Message from the Chairman & CEO to Pechiney Group personnel

September 12, 2003

Madam, Sir,

We have just signed an agreement with Alcan's management based on a new offer which reflects the real value of Pechiney and which takes into account the interests of the company, its employees and shareholders.

This agreement has been approved by Pechiney's Board of Directors which considers that it respects the following points:

- o Alcan has made a formal commitment to our Board of Directors to put into place a process which would achieve a fair split of management responsibilities, which is the best way of protecting the interests of Pechiney's employees. Alcan has also agreed to maintain the industrial workforce.
- o With regards to our shareholders, the abnormally low price against which we have fought since the very beginning, has been increased from the initial EUR41 to a price situated between EUR47.5 and EUR48.5, a level which to us appears to value the company correctly taking into account the current economic climate.

I remain convinced that hostile take-overs, even if today they are a part of the business environment, do not offer the best foundations upon which to forge a common future. My duty as head of the company was therefore to bring Alcan, if they really wanted their project to conclude, to reopen discussions in improved conditions. This is now a reality thanks to the efficiency and hard work of all of Pechiney's staff who rallied around me during the summer and who continued to serve out clients and ensure the continued progress of our company.

This agreement is subject to the authorization by the relevant European and US competition authorities. Were they not to give their go ahead, each company would be relieved from the agreement. As you know, Pechiney has followed a stand-alone strategy for several years, which allows us to continue to develop and prosper independently.

I am confident in the strengths and the future prospects of our company. I sincerely believe that the agreement we have reached is a good agreement and I wanted to thank you for the confidence you continue to show me.

Yours sincerely

/s/: Jean-Pierre Rodier
