RIVIERA TOOL COMPANY
NOTES TO FINANCIAL STATEMENTS

FOR THE THE

NOVE

NOVEMBER 30, 2002

NOTE 1 - BASIS OF PRESENTATION AND SUBSEQUENT EVENT

The accompanying unaudited interim financial statements (the "Financial Statements") of Riviera Tool Company (the "Company") have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission. Accordingly, the Financial Statements do not include all the information and footnotes normally included in the annual financial statements prepared in accordance with generally accepted accounting principles.

In the opinion of management, the Financial Statements reflect all adjustments (consisting only of normal recurring adjustments) necessary to present fairly such information in accordance with generally accepted accounting principles. These Financial Statements should be read in conjunction with the financial statements and footnotes thereto included in the Company's Form 10-K dated December 17, 2002, for the fiscal year ended August 31, 2002.

As of November 30, 2002, the Company was not in compliance with certain covenants of its long-term loan agreement. The Company's agreement expired September 1, 2002 and was renewed monthly thereafter. However, as of November 30, 2002, the Company had completed negotiations with its then current bank and another lender to obtain long-term financing. The Company had commitment letters from these financial institutions, however, such commitments were subject to conditions which, at that time, were not fulfilled.

On December 23, 2003, the Company completed its refinancing referred to above. Under such financing the Company received a \$7.5 million Revolving Line of Credit and a \$2.0 million Term Loan, each expiring December 1, 2003. The unpaid balance of approximately \$1.5 million outstanding with the Company's former lender was converted into a five-year subordinated note. Under the new loan agreement, the Company is required to maintain certain levels of Tangible Net Worth, Debt to Tangible Net Worth and Debt Service Coverage. Had the new financing occurred prior to December 1, 2002, the Company would have been in compliance with such covenants.

As a result of the financing described above, the Company's Balance Sheet and related footnotes, as of November 30, 2002, presented herein, reflect the effect of such new financing as if it occurred on or before November 30, 2002. There was no effect on the accompanying Statement of Operations or Statement of Cash Flows as a result of this transaction.

The results of operations for the three-month period ended November 30, 2002 is not indicative of the results to be expected for the full year.

NOTE 4 - LONG-TERM DEBT

As of November 30, 2002, the Company was not in compliance with certain covenants of its long-term loan agreement. The Company's agreement expired September 1, 2002 and was renewed monthly thereafter. However, as of November 30, 2002, the Company had completed negotiations with its then current bank and another lender to obtain long-term financing. The Company had commitment letters from these financial institutions, however, such commitments were subject to conditions which, at that time, were not fulfilled.

On December 23, 2003, the Company completed its refinancing referred to above. Under such financing the Company received a \$7.5 million Revolving Line of Credit and a \$2.0 million Term Loan, each expiring December 1, 2003. The new revolving working capital provides for borrowing, subject to certain collateral requirements of up to \$7.5 million. The credit line expires December 1, 2003 and bears interest, payable monthly, at 1.0% above the bank's prime (5.25% as of November 30, 2002). The \$2.0 million term note is payable in monthly installments of \$33,333 plus interest at 1.25% above the bank's prime (5.25% as of November 30, 2002). The unpaid balance of approximately \$1.5 million outstanding with the Company's former lender was converted into a five-year subordinated note, payable in monthly installments of \$31,000 plus interest of 11.0%. Under the new loan agreement, the Company is required to maintain certain levels of Tangible Net Worth, Debt to Tangible Net Worth and Debt Service Coverage. Had the new financing

occurred prior to December 1, 2002, the Company would have been in compliance with such covenants.

As a result of the financing described above, the Company's Balance Sheet and related footnotes, as of November 30, 2002, presented herein, reflects the effect of such new financing as if it occurred on or before November 30, 2002 by classifying the existing debt as long-term. Forward-Looking Statement; Risks and Uncertainties

Certain information included in this Quarterly Report on Form 10-Q and other materials filed or to be filed by the Company with the Securities and Exchange Commission contain certain statements that may be considered forward-looking. For this purpose, any statements contained in this report that are not

statements of historical fact may be deemed to be forward-looking statements. Without limiting the foregoing, words such as "may," "will," "expect," "believe," "anticipate," "understanding," or "continue," the negative or other variation thereof, or comparable terminology, are intended to identify forward-looking statements. In addition, from time to time, the Company may release or publish forward-looking statements relating to such matters as anticipated financial performance, business prospects, technological developments and similar matters. The Private Securities Litigation Reform Act of 1995 provides a safe harbor for

forward-looking statements. In order to comply with the terms of the safe harbor, the Company notes that a variety of factors could cause the Company's actual results and experience to differ materially from the anticipated results or other expectations expressed in the Company's forward-looking statements. These statements by their nature involve substantial risks and uncertainties, and actual results may differ materially depending upon a variety of factors, including continued market demand for the types of products and services produced and sold by the Company.

COMPARISON OF THE THREE MONTHS ENDED NOVEMBER 30, 2002 TO THE THREE MONTHS ENDED NOVEMBER 30, 2001.

REVENUES - Revenues for the three months ended November 30, 2002 totaled \$4.3 million as compared to \$3.4 million for the three months ended November 30, 2001, an increase of \$0.9 million or 26%. The revenue increase is a direct result of the Company being awarded additional contracts during the latter part of fiscal year ended August 31, 2002. These additional contracts resulted in the Company incurring 55,100 shop floor hours during the first quarter of 2003, as compared to 48,500 during the same period of 2002, an increase of 6,600 hours or 14%.

As of November 30, 2002, the Company had approximately \$22.6 million in contract backlogs. This compares to approximately \$5.2 million as of November 30, 2001, an increase of \$17.4 million or 335%. This backlog, in shop floor hours, increased from 96,115 as of November 30, 2001 to 267,367 as of November 30, 2002, an increase of 178%.

COST OF SALES - Cost of sales was \$4.0 million or 93% of sales for the three months ended November 30, 2002 as compared to \$3.5 million or 105% of sales for the three months ended November 30, 2001. The increase in gross margin was largely due to the increase in revenue combined with the Company maintaining manufacturing overhead expense at levels consistent with that of the previous comparable quarter.

Direct costs expense increased from \$1.6 million for the three months ended November 30, 2001 to \$2.0 million for the three months ended November 30, 2002, however as a percent of sales it decreased from 48.3% to 45.5%. Direct labor expense was \$1.0 million in 2002 as compared to \$0.9 million in 2001 and as a percent of sales decreasing from 28% to 24%. While direct labor expense increased by only \$84,000 or 9%, actual shop floor hours increased from 48,500 to 55,100. The increase in shop floor hours was a direct result of higher contract levels for the three months ended November 30, 2002. Other direct cost increases included \$112,000 in direct material expense and \$154,000 in outside service expenses. As a percent of sales, these other direct expenses represented 22% for the three months ended November 30, 2002 as compared to 21% for the three months ended November 30, 2001.

Engineering expense increased from \$322,000 for the three months ended November

30, 2001 to \$479,000 for the three months ended November 30, 2002 and as a percent of sales increased from 10% to 11%. This increase was a result of the higher contract backlog in the first quarter ended November 30, 2002 as compared to the same quarter last year. The Company during this period increased its engineering staff in order to process the additional awarded contracts

received during fiscal year ended August 31, 2002. Accordingly, the largest increase in engineering expense was \$127,000 in engineering salaries.

Manufacturing overhead expense remained steady at \$1.6 million, however as a result of the increase in revenues, manufacturing overhead, as a percent of sales, decreased from 48% for the three months ended November 30, 2001 to 37% for the three months ended November 30, 2002.

SELLING & ADMINISTRATIVE EXPENSES - Selling and administrative expenses decreased from \$466,000 or 14% of sales for the three months ended November 30, 2001 to \$322,000 or 7% of sales for the three months ended November 30, 2002. This decrease was largely due to decreases of \$52,000 in State of Michigan Single Business Tax, \$20,000 in insurance expense and \$14,000 in training expense.

INTEREST EXPENSE - Interest expense for the three months ended November 30, 2002 was approximately \$157,000 as compared to approximately \$168,000 for the three months ended November 30, 2001. As a percentage of sales, interest expense decreased from 5% in the quarter ended November 30, 2001 to 4% for the quarter ended November 30, 2002. This decrease was the result of lower debt levels and interest rates during the quarter ended November 30, 2002 as compared to the same period last year.

FEDERAL INCOME TAXES

For the three months ended November 30, 2002, the Company recorded a valuation allowance of approximately \$64,000 to offset the income tax benefit.

LIQUIDITY AND CAPITAL RESOURCES

During the three months ended November 30, 2002, the Company's cash used in operating activities was \$1,980,000. This largely resulted from an increase of \$4,904,000 in account receivables and a \$2,650,000 decrease in contracts in process. From investing activities, the Company incurred an increase in other assets (cash surrender value of life insurance policies) of \$22,000. The Company used \$333,500 to reduce long-term debt.

On December 23, 2002, the Company closed a new one-year, \$9.5 million credit facility of which \$7.5 million is a Revolving Line of Credit. The Company believes that the unused portion of the revolving bank working capital credit line, receipt of progress payments from the Company's major customer (of which \$2.9 million was received in December 2002) and the funds generated from operations will be sufficient to cover anticipated cash needs through fiscal 2003. However, depending on the level of future sales, and the terms of such sales, an expanded credit line may be necessary to finance increases in trade accounts receivable and contracts in process. The Company believes it will be able to obtain such expanded credit line, if required, on generally the same terms as the existing credit line.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

None.

ITEM 4. CONTROLS AND PROCEDURES

The Company maintains controls and procedures designed to ensure that information required to be disclosed in the reports that the Company files or submits under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time period specified in the rules and forms of the Securities and Exchange Commission. Based upon their evaluation of those controls and procedures performed within 90 days of the filing date of this report, the Chief Executive and Chief Financial Officers of the Company concluded that the Company's disclosure controls and procedures were adequate.

The Company made no significant changes in its internal controls or in other factors that could significantly affect those controls subsequent to the date of the evaluation of those controls by the Chief Executive and Chief Financial Officers.

PART II. OTHER INFORMATION

ITEM 5. OTHER INFORMATION

Recent Events

As of November 30, 2002, the Company was not in compliance with certain covenants of its long-term loan agreement. The Company's agreement expired September 1, 2002 and was renewed monthly thereafter. However, as of November 30, 2002, the Company completed negotiations with its then current bank and another lender to obtain long-term financing. The Company had commitment letters from these financial institutions, however, such commitments were subject to conditions which, at that time, were not fulfilled.

On December 23, 2003, the Company completed its refinancing referred to above. Under such financing the Company received a \$7.5 million Revolving Line of Credit and a \$2.0 million Term Loan, each expiring December 1, 2003. The unpaid balance of approximately \$1.5 million outstanding with the Company's former lender was converted into a five-year subordinated note. Under the new loan agreement, the Company is required to maintain certain levels of Tangible Net Worth, Debt to Tangible Net Worth and Debt Service Coverage. Had the new financing occurred prior to December 1, 2002, the Company would have been in compliance with such covenants.

As a result of the financing described above, the Company's Balance Sheet and related footnotes, as of November 30, 2002, presented herein, reflects the effect of such new financing as if it occurred on or before November 30, 2002. There was no effect on the accompanying Statement of Operations or Statement of Cash Flows as a result of this transaction.
