The Registrant's financial statements for the three and nine month periods ended September 30, 2006 will change significantly from the comparable period for 2005.

Net loss increased to \$5,758,375 for the nine months ended September 30, 2006 from \$4,173,102 for the nine months ended September 30, 2005. The \$1,585,273 increase is primarily due to licensing revenues of \$1,750,000 received in March 2005 resulting from Registrant's agreement with Asahi Kasei Medical Co., Ltd.

Net loss increased to \$1,905,528 for the three months ended September 30, 2006 from \$1,747,882 for the three months ended September 30, 2005. The \$157,646 increase is primarily due to lower unit sales in the Registrant's European market because of tighter inventory controls at one of the Registrant's significant European customers as well as an increase in costs of goods sold and research and development expenses.

For additional information regarding the Registrant's results of operations for the three and nine month periods ended September 30, 2006, please see the Form 10-QSB previously filed by the Registrant with the Securities and Exchange Commission.
