Service Fees

There are no fees, commissions, or service charges of any kind for initial stock purchases, automatic investment, additional stock purchases, transfers of stock, dividend reinvestment, direct deposit of dividends, or issuance of stock certificates. The only charge associated with the Plan is a minimal brokerage commission for the sale of stock. As of the date of this prospectus, the brokerage commission for the sale of stock is approximately \$0.05 per share.

Withdrawal From the Stock Purchase Plan

You can terminate your participation in the Plan either by completing and returning the appropriate section of the form included on your account statement, by providing written, signed notice to the Plan Administrator, or on our Web site. You can terminate either by selling all of your shares or by requesting a certificate for all of your whole shares and a check for the market value of your fractional share or by requesting to have your shares transferred to the Direct Registration System (DRS). If a certificate or check is to be issued in a name(s) other than the name(s) on your account, your written request, signed by all owners, must be Medallion Guaranteed by a financial institution participating in the Medallion Guarantee program.

Additional Information

Any shares resulting from a stock split or stock dividend paid on shares held in your Plan account will be credited to your account in book-entry form. In the event of a rights offering, you will receive rights based on the total number of whole shares in your account.

We will make available to you a proxy statement in connection with each meeting of our shareholders, along with an opportunity to vote the shares in your Plan account. Your proxy, when properly submitted, will be voted as you indicate. Your shares will not be voted unless you vote them.

We reserve the right to suspend, modify or terminate the Plan at any time. All participants will receive notice of any such suspension, modification or termination. If we terminate the Plan, certificates for whole shares held in your account will be issued and a cash payment will be made for any fractional share.

We participate in the DRS. Participants in the Plan may choose to have their direct registration/book-entry shares electronically delivered to or from their brokerage accounts. Participants in the Plan participating in the DRS can authorize their broker/dealer to request electronic movement of their book-entry shares. To effect such transactions, brokers will need to include the following information: The CMS Energy account number; social security or taxpayer identification number of the participant; the registered name(s) on the DRS account

and the number of DRS shares to be delivered. We will honor such requests from any broker participating in the DRS.

Table of Contents

EMPLOYEE PAYROLL DEDUCTION

Our employees (including part-time employees, but not temporary or contract employees) and employees of our subsidiaries who participate in the Plan can invest through the Plan by submitting an Employee Payroll Deduction Authorization Form. The Employee Payroll Deduction Authorization Form authorizes the Plan to make payroll deductions of at least \$6.25 per pay period for employees paid weekly and at least \$12.50 per pay period for employees paid semimonthly and to use the deductions for the purchase of CMS common stock pursuant to the Plan. Employees may, at any time, increase or decrease, within the above limits, the amount of the deduction by notifying the Plan Administrator at the address on the back cover of this document. Payroll deduction authorizations previously provided remain in effect unless the Plan Administrator is otherwise notified.

All other aspects of the Plan apply to employees.

U.S. FEDERAL INCOME TAXATION

The following discussion relates to certain federal income tax consequences if you participate in the Plan. The full effect upon you will depend upon your individual circumstances. We suggest you discuss this material, as well as the impact of state and local taxes, with your tax advisor.

You will be required to include in your gross income for federal income tax purposes (1) amounts equal to any dividends reinvested through the Plan as if you had directly received the cash and (2) any gains realized from selling your shares. You will have no taxable income upon the purchase of shares under the Plan. You will not realize taxable gain or loss upon deposit of shares into the Plan or the withdrawal of whole shares from the Plan.

Dividends

Generally, dividends will be taxable to you as ordinary income to the extent of our current or accumulated earnings and profits for federal income tax purposes. The amount of any dividends in excess of earnings and profits will be a return of capital and, as such, would not be taxable as ordinary income. In the event of a return of capital distribution, we will provide you with reports that will indicate that we have made a return of capital distribution during the year. If you receive a return of capital dividend, you must reduce the tax basis of the share on which the dividend is paid by the amount of the dividend that is a return of capital. If the amount that is a return of capital exceeds the tax basis, the excess must be reported as capital gains.

Dividends paid in taxable years beginning before 2011 are eligible for a reduced rate of federal income taxation for individuals (not exceeding 15%), provided that the dividend is paid with respect to shares held for more than 60 days during the 120-day period beginning 60 days before the ex-dividend date, the individual is not obligated to make related payments with respect to substantially similar or related property, and certain other conditions are met. In the absence of legislative action, however, the reduced rate will sunset, and dividends paid in taxable years beginning after 2010 will be taxable at regular income tax rates.

Starting in 2013, investment earnings, such as dividends and gains from CMS common stock will be subject to a 3.8% Medicare tax in the hands of individuals having adjusted gross income in excess of \$200,000 (\$250,000 in the case of joint returns). The same tax will apply in the case of certain trusts and estates.

Gains

You will recognize gain or loss when you sell shares or receive cash for your fractional shares. The gain or loss will be equal to the difference between the amount received for the shares or a fractional share (less any brokerage commissions) and your tax basis in the shares sold. Gain or loss will generally be a capital gain or loss, and such capital gain or loss will be long-term or short-term, depending on your holding period.

The statements you receive from us are your continuing record of the cost of your purchases and should be retained for tax purposes. Starting in 2012, when shares acquired after 2011 are sold, we will be required to report to you the basis and holding period of those shares on IRS Form 1099-B.

Withholding

If you fail to furnish a properly completed Form W-9 or its equivalent, then the backup withholding provisions of the Internal Revenue Code will cause us to withhold the required tax from any dividends or sales proceeds.

Table of Contents

Investors who are citizens or residents of a country other than the United States are generally subject to a withholding tax on any dividends paid. We are required to withhold from dividends the appropriate amount determined in accordance with Internal Revenue Service regulations. Where applicable, this withholding tax is determined by treaty between the United States and the country in which the investor resides. Starting in 2013, dividends payable to citizens or residents of a country other than the United States will be subject to special reporting rules referred to as FATCA. If these rules are not complied with, such dividends will be subject to withholding tax at a rate of 30% notwithstanding a treaty that provides for a lower rate.
