On December 7, 2012, Juniper Networks, Inc. (the "Company") entered into an acquisition agreement to acquire Conrail Networks Inc. ("Conrail") in a cash and stock transaction for approximately \$176 million. Upon consummation of the acquisition of Conrail, the Company will pay cash in the amount of approximately \$57.5 million, net of consideration for Conrail shares already owned by the Company. The Company has also agreed to issue up to an aggregate of 5,819,148 shares of its common stock to the stockholders of Conrail as the remaining portion of the consideration for all of the outstanding equity of Conrail, upon the consummation of the acquisition. The final number of shares of the Company's common stock to be issued in connection with the acquisition is subject to adjustment based on (i) purchase price adjustment provisions, (ii) continuing service obligations to the Company of certain stockholders of Conrail, and (iii) indemnification obligations of Conrail stockholders after the closing of the acquisition.

The proposed issuance of shares of the Company's common stock to stockholders of Conrail in accordance with the terms and subject to the conditions set forth in the acquisition agreements will be made in reliance on the private offering exemption of Section 4(2) of the Securities Act of 1933, as amended (the "Securities Act"), and/or the private offering safe harbor provision of Rule 506 of Regulation D promulgated thereunder based on the following factors: (i) the number of offerees or purchasers, as applicable, (ii) the absence of general solicitation, (iii) representations obtained from the stockholders of Conrail with respect to their status as accredited investors, (iv) the provision of appropriate disclosure, and (v) the placement of restrictive legends on the certificates reflecting the securities coupled with investment representations obtained from the stockholders of Conrail being issued common stock of the Company.

Item 7.01 Regulation FD Disclosure.

JUNIPER NETWORKS TO ACQUIRE CONTRAIL
By Bob Muglia
EVP, Software Solutions Division

We've entered into an agreement to acquire Conrail, a Santa Clara, California-based software networking startup founded in early 2012, and we anticipate closing before the end of the year. With this acquisition, Juniper gains SDN technology that augments our portfolio of products and services. As a strategic investor earlier this year, we recognized the inherent advantages of Conrail's architectural approach and we are excited to take this next step to acquire and combine Conrail into our team.

The Company routinely posts information about the Company on its website, including its corporate blogs.
