters to securities dealers may be sold at a discount from the initial public offering price of up to \$6.00 per share. Any such securities dealers may resell any Series B Shares purchased from the underwriters to certain other brokers or dealers at a discount from the initial public offering price of up to \$2.50 per share. If all the Series B Shares are not sold at the initial offering price, the underwriters may change the offering price and the other selling terms.

The Series B Shares are a new issue of securities with no established trading market. The company has been advised by the underwriters that they intend to make a market in the Series B Shares but they are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the Series B Shares.

The company estimates that its share of the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$1.1 million.

The company has agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933.

In connection with the offering, the underwriters may purchase and sell Series B Shares in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by an underwriter of a greater number of Series B Shares than it is required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the Series B Shares while the offering is in progress.

The underwriters may also impose a penalty bid. This occurs when a particular underwriter repays to the other underwriters a portion of the underwriting discount received by it because the other underwriter has repurchased Series B Shares sold by or for the account of such underwriter in stabilizing or short covering transactions.

We expect that delivery of the Series B Shares will be made against payment therefor on or about the closing date of this offering specified on the cover page, which is three business days following the date

Table of Contents

of pricing of the Series B Shares (this settlement cycle being referred to as T+3). Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade their Series B Shares on the date of pricing will be required, by virtue of the fact that the Series B Shares initially will settle in T+3, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of Series B Shares who wish to trade their shares on the date of pricing should consult their own advisor.

These activities, as well as other purchases by the underwriters for their own accounts, may stabilize, maintain or otherwise affect the market price of the Series B Shares. As a result, the price of the Series B Shares may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time without notice. These transactions may be effected in the over-the-counter market or otherwise.

Selling Restrictions

Canada

The Series B Shares may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 Prospectus Exemptions or subsection 73.3(1) of the Securities Act (Ontario), and are permitted clients, as defined in National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations. Any resale of the Series B Shares must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this prospectus supplement and the accompanying prospectus (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for particulars of these rights or consult with a legal advisor.

Pursuant to section 3A.3 of National Instrument 33-105 Underwriting Conflicts (NI 33-105), the underwriters are not required to comply with the disclosure requirements of NI 33-105 regarding underwriter conflicts of interest in connection with this offering.

Consequently no key information document required by Regulation (EU) No 1286/2014 (the PRIIPs Regulation) for offering or selling the Series B Shares or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Series B Shares or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

In addition, investors should be aware that generally accepted accounting principles prescribe when a company may reserve for particular risks, including litigation exposures. Accordingly, results for a given reporting period could be significantly affected if and when a reserve is established for one or more contingencies. Also, our regular reserve reviews may result in adjustments of varying magnitude as additional information regarding claims activity becomes known. DESCRIPTION OF SENIOR DEBT SECURITIES

The following description sets forth certain general terms and provisions of the debt securities that we may offer under a prospectus supplement. The particular terms and provisions of the debt securities offered by any prospectus supplement and the extent, if any, to which such general terms and provisions may apply to the debt securities so offered will be described in the prospectus supplement relating to such debt securities.

The debt securities will represent unsecured general obligations of the company. The debt securities will rank equally with all of our other existing and future unsecured and unsubordinated indebtedness and will rank senior to our subordinated indebtedness, if any. Unless stated otherwise in the applicable prospectus supplement, we will issue the debt securities under an Indenture dated as of September 15, 1993, as supplemented, between us and U.S. Bank National Association (as successor in interest to State Street Bank and Trust Company, which was successor in interest to The First National Bank of Boston), as trustee. Debt securities may be issued in one or more series under the indenture. The indenture does not limit the amount of debt securities or any other debt that we may incur. In addition, the provisions of the indenture do not afford holders of the debt securities protection in the event of a highly leveraged transaction, reorganization, restructuring, merger or similar transaction involving us that may adversely affect holders of the debt securities.

The Progressive Corporation is organized as a holding company that owns subsidiary companies. Our subsidiaries conduct substantially all of our business operations. As a holding company with no business operations of its own, The Progressive Corporation relies on dividends from the subsidiary companies as the principal source of funding to meet its financial obligations. The holding company's ability to meet its obligations, including the obligations under any debt securities offered under this prospectus, may be adversely affected by limitations or prior approval requirements under state laws applicable to the declaration and payment of dividends by our insurance subsidiaries.

The following discussion summarizes certain provisions of the indenture between us and U.S. Bank National Association and other relevant information; the discussion does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all provisions of the indenture, a copy of which is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part.

Article and Section references are to the applicable article or section of the indenture.

General

The indenture provides that we may issue debt securities in one or more series up to the aggregate principal amount that we may authorize from time to time. The debt securities may be denominated and payable in U.S. dollars, foreign currencies or units based on or relating to U.S. or foreign currencies. Debt securities may be offered to the public on terms determined by market conditions at the time of sale. (Section 2.3)

The prospectus supplement for each series of debt securities offered under this prospectus will include information relating to the following terms, to the extent applicable:

the title, aggregate principal amount and authorized denominations of such debt securities;

the purchase price of such debt securities (expressed as a percentage of the principal amount thereof);

the date on which such debt securities will mature and the principal is payable;

the rate or rates (which may be fixed or variable) per annum at which such debt securities will bear interest, if any, or the method by which such rate or rates will be determined;

the coin or currency or units based on or relating to currencies in which such debt securities may be purchased and in which payment of principal and interest will be made;

Table of Contents

the periods for which and the dates on which such interest, if any, will be payable;

the place or places where the principal of and premium and interest, if any, on such debt securities will be payable;

the terms of any mandatory or optional redemption (including any sinking fund);

whether such debt securities will be issuable in registered form or bearer form (with or without coupons) or both, and, if debt securities in bearer form will be issued, any restrictions applicable to the exchange of one form for another and to the offer, sale and delivery of debt securities in bearer form;

whether, and under what circumstances, the company will pay additional amounts on such debt securities held by a person who is not a U.S. person (as defined in an appropriate prospectus supplement) in respect of any tax, assessment or governmental charge withheld or deducted, and if so, whether we will have the option to redeem such debt securities rather than pay such additional amounts; and

any other specific terms of such series. (Section 2.3)

If a prospectus supplement specifies that debt securities are denominated in a currency other than U.S. dollars or U.S. currency units, such prospectus supplement will also specify the denomination in which such debt securities will be issued and the coin or currency or currency unit in which the principal of and premium and interest, if any, on such debt securities will be payable, which may be U.S. dollars based upon the exchange rate for such other currency or currency unit existing on or about the time a payment is due. (Section 2.3)

Debt securities may be presented for exchange and registered debt securities may be presented for transfer in the manner, at the places and subject to the restrictions set forth in the indenture. Such services will be provided without charge, other than any tax or other governmental charge payable in connection therewith, but subject to the limitations provided in the indenture. Debt securities in bearer form and the coupons, if any, pertaining thereto will be transferable by delivery. (Section 2.8)

Global Securities

We may issue debt securities in the form of one or more global securities that will be deposited with a depositary, or with a nominee for a depositary, identified in an appropriate prospectus supplement and registered in the name of the depositary or its nominee. In such case, one or more global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal amount of outstanding debt securities to be represented by such global security or securities. Unless and until it is exchanged in whole or in part for debt securities in definitive registered form, a global security may not be transferred, except as a whole by the depositary for such global security to a nominee of such depositary, by a nominee of such depositary to such depositary or another nominee of such depositary, or by such depositary or any such nominee to a successor of such depositary or a nominee of such successor.

The specific terms of the depositary arrangement with respect to any debt securities to be represented by a global security will be described in the applicable prospectus supplement.

Events of Default, Waiver and Notice

As to any series of debt securities, an event of default is defined in the indenture as:

a default for 30 days in payment of any interest on the debt securities of such series when due;

a default in payment of all or any part of the principal of the debt securities of such series when due either at maturity, upon redemption, by declaration or otherwise;

Table of Contents

a default in the payment of a sinking fund installment, if any, on the debt securities of such series;

a default in the performance or breach of any other covenant or warranty contained in the indenture for the benefit of such series which has not been remedied for a period of 60 days after notice given as specified in the indenture;

certain events of bankruptcy, insolvency and reorganization of us; or

any other event of default of such series. (Section 5.1)

An event of default with respect to a particular series of debt securities issued under the indenture does not necessarily constitute an event of default with respect to any other series of debt securities issued thereunder. The indenture provides that the trustee may withhold notice to the holders of debt securities of any series of any default (except in payment of principal of, or premium, if any, or interest on such debt securities) if the trustee determines, in good faith, that it is in the interest of the holders of debt securities of such series to do so; provided, however, that in the case of a default of the character specified in the fourth bullet point above, no such notice to holders of debt securities of such series may be given until at least 30 days after the occurrence thereof. (Section 5.11)

The indenture provides that if an event of default described in any of the first four bullet points above with respect to a particular series of debt securities occurs and continues, either the trustee or the holders of at least 25% in principal amount of the debt securities of such series then outstanding may declare the entire principal (or, in the case of original issue discount debt securities, the portion thereof specified in the terms thereof) of all outstanding debt securities of such series and the interest accrued thereon, if any, to be due and payable immediately. If an event of default described in the fifth bullet point above occurs and continues, either the trustee or the holders of at least 25% in principal amount of all debt securities then outstanding under the indenture (voting as one class) may declare the entire principal (or, in the case of original issue discount debt securities, the portion thereof specified in the terms thereof) of all debt securities then outstanding thereunder and the interest accrued thereon, if any, to be due and payable immediately. (Section 5.1) Upon certain conditions such declarations may be annulled and past defaults (except for defaults in the payment of principal of or premium, if any, or interest on such debt securities) may be waived by the holders of a majority in aggregate principal amount of the debt securities of such series (or of all series thereunder, as the case may be) then outstanding. (Sections 5.10 and 8.1)

The indenture provides that holders of a majority in aggregate principal amount of the outstanding debt securities of each series affected (with each series voting as a separate class) will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee under the indenture with respect to debt securities of such series, or exercising any trust or power conferred by the indenture on the trustee with respect to the particular series of debt securities, subject to certain limitations specified in the indenture, provided that the holders of debt securities have offered to the trustee reasonable security or indemnity against expenses and liabilities. (Sections 5.9 and 6.2(d)) Under the terms of the indenture, the holders of a majority in aggregate principal amount of a series of the debt securities affected thereby at the time outstanding may, on behalf of all holders of debt securities of such series, waive compliance with certain covenants contained in the indenture. (Section 5.10)

The indenture requires us to deliver annually to the trustee a written certification of our compliance with all conditions and covenants under the indenture. (Section 3.5) Whenever the indenture provides for an action by, or the determination of any of the rights of, or any distribution to, holders of debt securities denominated in U.S. dollars and debt securities denominated in any other currency or currency unit, in the absence of any provision to the contrary in

the form of debt security of any particular series, any amount in respect of any debt security denominated in a currency or currency unit other than U.S. dollars will be treated for any such action, determination or distribution as the amount of U.S. dollars that could be obtained for such amount on such reasonable basis of exchange and as of such date as the company reasonably specifies in a written notice to the trustee or, in the absence of such written notice, as the trustee may determine. (Section 11.11)

Modification of the Indenture

The indenture provides that we and the trustee may from time to time execute supplemental indentures to provide for the issuance of debt securities of any series and for other permitted purposes. (Section 8.1)

If we receive the consent of the holders of not less than 66 2/3% in aggregate principal amount of the outstanding debt securities affected thereby, we may enter into a supplemental indenture with the trustee to modify the indenture or any supplemental indenture or the rights of the holders of such debt securities. However, without the consent of the holder of each debt security affected thereby, no such modification may, among other things:

extend the final maturity of any debt security;

reduce the principal amount thereof or the method in which amounts of payments of principal or interest thereon are determined;

reduce the rate or extend the time of payment of interest thereon;

change the currency or currency unit of payment thereof;

reduce the portion of the principal amount of an original issue discount debt security due and payable upon acceleration of the maturity thereof or the portion of the principal amount thereof provable in bankruptcy;

reduce any amount payable upon redemption of any debt security, or impair or affect the right of a holder of any debt security to institute suit for the payment thereof or, if the debt securities provide therefor, any right of repayment at the option of the holder of a debt security; or

reduce the aforesaid percentage of debt securities of any series, the consent of the holders of which is required for any such modification. (Section 8.2)

Consolidations, Mergers and Sales of Assets

We may not merge or consolidate with any other corporation or sell or convey all or substantially all of our assets to any person, unless either we are the continuing corporation or the successor corporation is a corporation organized under the laws of the United States or any state thereof and expressly assumes the payment of the principal of and interest on the debt securities and the performance and observance of all the covenants and conditions of the indenture binding upon us, and, immediately after such merger or consolidation, or such sale or conveyance, we or such successor corporation are not in default in the performance of any such covenant or condition. (Article Nine)

Defeasance

The indenture provides that, unless the terms of any series of debt securities provide otherwise, we will be discharged from obligations in respect of the outstanding debt securities of any series and the provisions of the indenture with respect thereto (excluding certain obligations, such as obligations to register the transfer or exchange of such outstanding debt securities, to replace stolen, lost or mutilated certificates or coupons and to hold moneys for payment in trust) upon the irrevocable deposit with the trustee, in trust, of cash or U.S. government obligations (as defined in the indenture) which, through the payment of interest and principal thereof in accordance with their terms, will provide cash in an amount sufficient to pay the principal of and premium, if any, and interest on and mandatory sinking fund payments, if any, in respect of all outstanding debt securities of such series on the stated dates such payments are due in accordance with the terms of the indenture and such outstanding debt securities, provided that we have received an opinion of counsel to the effect that such a discharge will not be deemed, or result in, a taxable event with respect to holders of such outstanding debt securities and that certain other conditions are met. (Section 10.1(B))

Table of Contents

Satisfaction and Discharge

The indenture will cease to be of further effect and the trustee, on demand of and at the expense of the company, will execute appropriate instruments acknowledging the satisfaction and discharge of the indenture upon compliance with certain enumerated conditions, including:

We have paid all sums payable by us under the indenture, as and when the same are due and payable;

We have delivered to the trustee for cancellation all debt securities theretofore authenticated under the indenture; or

All debt securities not theretofore delivered to the trustee for cancellation have become due and payable or are by their terms to become due and payable within one year and we have deposited with the trustee sufficient cash or U.S. government obligations which, through the payment of principal and interest thereon in accordance with their terms, will provide sufficient cash to pay, at maturity or upon redemption, all debt securities of any series outstanding under the indenture. (Section 10.1(A))

Governing Law

The indenture is, and the debt securities will be, governed by the laws of the State of New York. (Section 11.8)

DESCRIPTION OF SERIAL PREFERRED SHARES

Our authorized capital stock at December 31, 2017 consisted of 20,000,000 serial preferred shares, without par value (the Serial Preferred Shares), 5,000,000 voting preference shares, without par value (the Voting Preference Shares), and 900,000,000 common shares, \$1.00 par value (the Common Shares).

The following summarizes briefly some of the general terms of our Serial Preferred Shares that we may offer under a prospectus supplement. The particular terms and provisions of the Serial Preferred Shares offered by any prospectus supplement and the extent, if any, to which such general terms and provisions may apply to the Serial Preferred Shares so offered will be described in the prospectus supplement relating to such Serial Preferred Shares.

General

Under our amended articles of incorporation, as amended (the Articles), our Board of Directors is authorized to provide for the issuance of up to 20,000,000 Serial Preferred Shares. All series of Serial Preferred Shares will be of equal rank and will be identical, except in respect of the following matters that may be fixed by the Board of Directors:

the designation of the series, which may be by distinguishing number, letter or title;

the dividend rate or rates of the series;

the dates on which and the period or periods for which dividends, if declared, will be payable and the dates from which dividends shall accrue and be cumulative;

the redemption rights and price or prices, if any, for shares of the series;

the terms and amount of the sinking fund, if any, for the purchase or redemption of shares of the series;

the amounts payable on shares of the series in the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the company;

whether the shares of the series will be convertible into Common Shares or shares of any other class and, if so, the conversion rate or rates or price or prices, any adjustments thereof and all other terms and conditions upon which such conversion may be made; and

restrictions (in addition to those provided in our Articles) on the issuance of shares of the same series or of any other class or series.

Serial Preferred Shares when issued will be fully paid and non-assessable. No holder of Serial Preferred Shares as such, will have any preemptive right to purchase, have offered for purchase or subscribe for any of the company's shares or other securities of any class, whether now or hereafter authorized.

Dividends

The holders of Serial Preferred Shares, in preference to the holders of Common Shares and of any other class of shares ranking junior to the Serial Preferred Shares, will be entitled to receive out of any funds legally available for Serial Preferred Shares and Voting Preference Shares (as defined in our Articles) and when and as declared by the Board of Directors, dividends in cash at the rate or rates for such series fixed by the Board of Directors, and no more, payable on the dates fixed for such series. Such dividends will accrue and be cumulative, in the case of shares of each particular series, from and after the date or dates fixed with respect to such series.

No dividends shall be paid upon or declared or set apart for any series of the Serial Preferred Shares for any dividend period unless at the same time (1) a like proportionate dividend for the dividend periods terminating on the same or any earlier date, ratably in proportion to the respective dividend rates fixed therefor, shall have been

paid upon or declared or set apart for Serial Preferred Shares of all series then issued and outstanding and entitled to receive such dividend and (2) the dividends payable for the dividend periods terminating on the same or any earlier date, ratably in proportion to the respective dividend rates fixed therefor, shall have been paid upon or declared or set apart for all Voting Preference Shares of all series then outstanding and entitled to receive such dividend.

So long as any Serial Preferred Shares shall be outstanding, no dividends, except a dividend payable in Common Shares or other shares ranking junior to the Serial Preferred Shares, shall be paid or declared or any distribution made, except as aforesaid, in respect of the Common Shares or any other shares ranking junior to the Serial Preferred Shares, nor shall any Common Shares or any other shares ranking junior to the Serial Preferred Shares be purchased, retired or otherwise acquired by the company, except out of the proceeds of the sale of Common Shares or other shares of the company ranking junior to the Serial Preferred Shares received by the company subsequent to the date of first issuance of Serial Preferred Shares of any series, unless:

all accrued and unpaid dividends on Serial Preferred Shares, including the full dividends for all current dividend periods, shall have been declared and paid or a sum sufficient for payment thereof set apart; and

there shall be no arrearages with respect to the redemption of Serial Preferred Shares of any series from any sinking fund provided for shares of such series in accordance with our Articles.

Redemption

Subject to the express terms of each series, we:

may, from time to time at the option of the Board of Directors, redeem all or any part of any redeemable series of Serial Preferred Shares at the time outstanding at the applicable redemption price for such series fixed in accordance with the provisions of our Articles; and

shall from time to time, make such redemptions of each series of Serial Preferred Shares as may be required to fulfill the requirements of any sinking fund provided for shares of such series at the applicable sinking fund redemption price fixed in accordance with the provisions of our Articles.

and shall in each case pay all accrued and unpaid dividends to the redemption date.

Notice of every such redemption shall be mailed, postage prepaid, to the holders of record of the Serial Preferred Shares to be redeemed at their respective addresses then appearing on the books of the company, not less than 30 days nor more than 60 days prior to the date fixed for such redemption. At any time after notice as provided above has been deposited in the mail, we may deposit the aggregate redemption price of Serial Preferred Shares to be redeemed, together with accrued and unpaid dividends thereon to the redemption date, with any bank or trust company in Cleveland, Ohio or New York, New York, having capital and surplus of not less than \$100,000,000, named in such notice and direct that there be paid to the respective holders of the Serial Preferred Shares so to be redeemed amounts equal to the redemption price of the Serial Preferred Shares so to be redeemed, together with such accrued and unpaid dividends thereon, on surrender of share certificate or certificates held by such holders; and upon the deposit of such notice in the mail and the making of such deposit of money with such bank or trust company, such holders shall cease to be shareholders with respect to such shares; and from and after the time such notice shall have been so deposited

and such deposit of money shall have been so made, such holders shall have no rights or claim against the company with respect to such shares, except only the right to receive such money from such bank or trust company without interest. In the event less than all of the outstanding Serial Preferred Shares are to be redeemed, the Serial Preferred Shares shall select by lot the shares so to be redeemed in such manner as shall be prescribed by the Board of Directors.

If the holders of Serial Preferred Shares which have been called for redemption shall not within six years after such deposit claim the amount deposited for the redemption thereof, any such bank or trust company shall, upon demand, pay over to the company such unclaimed amounts and thereupon such bank or trust company and the company shall be relieved of all responsibility in respect thereof and to such holders.

Table of Contents

Any Serial Preferred Shares which are (1) redeemed by the company pursuant to the above, (2) purchased and delivered in satisfaction of any sinking fund requirements provided for shares of such series, (3) converted in accordance with the express terms thereof, or (4) otherwise acquired by the company, shall resume the status of authorized but unissued Serial Preferred Shares without serial designation.

Liquidation Preference

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the company, the holders of Serial Preferred Shares of any series will be entitled to receive in full, out of our assets, including our capital, before any amount shall be paid or distributed among the holders of Common Shares or any other shares ranking junior to the Serial Preferred Shares, the amounts fixed with respect to shares of such series, in accordance with our Articles, plus an amount equal to all dividends accrued and unpaid thereon to the date of payment of the amount due pursuant to such liquidation, dissolution or winding up of the affairs of the company. In the event our net assets are insufficient to permit the payment upon all outstanding Serial Preferred Shares and Voting Preference Shares of the full preferential amount to which they are respectively entitled, then such net assets shall be distributed ratably upon all outstanding Serial Preferred Shares and Voting Preference Shares in proportion to the full preferential amount to which such share is entitled.

After payment to the holders of Serial Preferred Shares of the full preferential amounts as aforesaid, the holders of Serial Preferred Shares, as such, shall have no right or claim to any of the remaining assets of the company.

The merger or consolidation of the company or the sale, lease or conveyance of all or substantially all assets of the company will not be deemed to be a dissolution, liquidation or winding up for this purpose.

Voting Rights

Except as indicated below or otherwise required by law, the holders of Serial Preferred Shares will not have any voting rights.

Right to Elect Two Directors on Nonpayment of Dividends. If and so often as the company shall be in default in the payment of the equivalent of the full dividends payable on any series of Serial Preferred Shares at the time outstanding whether or not earned or declared, for a number of dividend payment periods (whether or not consecutive) which in the aggregate contain at least 540 days, the holders of Serial Preferred Shares of all series, voting separately as a class, shall be entitled to elect, as provided below, two members of the Board of Directors of the company; provided, however, that the holders of Serial Preferred Shares shall not have or exercise such special class voting rights except at meetings of such shareholders for the election of directors at which the holders of not less than 50% of the outstanding Serial Preferred Shares of all series then outstanding are present in person or by proxy; and provided further that the special class voting rights provided for in this paragraph when the same shall have become vested shall remain so vested until all accrued and unpaid dividends on the Serial Preferred Shares of all series then outstanding shall have been paid, whereupon the holders of Serial Preferred Shares shall be divested of their special class voting rights in respect of subsequent elections of directors, subject to the revesting of such special class voting rights in the event above specified in this paragraph.

In the event of default entitling the holders of Serial Preferred Shares to elect two directors as specified in the prior paragraph, a special meeting of such holders for the purpose of electing such directors shall be called by the Secretary of the company upon written request of, or may be called by, the holders of record of at least 10% of the Serial Preferred Shares of all series at the time outstanding, and notice thereof shall be given in the same manner as that required for the annual meeting of shareholders; provided, however, that the company shall not be required to call

such special meeting if the annual meeting of shareholders shall be called to be held within 120 days after the date of receipt of the foregoing written request from the holders of the Serial Preferred Shares. At

Table of Contents

any meeting at which the holders of Serial Preferred Shares shall be entitled to elect directors, the holders of 50% of the Serial Preferred Shares of all series at the time outstanding, present in person or by proxy, shall be sufficient to constitute a quorum, and the vote of the holders of a majority of such shares so present at any such meeting at which there shall be such a quorum shall be sufficient to elect the members of the Board of Directors which the holders of Serial Preferred Shares are entitled to elect as herein provided. Notwithstanding any other provision of our Articles or Code of Regulations or any action taken by the holders of any class of shares fixing the number of directors of the company, the two directors who may be elected by the holders of Serial Preferred Shares pursuant to this provision shall serve in addition to any other directors then in office or proposed to be elected otherwise than pursuant to this provision. These provisions shall not prevent any change otherwise permitted in the total number of directors of the company nor require the resignation of any director elected otherwise than pursuant to these provisions. Notwithstanding any classification of the other directors of the company, the two directors elected by the holders of Serial Preferred Shares shall be elected annually for terms expiring at the next succeeding annual meeting of shareholders.

Upon any divesting of the special class voting rights of the holders of the Serial Preferred Shares in respect of elections of directors as provided in this section, the terms of office of all directors then in office elected by such holders shall terminate immediately thereupon. If the office of any director elected by such holders voting as a class becomes vacant by reason of death, resignation, removal from office or otherwise, the remaining director elected by such holders voting as a class may elect a successor who shall hold office for the unexpired term in respect of which such vacancy occurred.

Other Voting Rights. In addition to any other vote or consent of shareholders required by law or by our Articles, the affirmative vote or consent of the holders of at least two-thirds of the Serial Preferred Shares at the time outstanding, voting or consenting separately as a class, given in person or by proxy either in writing or at a meeting called for the purpose, shall be necessary to effect any one or more of the following (but so far as the holders of Serial Preferred Shares are concerned, such action may be effected with such vote or consent):

Amendment of Amended Articles of Incorporation or the Code of Regulations. Any amendment, alteration or repeal, whether by merger, consolidation or otherwise, of any of the provisions of our Articles or of the Code of Regulations of the company which affects adversely the preferences or voting or other rights of the holders of the Serial Preferred Shares; provided, however, neither the amendment of our Articles so as to authorize, create or change the authorized or outstanding number of Serial Preferred Shares or of any shares ranking on a parity with or junior to the Serial Preferred Shares nor the amendment of the provisions of the Code of Regulations so as to change the number of directors of the company shall be deemed to affect adversely the preferences or voting or other rights of the holders of Serial Preferred Shares; and provided further, that if such amendment, alteration or repeal affects adversely the preferences or voting or other rights of one or more but not all series of Serial Preferred Shares at the time outstanding, only the affirmative vote or consent of the holders of at least two-thirds of the number of the shares at the time outstanding of the series so affected shall be required;

Authorization of Senior Shares. The authorization, creation or the increase in the authorized number of any shares, or any security convertible into shares, in either case ranking prior to the Serial Preferred Shares; or

Purchases or Redemption. The purchase or redemption (for sinking fund purposes or otherwise) of less than all of the Serial Preferred Shares then outstanding except in accordance with a stock purchase offer made to all holders of record of Serial Preferred Shares, unless all dividends on all Serial Preferred Shares then outstanding for all previous dividend periods shall have been declared and paid or funds therefor set apart and all accrued sinking fund obligations applicable thereto shall have been complied with.

PLAN OF DISTRIBUTION

We may sell the securities being offered under this prospectus through agents, underwriters, or dealers, or we may sell securities directly to one or more purchasers, or through a combination of any such methods of sale. The prospectus supplement for a particular offering of securities will set forth the terms of the offering of such securities, including the name or names of the specific agents, dealers or underwriters (including managing underwriters, if any), the purchase price and the proceeds to us from such sales, any underwriting discounts, agency fees or commissions and other items constituting compensation to the underwriters, agents or dealers, the initial public offering price, any discounts or concessions to be allowed or reallocated or paid to dealers, the securities exchange, if any, on which such securities may be listed, and the place and time of delivery of the securities offered.

Securities may be offered and sold through agents that we may designate from time to time. Unless otherwise indicated in the applicable prospectus supplement, any such agent will be acting on a best efforts basis for the period of its appointment. Any such agent may be deemed to be an underwriter, as that term is defined in the Securities Act of 1933, as amended (the "Securities Act"), of any securities so offered and sold. Agents may be entitled under agreements which may be entered into with us to indemnification by us against certain liabilities, including liabilities under the Securities Act, and may be customers of, engage in transactions with, or perform services for us in the ordinary course of business.

If we use an underwriter or underwriters in the sale of any securities, we will execute an underwriting agreement with such underwriter or underwriters at the time an agreement for such sale is reached. Such underwriter or underwriters will acquire the securities for their own account and may resell such securities from time to time in one or more transactions, including negotiated transactions, at fixed public offering prices or at varying prices determined at the time of sale. Securities may be offered to the public either through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. The underwriters may be entitled, under the relevant underwriting agreement, to indemnification by us against certain liabilities, including liabilities under the Securities Act. If any underwriter or underwriters are utilized in the sale of any securities, unless otherwise set forth in the applicable prospectus supplement, the underwriting agreement will provide that the obligations of the underwriters will be subject to certain conditions precedent and that the underwriters with respect to a sale of such securities will be obligated to purchase all such securities if any are purchased.

If a dealer is utilized in the sale of any securities under this prospectus, we will sell such securities to the dealer, as principal. The dealer then may resell such securities to the public at varying prices to be determined by such dealer at the time of resale. Any such dealer may be deemed to be an underwriter, as such term is defined in the Securities Act, of the securities so offered and sold. Dealers may be entitled, under agreements which may be entered into with us, to indemnification by us against certain liabilities, including liabilities under the Securities Act. The name of any such dealer and the terms of the transaction will be set forth in the applicable prospectus supplement.

Offers to purchase securities may be solicited directly by us, and sales of such securities may be made by us directly to institutional investors or others, who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale thereof. The terms of any such sales will be described in the applicable prospectus supplement.

The place and time of delivery of the applicable securities will be set forth in an accompanying prospectus supplement.
