Item 2.05 Costs Associated with Exit or Disposal Activities.

As part of its ongoing strategic reassessment, on October 31, 2018, management of Lowe's Companies, Inc. (the "Company") committed to close 20 underperforming stores across the U.S. and 31 locations in Canada, including 27 underperforming stores. The Company will close the underperforming stores to focus on its most profitable stores and improve the overall health of its store portfolio. The store closings are estimated to be completed by the end of the Company's 2018 fiscal year (February 1, 2019).

The Company expects to recognize pre-tax total exit costs related to the planned store closings of \$300 to \$365 million, including costs associated with long-lived asset impairments, lease obligations, accelerated depreciation and amortization, and severance obligations. Pre-tax charges associated with long-lived asset impairments are estimated to range from \$85 to \$100 million. Pre-tax charges associated with lease obligations are estimated to range from \$145 to \$180 million. Pre-tax charges associated with accelerated depreciation and amortization are estimated to range from \$45 to \$55 million. Pre-tax charges associated with severance obligations are expected to range from \$25 to \$30 million. Charges for these exit costs are expected to be recorded in the third and fourth quarters of fiscal 2018. In addition, the Company estimates that the net future cash outflows associated with these closures, consisting of net payments on the lease and severance obligations prior to any associated tax benefits to be approximately \$170 to \$210 million. All estimated amounts are subject to change until finalized.

Item 2.06 Material Impairments.

The information contained in Item 2.05 relating to the asset impairments is incorporated into this Item 2.06 by reference.
