Chairman, K. S. "Bud" Adams, Jr., attributed the 2008 fourth quarter loss to an approximate 50 percent decline in crude oil prices during the period. Such declines lead to approximately \$12.2 million in pre-tax non-cash write downs of capitalized oil and gas property costs and crude oil inventory values. The Company also announced that during 2008, it participated in the drilling of 28 wells of which 19 wells were successful with nine dry holes. Oil and gas reserve extensions, discoveries and other reserve additions for 2008 replaced 153 percent of production on an equivalent barrel basis.
