**Ordinary And Extraordinary General Shareholders Meetings of Vale S.A.**

Considering that Ordinary and Extraordinary Shareholders Meetings were convened to be held on April 27, 2010, Vale S.A. ( Vale ), hereby, provides the following explanations regarding the matters and proposals mentioned in the agenda of such meetings.

**1 Introduction Voting Rights**

Pursuant to Article 5° of Vale s By-Laws, each common, class A preferred share and special class shares shall confer the right to one vote in decisions made at General Meetings. However, although the preferred class A and special shares have the same political rights as the common shares, exception is made to voting for the appointment of members to the Board of Directors, which shall observe the provisions set forth in §§2° and 3° of Article 11 of the By-Laws, as well as the right to appoint and dismiss one member of the Fiscal Council, and its respective alternate.

**2 Global annual compensation**

The annual aggregate compensation proposed for 2010 is up to R\$99,079,000.00 (ninety-nine million and seventy-nine thousand reais), to be distributed by our Board of Directors, pursuant the Brazilian corporate law and Vale s By-laws. It is important to mention that in order to establish the aggregate compensation amount, the proposal takes into account various factors, which range from the responsibilities, time dedicated to the tasks, competence, professional reputation and services market value.

Such amount comprehends: (a) up to R\$8,503,000.00 (eight million and five hundred and three thousand reais) corresponding to the fixed compensation of directors and members if the advisory committees, pursuant article 15, §2° of Vale s By-laws and of the members of the fiscal council, pursuant article 163 of the Brazilian corporate law; (b) up to R\$68,144,000.00 (sixty-eight million, one hundred and forty-four thousand reais) related to the fixed and variable compensation of executive officers, taking into account an Executive Officers Board with 08 Executive Officers positions, although only 06 them are currently occupied. The fixed individual compensation is compatible with the amounts paid to the senior management of similar companies, and the variable compensation corresponds to the bonuses and incentive payments, and its payment is conditioned to pre established goals, based on the performance of Vale. Therefore, the payment of the variable compensation is equivalent to the fulfillment, total or in part, of the pre-established goals, and may even be not paid if such goals are not reached; and (c) up to R\$22,432,000.00 (twenty-two million, four hundred and thirty-two thousand reais) corresponding to all taxes and duties related to the compensation that are of Vale s responsibility, as well as benefits of any nature.
