PS Business Parks, Inc. Reports Results for the Third Quarter Ended September 30, 2006

GLENDALE, California PS Business Parks, Inc. (AMEX:PSB) reported operating results for the three and nine months ended September 30, 2006.

Net income allocable to common shareholders for the three months ended September 30, 2006 was \$3.5 million or \$0.16 per diluted share on revenues of \$61.8 million compared to \$14.3 million or \$0.65 per diluted share on revenues of \$54.8 million for the same period in 2005. Net income allocable to common shareholders for the nine months ended September 30, 2006 was \$12.9 million or \$0.60 per diluted share on revenues of \$180.1 million compared to \$27.4 million or \$1.24 per diluted share on revenues of \$164.2 million for the same period in 2005.

Edgar Filing: PS BUSINESS PARKS INC/CA - Form 8-K

Revenues increased \$7.0 million for the three months ended September 30, 2006 primarily as a result of \$4.7 million from acquired properties and \$2.4 million from improved occupancy and rental rates within the Company's existing portfolio. Net income allocable to common shareholders for the three months ended September 30, 2006 decreased over the same period of 2005 by \$10.8 million or \$0.49 per diluted share primarily as a result of a decrease of \$10.4 million in income from discontinued operations.

Revenues increased \$15.8 million for the nine months ended September 30, 2006 primarily as a result of \$9.9 million from acquired properties and \$5.9 million from improved occupancy and rental rates within the Company's existing portfolio. Net income allocable to common shareholders for the nine months ended September 30, 2006 decreased from the same period of 2005 by \$14.4 million or \$0.64 per diluted share primarily as a result of a decrease of \$12.9 million in income from discontinued operations and an increase of \$2.7 million in non-cash distributions associated with preferred equity redemptions.

Supplemental Measures

Funds from operations (FFO) allocable to common shareholders and unit holders for the three months ended September 30, 2006 and 2005 were \$26.8 million, or \$0.93 per diluted share, and \$25.8 million, or \$0.88 per diluted share, respectively. FFO allocable to common shareholders and unit holders for the nine months ended September 30, 2006 was \$78.8 million, or \$2.72 per diluted share, compared to \$77.4 million, or \$2.64 per diluted share, for the same period in 2005. The increase in FFO for the three months ended September 30, 2006 over the same period of 2005 was primarily due to net operating income from acquired properties partially offset by an increase in non-cash distributions associated with preferred equity redemptions. The increase in FFO for the nine months ended September 30, 2006 over the same period of 2005 was primarily due to net operating income from acquired properties and a payment received from a former tenant in connection with a bankruptcy settlement of \$1.8 million partially offset by an increase in non-cash distributions associated with preferred equity redemptions. Gains from the disposition of real estate are excluded from the computation of FFO.

The following table summarizes the impact of the implementation of the SEC's clarification of EITF Topic D-42 on the Company's FFO per common shareholders and unit holders for the three and nine months ended September 30, 2006 and 2005:

	For the Three Months Ended September 30,		For the Nine Mo September

Property Operations

In order to evaluate the performance of the Company's overall portfolio over two comparable periods, management analyzes the operating performance of a consistent group of properties owned and operated throughout both periods (herein referred to as Same Park). Operating properties that the Company acquired subsequent to January 1, 2005 are referred to as Other Facilities. For the three and nine months ended September 30, 2006 and 2005, the Same Park portfolio constitutes 17.3 million net rentable square feet, which includes all assets included in continuing operations the Company owned and operated from January 1, 2005 through September 30, 2006. As of September 30, 2006, the Same Park portfolio represents approximately 95% of the total square footage of the Company's portfolio.

The Company's property operations account for substantially all of the net operating income earned by the Company. The following table presents the operating results of the Company's properties for the three and nine months ended September 30, 2006 in addition to other income and expense items affecting income from continuing operations (unaudited, in thousands, except per square foot amounts):

(1) Funds From Operations ("FFO") is computed in accordance with the White Paper on FFO approved by the National Association of Real Estate Investment Trusts ("NAREIT"). The WFFO as net income, computed in accordance with GAAP, before depreciation, amortization, minority interest, gains or losses on asset dispositions and extraordinary items. FFO should be analyzed with net income. However, FFO should not be viewed as a substitute for net income as a measure of performance or liquidity as it does not reflect depreciation and amortization costs or the expenditure and leasing costs necessary to maintain the operating performance of the Company, which are significant economic costs and could materially impact the Company's results. Other REITs may use different methods for calculating FFO and, accordingly, the Company's FFO is not comparable to other real estate companies.

Edgar Filing: PS BUSINESS PARKS INC/CA - Form 8-K

- (2) Funds available for distribution ("FAD") is computed by deducting from consolidated FFO expenditures, which the Company defines as those costs incurred to maintain the asset improvements, capitalized leasing commissions and straight-line rent from FFO and a compensation expense, amortization of lease incentives, in-place rents adjustment and Topic D-42. Like FFO, the Company considers FAD to be a useful measure for investors operations and cash flows of a REIT. FAD does not represent net income or cash flow fr defined by GAAP.
