**Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant**

On October 27, 2005, SS&C Technologies, Inc. (the Company) borrowed \$8,000,000 pursuant to its credit agreement, dated as of April 13, 2005, as amended (the Credit Agreement), with Fleet National Bank, a Bank of America Company. The proceeds of the \$8,000,000 loan, which is a Base Rate Loan (as defined in the Credit Agreement) bearing interest at 6.75% per annum, were used as partial consideration for the Company's purchase of the outstanding capital stock of Open Information Systems, Inc. on October 31, 2005.

The information contained below under Item 8.01 is incorporated herein by reference.

**Item 8.01. Other Events**

On October 31, 2005, the Company purchased all of the issued and outstanding shares of capital stock of Open Information Systems, Inc. ( OIS ) pursuant to the terms of a Stock Purchase Agreement (the Purchase Agreement), dated as of October 31, 2005, by and among the Company, OIS and Thomas McMackin and Thomas Groshans (collectively, the Stockholders). The aggregate consideration paid by the Company at closing was \$24,000,000 in cash, of which \$2,400,000 is being held in escrow to secure indemnification obligations of the Stockholders pursuant to the Purchase Agreement. The Stockholders are entitled to additional earn-out consideration (payable in March 2007 and March 2008) if OIS achieves specified revenue targets for fiscal 2006 and fiscal 2007. Of the \$24,000,000 purchase price paid at closing, \$16,000,000 was paid from the Company's working capital and \$8,000,000 was borrowed by the Company under the Credit Agreement.

The terms of the Purchase Agreement were determined on the basis of arm's-length negotiations. Other than with respect to the transactions contemplated by the Purchase Agreement, the Company does not consider its relationship with OIS or the Stockholders to be material, and, to the Company's knowledge, no affiliates of the Company, or any director or officer of the Company, or any associate of such director or officer, has a material relationship with OIS or the Stockholders.

Located in Sandy Hook, Connecticut, OIS provides web-based solutions that support critical applications for global financial institutions. OIS's Money Market Manager (M3) is used by banks and broker/dealers for money market issuance services, providing issuing and paying agent functionality. OIS's Information Manager is a comprehensive tool for financial institutions, allowing banks to web-enable core business applications for Internet transaction entry, scheduling, reporting, work flow management and third-party interfaces.

The Purchase Agreement provides for customary representations, warranties and covenants by the Company, OIS and the Stockholders. In connection with the transaction, the Company also entered into an employment agreement with Thomas McMackin, who joined the Company as Senior Vice President and General Manager, OIS.
