Item 5.02(e). Compensatory Arrangements of Certain Officers.

The Compensation Committee (the **Committee**) of the Board of Directors of Jones Lang LaSalle Incorporated (the **Company**) has approved a new Performance Incentive Compensation Agreement (the **Agreement**) for Colin Dyer, our Chief Executive Officer.

The Committee, working with its independent compensation consultant, has designed the Agreement to accomplish two main objectives:

to create an additional retention incentive for Mr. Dyer to remain with the Company and to continue to provide the (1) leadership that the Board believes has created significant organizational and shareholder value, and driven strong performance, during his tenure; and

to create an additional incentive for Mr. Dyer to drive performance of the Company's financial and strategic goals (2) as the Committee establishes them each year in connection with the development of our executive compensation program, which we describe in our annual proxy statements.

Accordingly, the Company has agreed to pay a performance-based benefit (the **Benefit**) in the event that: (1) Mr. Dyer terminates his employment on any date *after* the date on which he has both (a) reached age 62 and (b) attained ten years of service with the Company (the earliest date on which both conditions can be met is during September, 2014, which is the **Eligibility Date**); (2) Mr. Dyer is involuntarily terminated without cause at any time in the future; or (3) Mr. Dyer dies or is significantly disabled at any time in the future.

The Benefit will be determined according to a formula, which operates as follows:

in the event of termination *after* the Eligibility Date, including as the result of Mr. Dyer's death or disability, the (1) annual value of the Benefit will equal \$250,000 plus 8.5% of Mr. Dyer's Final Average Annual Incentive (as defined below); and

in the event of Mr. Dyer's involuntary termination without cause, death or disability *before* the Eligibility Date, the (2) annual value of the Benefit will be pro-rated according to number of full months of service relative to ten years of service.

Final Average Annual Incentive means the average of the two highest consecutive years' Non-Equity Incentive Plan Compensation, which includes only cash payments attributable to the Company's Stock Award and Incentive Plan (or such similar or successor annual incentive bonus plan), in the five years preceding the year in which termination takes place, as reported in the corresponding column of the Summary Compensation Table of the Company's annual proxy statements. This excludes (i) any cash payments to Mr. Dyer under the GEC Long-Term Incentive Plan and (ii) any other special bonuses that the Company may pay or provide Mr. Dyer. However, in the event that the Company offered to pay an annual incentive bonus to Mr. Dyer, but Mr. Dyer voluntarily declined to accept all or part of such annual incentive bonus (as he did in 2008 in connection with the Company's actions in reaction to the global financial crisis taking place at the time), then for purposes of calculating the Final Average Annual Incentive, the full amount of the annual incentive bonus offered by the Company to Mr. Dyer shall be counted.

The annual Benefit will be paid out in the form of annuity payments according to certain elections that Mr. Dyer will be permitted to make. Mr. Dyer will be an unsecured creditor of the Company with respect to the Company's financial obligation to pay the Benefit.

There is no accumulated benefit under the Agreement since payments under the Agreement are subject to the satisfaction of the conditions noted above and will be based on future amounts of cash compensation to be reported in our Proxy Statements that we are unable to determine at this time.
