PROXY STATEMENT

FOR

ANNUAL MEETING OF SHAREHOLDERS
THURSDAY, JANUARY 29, 2004

This Proxy Statement is furnished in connection with the solicitation on behalf of the Board of Directors of The Scotts Company (the "Company") of proxies for use at the Annual Meeting of Shareholders to be held at The Berger Learning Center, 14111 Scottslawn Road, Marysville, Ohio 43041, on Thursday, January 29, 2004, at 10:00 a.m., local time, or any adjournment. This Proxy Statement and the accompanying proxy were first sent or given to shareholders on or about December 19, 2003. Only holders of record of the Company's common shares on December 5, 2003 will be entitled to receive notice of and to vote at the Annual Meeting. As of December 5, 2003, there were 32,246,606 common shares outstanding. Each common share entitles the holder thereof to one vote. There are no cumulative voting rights in the election of directors. A quorum for the Annual Meeting is a majority of the outstanding common shares.

A proxy card for use at the Annual Meeting is enclosed. You may ensure your representation by completing, signing, dating and promptly returning the enclosed proxy card. A return envelope, which requires no postage if mailed in the United States, has been provided for your use. Alternatively, shareholders holding common shares registered directly with the Company's transfer agent, National City Bank, may transmit their voting instructions electronically via the Internet or by using the toll-free telephone number stated on the proxy card. The deadline for transmitting voting instructions electronically via the Internet or telephonically is 11:59 p.m., local time in Marysville, Ohio, on January 28, 2004. The Internet and telephone voting procedures are designed to authenticate shareholders' identities, to allow shareholders to give their voting instructions and to confirm that shareholders' voting instructions have been properly recorded. Shareholders providing voting instructions through the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that will be borne by such shareholders. Shareholders holding common shares in "street name" with a broker, bank or other holder of record should review the information provided to them by such holder of record. This information will set forth the procedures to be followed in instructing the holder of record how to vote the "street name" common shares and how to revoke previously given instructions.

You may revoke your proxy at any time before it is actually voted at the Annual Meeting by giving written notice of revocation to the Secretary of the Company, by executing and returning to the Company a later-dated proxy card, by voting in person at the Annual Meeting (but only if you are the registered shareholder), or by submitting later-dated electronic voting instructions through the Internet or by telephone. Attending the Annual Meeting does not, in itself, revoke a previously appointed proxy.

Solicitation of proxies may be made by mail, personal interview, telephone, facsimile or telegraph by directors, officers and regular employees of the Company, none of whom will receive additional compensation for such solicitation activities. Other than the Internet access and telephone usage charges described above, all proxy solicitation costs will be borne by the Company. The Company will reimburse its transfer agent, banks, brokers and other custodians, nominees and fiduciaries for their reasonable costs in sending proxy materials to shareholders.

Edgar Filing: SCOTTS COMPANY - Form DEF 14A

If a shareholder is a participant in The Scotts Company Retirement Savings Plan (the "RSP") and common share units have been allocated to such individual's account in the RSP, the shareholder is entitled to instruct the trustee of the RSP how to vote the common shares represented by those units. These shareholders may receive their proxy cards separately. If no instructions are given by a participant to the trustee of the RSP, the trustee will not vote those common shares.

The results of shareholder voting will be tabulated by the inspectors of election appointed for the Annual Meeting. Common shares represented by properly executed proxies returned to the Company prior to the Annual Meeting or represented by properly authenticated electronic voting instructions recorded through the Internet or by telephone will be counted toward the establishment of a quorum for the Annual Meeting even though they are marked "Withhold All" or "For All Except" or are not marked at all. Broker/dealers who hold common shares in street name may, under the applicable rules of the exchange and other self-regulatory organizations of which the broker/dealers are members, sign and submit proxies for such common shares and may vote such common shares on routine matters such as the election of directors, but broker/dealers may not vote such common shares on non-routine matters without specific instructions from the customer who owns such common shares. Proxies that are signed and submitted by broker/dealers that have not been voted on certain matters as described in the previous sentence are referred to as broker non-votes. Broker non-votes count toward the establishment of a quorum for the Annual Meeting.

Those common shares represented by properly executed proxies, or properly authenticated voting instructions recorded electronically through the Internet or by telephone, that are received prior to the Annual Meeting and not revoked, will be voted as directed by the shareholder. All valid proxies received prior to the Annual Meeting which do not specify how common shares should be voted will be voted FOR the election as directors of the nominees listed below under "PROPOSAL NUMBER 1 -- ELECTION OF DIRECTORS".

2

PROPOSAL NUMBER 1

ELECTION OF DIRECTORS

Pursuant to the Code of Regulations of the Company, the Board of Directors has set the authorized number of directors at 12, divided into three classes with regular three-year staggered terms. The election of each class of directors is a separate election. The four Class III directors hold office for terms expiring at the Annual Meeting, the four Class I directors hold office for terms expiring in 2005, and the four Class II directors hold office for terms expiring in 2006.

The Board of Directors proposes that the four nominees identified below be elected to Class III for a new term to expire at the Annual Meeting of Shareholders to be held in 2007 and until their successors are duly elected and qualified, or until their earlier death, resignation or removal. The Board of Directors has no reason to believe that the nominees will not serve if elected. If a nominee who would otherwise receive the required number of votes becomes unavailable or unable to serve as a director, the individuals designated as proxy holders reserve full discretion to vote the common shares represented by the proxies they hold for the election of the remaining nominees and for the election of any substitute nominee designated by the Board of Directors.

The Board of Directors has reviewed, considered and discussed each director's relationships, either directly or indirectly, with the Company and its subsidiaries and the compensation each director receives, directly or indirectly, from the Company and its subsidiaries in order to determine whether such director qualifies as "independent" for purposes of the applicable sections of the New York Stock Exchange's Listed Company Manual, and has determined that the Board has at least a majority of independent directors. The Board of Directors has determined that each of the following directors has no financial or personal ties, either directly or indirectly, with the Company or its subsidiaries (other than director compensation and ownership of common shares as described in this Proxy Statement) and thus qualifies as independent: Lynn J. Beasley, Gordon F. Brunner, Arnold W. Donald, Joseph P. Flannery, Albert E. Harris, Karen G. Mills, Stephanie M. Shern, John M. Sullivan and John Walker, Ph.D.

The following information with respect to the principal occupation or employment, other affiliations and business experience during the last five years of each director or nominee for election as a director, has been furnished to the Company by each director or nominee. Except where indicated, each director or nominee has had the same principal occupation for the last five years.

RECOMMENDATION AND VOTE

Under Ohio law and the Company's Code of Regulations, the four nominees for election in Class III receiving the greatest number of votes will be elected. Common shares represented by properly executed and returned proxies will be voted FOR the election of the above-named nominees unless authority to vote for one or more nominees is withheld. Common shares as to which the authority to vote is withheld will be counted for quorum purposes but will not be counted

toward the election of directors or toward the election of the individual nominees specified on the form of proxy.

YOUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF THE ABOVE-NAMED CLASS III DIRECTOR NOMINEES.

COMMITTEES AND MEETINGS OF THE BOARD

The Board of Directors held seven regularly scheduled or special meetings during the Company's fiscal year ended September 30, 2003 (the "2003 fiscal year"). The Board of Directors has four significant standing committees: the Audit Committee; the Compensation and Organization Committee; the Finance Committee; and the Governance and Nominating Committee. Each current member of the Board of Directors attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and of the Board committees on which he or she served, in each case during the period such director served in the 2003 fiscal year.

AUDIT COMMITTEE

The Audit Committee is organized and conducts its business pursuant to a written charter adopted by the Board of Directors, which is attached to this Proxy Statement as Appendix I. The Audit Committee is responsible for (1) overseeing the accounting and financial reporting processes of the Company, (2) overseeing the audits of the financial statements of the Company, (3) appointing, compensating and overseeing the independent auditors employed by the Company for the purpose of preparing or issuing an audit report or related work, (4) establishing procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls, auditing matters or other compliance matters, and (5) assisting the Board in its oversight of: (a) the integrity of the Company's financial statements; (b) the Company's compliance with applicable laws, rules and regulations, including applicable rules of the New York Stock Exchange; (c) the independent auditors' qualifications and independence; and (d) the performance of the Company's internal audit function. Each member of the Audit Committee qualifies as independent under the applicable sections of the New York Stock Exchange's Listed Company Manual and Rule 10A-3 promulgated under Section 10A(m)(3) of the Exchange Act. The Board of Directors has determined that Stephanie M. Shern qualifies as an audit committee financial expert as defined by the rules adopted by the SEC. The Audit Committee met eleven times during the 2003 fiscal year. The Audit Committee's report relating to the Company's 2003 fiscal year appears on page 25.

COMPENSATION AND ORGANIZATION COMMITTEE

The Compensation and Organization Committee reviews, considers and acts upon matters concerning salary and other compensation and benefits of all executive officers and certain other employees of the Company. In addition, the Compensation and Organization Committee acts upon all matters concerning, and exercises such authority as is delegated to it under the provisions of, any benefit, retirement or pension plan maintained by the Company. The Compensation and Organization Committee also advises the Board of Directors regarding executive officer organizational issues and succession plans and serves as the committee administering the Company's 1992 Long Term Incentive Plan ("1992 Plan"), 1996 Plan and 2003 Plan. The Compensation and Organization Committee met six times during the 2003 fiscal year. Each member of the Compensation and Organization Committee qualifies as independent under the applicable sections of the New York Stock Exchange's Listed Company Manual. The Compensation and Organization Committee's report on executive compensation appears on pages 19 through 23.

Edgar Filing: SCOTTS COMPANY - Form DEF 14A

FINANCE COMMITTEE

The Finance Committee provides oversight of the financial plans and policies of the Company and its subsidiaries by reviewing annual business plans; operating performance goals; investment, dividend payment and stock repurchase programs; financial forecasts; and general corporate financing matters. The Finance Committee met six times during the 2003 fiscal year.

GOVERNANCE AND NOMINATING COMMITTEE

The Governance and Nominating Committee recommends policies on the composition of the Board of Directors and nominees for membership on the Board of Directors and Board committees. The Governance and Nominating Committee has not established a procedure for shareholders to recommend nominees to the Board of Directors for consideration at the Annual Meeting. Rather, the Governance and Nominating Committee conducts its own search for available, qualified nominees. Each member of the Governance and Nominating Committee qualifies as independent under the applicable sections of the New York Stock Exchange's Listed Company Manual. The Governance and Nominating Committee is also responsible for developing and recommending to the Board of Directors corporate governance principles applicable to the Company and overseeing the evaluation of the Board of Directors and management. The Governance and Nominating Committee met five times during the 2003 fiscal year.

COMPENSATION OF DIRECTORS

Each director of the Company who is not an employee of the Company (the "non-employee directors") receives a \$40,000 annual retainer for Board of Directors and Board committee meetings plus reimbursement of all reasonable travel and other expenses of attending such meetings. Members of the Audit Committee get an additional \$5,000 annually. Under each of the 1996 Plan and the 2003 Plan, non-employee directors may elect to receive all or a portion, in 25% increments, of their annual retainer and other fees paid for service as a director in cash or in stock units. If stock units are elected, the non-employee director receives a number of stock units determined by dividing the chosen dollar amount by the fair market value of the Company's common shares on the first trading day following the date of the annual meeting of shareholders for which the deferred amount otherwise would have been paid. Final distributions are made in cash or common shares, as elected by the non-employee director, upon the date that the non-employee director ceases to be a member of the Board of Directors, upon the date the non-employee director has specified in his or her deferral form or upon a "change in control" (as defined in each of the 1996 Plan and the 2003 Plan), whichever is earlier. Distributions may be made either in a lump sum or in installments over a period of up to ten years, as elected by the non-employee director. The non-employee directors may elect stock units under either the 1996 Plan or the 2003 Plan.

Under either the 1996 Plan or the 2003 Plan, non-employee directors also receive an annual grant, on the first business day following the date of each annual meeting of shareholders, of options to purchase 5,000 common shares at an exercise price equal to the fair market value of the common shares on the grant date. Non-employee directors who are members of one or more Board committees receive options to purchase an additional 500 common shares for each committee on which they serve (with committee chairs receiving options to purchase a total of an additional 1,500 common shares for each committee they chair). Options granted to a non-employee director become exercisable six months after the grant date and remain exercisable until the earlier to occur of the tenth anniversary of the grant date or the first anniversary of the date the non-employee director ceases to be a member of the Company's Board of Directors. However, if the non-employee director ceases to be a member of the Board of Directors after (a)

Edgar Filing: SCOTTS COMPANY - Form DEF 14A

having been convicted of, or pled guilty or nolo contendere to, a felony, his or her options granted under the 1996 Plan will be cancelled on the date he or she ceases to be a director, or (b) having retired after serving at least one full term, any outstanding options granted under either the 1996 Plan or the 2003 Plan will remain exercisable for a period of five years following retirement subject to the stated terms of the options. To the extent a grant is made under one plan, the automatic grant under the other plan would not apply.

11

Upon a change in control of the Company, each non-employee director's outstanding options granted under the 2003 Plan will be cancelled, unless (a) the Company's common shares remain publicly traded, (b) the non-employee director remains a director of the Company after the change of control or (c) the non-employee director exercises, with the permission of the Compensation and Organization Committee, the non-employee director's outstanding options within 15 days of the date of the change in control. In addition, each non-employee director's outstanding options granted under the 1996 Plan will be cancelled unless the non-employee director exercises, with the permission of the Compensation and Organization Committee, the non-employee director's outstanding options within 15 days of the date of the change in control. For each cancelled option, a non-employee director will receive cash in the amount of, or common shares having a value equal to, the difference between the change in control price of a common share (calculated pursuant to the terms of the applicable plan) and the exercise price of the cancelled option.

On November 5, 2002, the Company entered into a letter agreement with Patrick J. Norton, providing that from January 1, 2003 through December 31, 2005, Mr. Norton will remain an employee of the Company with limited duties, primarily acting as an advisor for the Scotts LawnService(R) business. Mr. Norton will receive an annual fee of \$11,000 for his work as an advisor and will be eligible to receive options covering 4,500 common shares annually. As of December 31, 2005, Mr. Norton will be entitled to continue to participate in the Company's group medical and dental plans under the prevailing annual COBRA rates until Mr. Norton's 65th birthday on November 19, 2015. If Mr. Norton's employment is terminated by the Company other than for cause, Mr. Norton will be entitled to his options and benefits through December 31, 2005. In addition, so long as Mr. Norton remains on the Company's Board of Directors through 2005, he will be entitled to compensation of \$30,000 each year and receive 5,500 options annually, in addition to his compensation as an advisor.

(1) In the event of a "change in control" (as defined in each of the 1996 Plan and the 2003 Plan), all freestanding SARs granted under the 2003 Plan will be deemed exercisable and liquidated in a single lump sum cash payment. Also, in the event of a change in control, each holder of options granted under the 1996 Plan will be permitted, in the holder's discretion, to surrender any option or portion thereof in exchange for either cash equal to the excess of the change in control price as defined below over the exercise price for such option or, in the discretion of the Compensation and Organization Committee, for whole common shares with a value equal to the excess of the change in control price over the exercise price of the option plus cash equal to the fair market value of any fractional common share. The Compensation and Organization Committee may allow the holder thereof to exercise any outstanding options by following the normal procedures for exercising options with 15 days of the date of the change in control. The above-described accelerated payments will not be made to the holder of options or SARs if the Compensation and Organization Committee determines, prior to the change in control and subject to requirements contained in each plan, that immediately after the change in control, the options or SARs will be honored or assumed, or new rights with substantially equivalent economic value substituted therefor, by the holder's new employer. The "change in control price" will be (1) the highest price per share offered in conjunction with the transaction resulting in the change in control or (2) in the event of a change in control not related to the transfer of stock, the highest closing price of a common share of the Company as reported on the New York Stock Exchange on any of the 30 consecutive trading days ending on the last trading day before the change in control occurs. In the event of termination of employment by reason of retirement, disability or death, the options and SARs may thereafter be exercised in full for a period of five years, subject to the stated terms of the options and SARs. The options and SARs are forfeited if the holder's employment is terminated for cause. If the employment of the holder of options or SARs is terminated for any reason other than retirement, disability, death or for cause, any vested options or SARs held at the date of termination may be exercised for a period of 90 days, subject to the stated terms of the options or SARs.

(2) The dollar amounts reflected in this table are the result of calculations at the 5% and 10% annual appreciation rates set by the SEC for illustrative purposes, and assume the options and SARs are held until their respective expiration dates. Such dollar amounts are not intended to forecast future financial performance or possible future appreciation in the price of the Company's common shares. Shareholders are therefore cautioned against drawing any conclusions from the appreciation data shown, aside from the fact that the holders of the options and SARs will only realize value from the grants shown if the price of the Company's common shares appreciates, which benefits all shareholders commensurately.

Please see the description of the Executive Retirement Plan below which addresses the manner in which the number of common share units attributable to a participant's account is determined. Common shares which may in the future be attributable to participants' accounts relating to common share units are not included. The Company maintains a Registration Statement on Form S-8 (Registration No. 333-72715) pursuant to which a total of 250,000 common shares are registered for issuance under the Executive Retirement Plan. No common shares had been issued under the Executive Retirement Plan as of September 30, 2003.

EXECUTIVE RETIREMENT PLAN

The ERP is an unfunded non-qualified deferred compensation plan that allows certain of the Company's executive management and other highly compensated employees to defer compensation and to earn the Company-funded benefits that they could have deferred to and earned under the RSP but for Internal Revenue Code limits imposed on the RSP. The ERP also provides participants with the opportunity to defer all or any part of the amount awarded under the Company's Executive Annual Incentive Plan (the "Executive Incentive Plan") or any incentive compensation paid pursuant to an employment agreement. Subject to certain restrictions, participants may direct that amounts credited to them under the ERP be adjusted by reference to a Company stock fund or to one or more outside

16

investment funds made available by the ERP's administrative committee. Outside investment funds do not include common shares. The amount credited to a participant in the Company stock fund is recorded as common share units, the number of which is determined by dividing the amount credited for the participant to the Company stock fund by the fair market value of common shares when the determination is made. The amount credited to a participant in an outside investment fund is recorded as outside investment fund units, the number of which is determined by dividing the amount credited for the participant to each outside investment fund by the market value of the outside investment fund when the determination is made. Distributions from the ERP generally begin when the participant terminates employment (although the participant may specify a different date) and normally are paid in either a lump sum or in annual installments over no more than ten years, whichever the participant has elected. Distributions from the Company stock fund always are made in the form of whole common shares equal to the number of whole common share units then credited to the participant and the value of fractional common share units is distributed in cash. Distributions from outside investment funds always are made in cash equal to the value of each outside investment unit then credited to the participant multiplied by the market value of those units. ERP participants are general unsecured creditors of the Company with respect to their interests in the ERP. The Company expects that the ERP will remain in effect indefinitely. However, the ERP's administrative committee may amend or terminate the ERP at any time.

PENSION PLANS

The Company maintains a tax-qualified, non-contributory defined benefit pension plan (the "Pension Plan"). Eligibility for and accruals under the Pension Plan were frozen as of December 31, 1997.

Monthly benefits under the Pension Plan upon normal retirement (age 65) are determined under the following formula:

Edgar Filing: SCOTTS COMPANY - Form DEF 14A

- (a) (i) 1.5% of the individual's highest average annual compensation for 60 consecutive months during the ten-year period ending December 31, 1997; times
- (ii) years of benefit service through December 31, 1997; reduced by
- (b) (i) 1.25% of the individual's primary Social Security benefit (as of December 31, 1997); times
- (ii) years of benefit service through December 31, 1997.

Compensation includes all earnings plus 401(k) contributions and salary reduction contributions for welfare benefits, but does not include earnings in connection with foreign service, the value of a company car or separation or other special allowances. An individual's primary Social Security benefit is based on the Social Security Act as in effect on December 31, 1997, and assumes constant compensation through age 65 and that the individual will not retire earlier than age 65. No more than 40 years of benefit service are taken into account. The Pension Plan includes additional provisions for early retirement.

Benefits under the Pension Plan are supplemented by benefits under The O.M. Scott & Sons Company Excess Benefit Plan (the "Excess Benefit Plan"). The Excess Benefit Plan was established October 1, 1993 and was frozen as of December 31, 1997. The Excess Benefit Plan provides additional benefits to participants in the Pension Plan whose benefits are reduced by limitations imposed under Sections 415 and 401(a)(17) of the Internal Revenue Code. Under the Excess Benefit Plan, executive officers and certain key employees will receive, at the time and in the same form as benefits are paid under the Pension Plan, additional monthly benefits in an amount which, when added to the benefits paid to each participant under the Pension Plan, will equal the benefit amount such participant would have earned but for the limitations imposed by the Internal Revenue Code.

The estimated annual benefits under the Pension Plan and the Excess Benefit Plan payable upon retirement at normal retirement age for each of the individuals named in the Summary Compensation Table are:

The RSP permits 401(k) contributions, employee after-tax contributions, Company matching contributions, Company retirement contributions, and, between 1998 and 2002 for participants whose benefits were frozen under the Pension Plan (including Dr. Kelty) and the Scotts-Sierra Horticultural Products Company Retirement Plan for Salaried Employees, certain transitional contributions based on age and service.

EMPLOYMENT AGREEMENTS AND TERMINATION OF EMPLOYMENT AND CHANGE-IN-CONTROL ARRANGEMENTS

In connection with the transactions contemplated by the Merger Agreement, the Company entered into an employment agreement with Mr. James Hagedorn (the "Hagedorn Agreement"). The Hagedorn Agreement had an original term of three years, and is automatically renewed for an additional year each subsequent year, unless either party notifies the other party of his/its desire not to renew. The Hagedorn Agreement provides for a minimum annual base salary of \$200,000 for Mr. Hagedorn and participation in the various benefit plans available to senior executive officers of the Company. In addition, pursuant to the Hagedorn Agreement, the Company granted to Mr. Hagedorn options to acquire 24,000 common shares. Upon certain types of termination of employment (e.g., a termination by the Company for any reason other than "cause" (as defined in the Hagedorn Agreement) or a termination by Mr. Hagedorn constituting "good reason" (also as defined)), he will become entitled to receive certain severance benefits including a payment equal to three times the sum of his base salary then in effect plus his highest annual bonus in any of the three preceding years. Upon termination of employment for any other reason, Mr. Hagedorn or his beneficiary will be entitled to receive all unpaid amounts of base salary and benefits under the executive benefit plans in which he participated. The Hagedorn Agreement also contains confidentiality and noncompetition provisions which prevent Mr. Hagedorn from disclosing confidential information about the Company and from competing with the Company during his employment therewith and for an additional three years thereafter.

The Company entered into a letter agreement with Robert F. Bernstock, effective June 1, 2003, relating to his employment as Executive Vice President and President, North America of the Company. If Mr. Bernstock's employment is terminated by the Company, other than for cause, within 18 months following a change in control of the Company (as defined in the 2003 Plan), he will be entitled to receive a lump sum payment within 90 days after termination equal to two times his base salary and two times his target incentive under the Executive Incentive Plan or any successor incentive compensation plan, in each case as in effect at the date of termination, and his SARs and other incentive equity-based awards will vest. In the event of termination of his employment by the Company prior to a change in control, other than for cause, the Company will pay Mr. Bernstock a lump sum within 90 days after termination equal to two times his then current base salary plus a pro-rated incentive payment under the Executive Incentive Plan or any successor incentive compensation plan then in effect for the applicable plan year in which the termination occurs. Mr. Bernstock was paid a one-time signing bonus of \$300,000, with the condition that should he leave the Company for any reason, before completing 24 months of employment with the Company, he will repay the Company a pro-rata amount of the bonus based upon the number of months

18

of employment he completed. In the event of his death, total disability or termination of employment by the Company without cause, the requirement to re-pay the bonus will be waived. He was also granted SARs covering 50,000 common shares as of June 1, 2003.

The Compensation and Organization Committee of the Board of Directors of the Company has approved certain employment, severance and change in control

Edgar Filing: SCOTTS COMPANY - Form DEF 14A

terms applicable to Michael P. Kelty, Ph.D. and Christopher L. Nagel. Pursuant to these terms, if the employment of either of these executive officers is terminated by the Company, other than for cause, within 18 months following a change in control of the Company (as defined in each of the 1996 Plan and the 2003 Plan), such executive officer will be entitled to receive a lump sum payment within 90 days after termination equal to two times the executive officer's base salary plus two times the executive officer's target incentive under the Executive Incentive Plan or any successor incentive compensation plan, in each case as in effect at the date of termination. If the employment of either of these executive officers is terminated by the Company prior to a change in control, other than for cause, such executive officer will be entitled to receive two times the executive officer's base salary in effect at the date of termination in a lump sum within 90 days after termination.

L. Robert Stohler entered into a letter agreement with the Company, dated November 21, 2002, under which Mr. Stohler continued as Executive Vice President, North America until June 30, 2003. Following termination of his employment, Mr. Stohler is to receive an aggregate amount, payable in 12 equal monthly installments, equal to his last annual base salary plus his target incentive under the Executive Incentive Plan in effect at the termination date, less any required tax withholdings. Commencing with his termination date, Mr. Stohler is entitled to receive 12 months of medical and dental coverage at the expense of the Company, and on the date of the last monthly severance payment, the Company will make a lump sum payment equal to the COBRA premium for group medical and dental coverage through his 65th birthday, grossed up for taxes. After Mr. Stohler reaches age 65, he will be entitled to participate in the Scotts' Retiree (Medical) Plan. In addition, options covering 10,000 common shares were granted to Mr. Stohler on November 7, 2002 and SARs covering 20,000 common shares were granted to him on January 30, 2003, as contemplated by the letter agreement. Since Mr. Stohler is considered to have retired, all of his outstanding options and SARs have vested and may be exercised in accordance with the terms of the Company's 1996 and 2003 Plans. If Mr. Stohler dies or becomes totally disabled before the monthly severance payments described above are due, in each case before June 30, 2004, those monthly payments will be made to Mr. Stohler or his estate or beneficiaries, as appropriate, within 90 days of his death or total disability. The Company also paid the balance of Mr. Stohler's Ohio apartment lease at a rental rate of \$1,020 per month from June 30, 2003 through the lease's termination on October 31, 2003.

Mr. Farkouh, pursuant to a letter agreement with the Company dated October 10, 2001, is entitled to receive a lump sum payment equal to two times his base salary plus two times his target incentive under the Executive Incentive Plan or any successor incentive compensation plan then in effect in the event of a change in control or termination of his employment by the Company for any reason other than for cause.

REPORT OF THE COMPENSATION AND ORGANIZATION COMMITTEE ON EXECUTIVE COMPENSATION FOR THE 2003 FISCAL YEAR

ROLE OF THE COMPENSATION AND ORGANIZATION COMMITTEE

The Compensation and Organization Committee is made up of five members of the Board of Directors, each of whom is "independent" as that term is defined in the corporate governance rules of the New York Stock Exchange, Inc. (the "NYSE") as codified in Section 303A of the NYSE Listed Company Manual and any other standards of independence as may be prescribed by law or regulation in respect of the duties undertaken by the Compensation and Organization Committee. The Compensation and Organization Committee reviews the Company's corporate organizational structure, succession planning, ongoing functions and performance of the executive officers and other key management. The Compensation and Organization Committee is responsible for reviewing and making recommendations to the Board regarding incentive-compensation plans and equity-based plans in

accordance with the then

19

applicable rules and regulations of the SEC and the NYSE. It is also responsible for administering each of the Company's incentive-compensation plans, equity-based plans and any other plans that require the Compensation and Organization Committee to administer, or that applicable laws or regulations require the Compensation and Organization Committee to administer, such plans.

The Compensation and Organization Committee reviews and approves (either on its own or together with the other independent directors, as directed by the Board of Directors) the general compensation policies applicable to the CEO and reviews and makes recommendations to the Board of Directors regarding the general compensation policies applicable to the other executive officers of the Company and other key management employees of the Company. The Compensation and Organization Committee reviews and approves Company goals and objectives relevant to the CEO's compensation, evaluating the CEO's performance in light of those goals and objectives, and approves (either on its own or together with the other independent directors, as directed by the Board) the CEO's compensation based on this evaluation. The Compensation and Organization Committee reviews and makes recommendations to the Board of Directors regarding promotion, benefits and compensation for the non-CEO executive officers and other key management employees.

In reaching compensation decisions, the Compensation and Organization Committee reviews information from a variety of sources, which include proxy statement surveys and industry surveys. In addition, the Compensation and Organization Committee has retained external compensation consultants and legal counsel.

OBJECTIVES OF THE EXECUTIVE COMPENSATION PROGRAM

The Compensation and Organization Committee's primary objective is the establishment of compensation programs for the Company's executive officers who are in a position to maximize long-term shareholder value. The executive compensation program is designed with a performance orientation, with a large portion of executive compensation being "at risk." In pursuing this objective, the Compensation and Organization Committee believes that the Company's executive compensation program must:

- Emphasize pay for performance, motivating both long-term and short-term performance for the benefit of the Company's shareholders;
- Place greater emphasis on variable incentive compensation versus fixed or base pay;
- Through its incentive plans, encourage and reward decision-making that emphasizes long-term shareholder value;
- Provide a total compensation program competitive with those companies with which the Company competes for top management talent on a global basis; and
- Ensure the Company's continued growth and performance by attracting, retaining and motivating talented executives and employees necessary to meet the Company's strategic goals.

The Compensation and Organization Committee sets compensation levels which are designed to be competitive with a comparison group of consumer products companies of similar size and complexity (the "Comparison Group"). This

Edgar Filing: SCOTTS COMPANY - Form DEF 14A

comparative data may not include the compensation paid by all of the companies that are included in the S&P 500 Household Index, which is used for comparative purposes in the performance graph on page 24. Base salary and annual incentive opportunities are targeted at the median of the Comparison Group companies, while long-term incentives are targeted at the 50th percentile. The Company's competitive compensation structure has enabled it to attract and retain executives who, as key members of the top management team, have been instrumental in improving the performance of the Company.

The Compensation and Organization Committee does not have a policy that requires the Company's executive compensation programs to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code. The design and administration of the 1996 Plan and the 2003 Plan are intended to qualify any compensation attributable to participation thereunder as performance-based

20

compensation. In all cases, the Compensation and Organization Committee will continue to carefully consider the net cost and value to the shareholders of the Company's compensation policies.

OVERVIEW OF EXECUTIVE COMPENSATION AND 2003 FISCAL YEAR COMPENSATION AND ORGANIZATION COMMITTEE ACTIONS

The Company's executive compensation program presently consists of three principal components:

- Base salary;
- Stock option and incentive equity-based plans; and
- Executive Incentive Plan.

BASE SALARY

The base salaries of the Company's executive officers and subsequent adjustments to those base salaries are determined considering the following factors: (1) the strategic importance to the Company of the executive officer's job function; (2) the individual's performance in his or her position; (3) the individual's potential to make a significant contribution to the Company in the future; and (4) a comparison of industry compensation practices. The Compensation and Organization Committee believes that all of these factors are important and the weighting of each factor varies from individual to individual.

STOCK OPTION AND INCENTIVE EQUITY-BASED PLANS

For the 2003 fiscal year, the Compensation and Organization Committee targeted the long-term incentive equity awards for executive officers at the 50th percentile of total long-term incentive pay at Comparison Group companies. The Compensation and Organization Committee uses the Black-Scholes method to calculate the long-term incentive value of options and SARs to be granted and uses the Comparison Group companies as a benchmark.

For the 2003 fiscal year, the Compensation and Organization Committee targeted grants under the 2003 Plan at a level that was to achieve the desired long-term incentive target. The Compensation and Organization Committee has adjusted grants of options and SARs from such target for certain recipients based on corporate or individual performance.

The 2003 Plan enables the Compensation and Organization Committee to grant both incentive stock options and non-qualified stock options although no

Edgar Filing: SCOTTS COMPANY - Form DEF 14A

incentive stock options have been granted to date. SARs and non-qualified stock options granted typically have a three-year cliff vesting provision; however, this provision is sometimes modified for grants made to associates outside of North America.

EXECUTIVE INCENTIVE PLAN

All executive officers are eligible to participate in the Executive Incentive Plan, which provides annual incentive compensation opportunities based on various performance measures related to the financial performance of the Company for the fiscal year.

The Compensation and Organization Committee oversees the operation of the Executive Incentive Plan. Its members are responsible for evaluating and approving the plan's design as well as the targets and objectives to be met by the Company and its executive officers and the amount of incentive payable for specified levels of attainment of those targets and objectives. At the end of each fiscal year, the Compensation and Organization Committee determines the extent to which the targets and objectives have been met and awards incentive payments accordingly.

21

For Corporate Officers

For the 2003 fiscal year, incentives for executive officers in the corporate group were based on five performance measures. These measures were:

- Net Income
 - Corporate net income before significant non-recurring items
- Net Sales Growth
 - Sales goals established for the Company on a consolidated basis
- ROIC (After-Tax Return on Invested Capital) -- corporate
 - EBITA for the Company on a consolidated basis (LOGO) (1 -- tax rate) divided by the Average Invested Capital (total assets + accumulated amortization of intangibles less liabilities excluding debt + accumulated restructuring charges)
- Free Cash Flow
 - Cash flow from operations less capital expenditures and acquisition spending
- Customer Service -- corporate (composite goal)
 - Product Fill Rate percent (% of orders filled on first delivery)
 - All-In Fill Rate percent (% calculated dollar fill based on potential)

For Business Group Officers

For the 2003 fiscal year, incentives for executive officers in each business group were based on five performance measures. These measures were:

- EBITA for the business group

Edgar Filing: SCOTTS COMPANY - Form DEF 14A

- Earnings Before Interest, Taxes and Amortization
- Net Sales Growth -- group
 - Sales goals established for the business group
- ROIC (After-Tax Return on Invested Capital) -- group
 - EBITA for the business group (LOGO) (1 -- tax rate) divided by the Average Invested Capital (total assets + accumulated amortization of intangibles less liabilities excluding debt + accumulated restructuring charges)
- Free Cash Flow
 - Cash flow from operations less capital expenditures and acquisition spending
- Customer Service -- group (composite goal)
 - Product Fill Rate percent (% of orders filled on first delivery)
 - All-In Fill Rate percent (% calculated dollar fill based on potential)

These measures are weighted for each individual participant and the sum of the measures is multiplied by earnings to reinforce the importance of net income. The Executive Incentive Plan includes a funding trigger below which no payments are made to any participant. This funding trigger is based on achieving prior year consolidated net income.

22

COMPENSATION OF THE CEO

The Compensation and Organization Committee, in conjunction with the CEO, establishes the annual goals and objectives relevant to the CEO's compensation. The Compensation and Organization Committee evaluates the CEO's performance against these goals and objectives annually in executive session.

The Company's executive compensation program is designed with a performance orientation, with a large portion of executive compensation being "at risk." Consistent with the overall goal of the executive compensation program, Mr. Hagedorn's annual base salary was set below the median level at \$600,000. Mr. Hagedorn, was granted a slightly above median stock appreciation right award of 125,000 as of January 30, 2003. Mr. Hagedorn's target incentive opportunity under the Executive Incentive Plan was increased to 80% from 70% of his salary for the 2003 fiscal year. In Mr. Hagedorn's position, 100% of his target incentive opportunity is directly attributable to attainment of corporate performance goals. The measures used to determine Mr. Hagedorn's incentive compensation are the same as for all corporate officers described above. Mr. Hagedorn's overall compensation package is set at the median of the Comparison Group and is structured in a way to provide significant rewards when the Company exceeds its performance goals.

In consideration of the Company's performance, which was 69.2% of target, Mr. Hagedorn received an incentive payment of \$332,009 for the 2003 fiscal year.

26

THE SCOTTS COMPANY THE AUDIT COMMITTEE POLICIES AND PROCEDURES REGARDING APPROVAL OF SERVICES PROVIDED BY THE INDEPENDENT AUDITOR

PURPOSE AND APPLICABILITY

We recognize the importance of maintaining the independent and objective viewpoint of our independent auditors. We believe that maintaining independence, both in fact and in appearance, is a shared responsibility involving management, the Audit Committee and the independent auditors.

The Scotts Company (together with its consolidated subsidiaries, the "Company") recognizes that the independent auditors possess a unique knowledge of the Company and, as a worldwide firm, can provide necessary and valuable services to the Company in addition to the annual audit. Consequently, this policy sets forth policies, guidelines and procedures to be followed by the Company when retaining the independent auditors to perform audit and nonaudit services.

POLICY STATEMENT

All services provided by the independent auditors, both audit and nonaudit, must be pre-approved by the Audit Committee or a designated member of the Audit Committee ("Designated Member"). Pre-approval may be of classes of permitted services, such as "audit services," "merger and acquisition due diligence services" or similar broadly defined predictable or recurring services. Such classes of services could include the following illustrative examples:

Edgar Filing: SCOTTS COMPANY - Form DEF 14A

- Audits of the Company's financial statements required by law, the SEC, lenders, statutory requirements, regulators and others.
- Consents, comfort letters, reviews of registration statements and similar services that incorporate or include financial statements of the Company.
- Employee benefit plan audits.
- Tax compliance and related support for any tax returns filed by the Company.
- Tax planning and support.
- Merger and acquisition due diligence services.
- Internal control reviews.

The Audit Committee may choose to establish fee thresholds for pre-approved services, for example: "merger and acquisition due diligence services with fees not to exceed \$100,000 without additional pre-approval from the Audit Committee."

The Audit Committee may delegate to a Designated Member, who must be independent as defined under the rules and listing standards of the New York Stock Exchange, the authority to grant pre-approvals of permitted services, or classes of permitted services, to be provided by the independent auditors. The decisions of a Designated Member to pre-approve a permitted service shall be reported to the Audit Committee at each of its regularly scheduled meetings.

All fees (audit, audit related, tax and other) paid to the independent auditors will be disclosed in the Company's annual proxy statement in accordance with applicable SEC rules.

ARTICLE II ASSESSMENTS

ARTICLE V AUTHORITY AND SPECIFIC DUTIES

EXTERNAL AUDITOR RETENTION AND OVERSIGHT

1. The Committee shall be directly responsible for the appointment, compensation and oversight of the work of the External Auditor. The Committee shall have the sole authority to retain and replace the External Auditor. The External Auditor shall report directly to the Committee.

2. The Committee shall obtain annually from the External Auditor a written list of all of their relationships with and professional services provided to the Company and its related entities, as required by Independent Standards Board Standard No. 1, Independence Discussions with Committees, other applicable standards and Applicable Rules, and review no less frequently than annually a report from the External Auditor regarding (a) the External Auditor's internal quality-control procedures, (b) any material issues raised by the most recent internal quality-control review, or peer review, of the External Auditor, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the External Auditor, and any steps taken to deal with any such issues, and (c) (to assess the External Auditor's independence) all relationships between the External Auditor and the Company.

3. The Committee shall evaluate the qualifications, performance and independence of the External Auditor and the senior members of the External Auditor team, taking into account (a) the opinions of management and the Company's internal auditors, (b) an assessment of whether the External Auditor's quality controls are adequate, and (c) an assessment of whether the provision of non-audit services, if any, is compatible with maintaining the External Auditor's independence. The Committee shall assure the regular rotation of the lead audit partner of the External Auditor as required by Applicable Rules and consider whether, in order to assure continuing auditor independence, there should be regular rotation of the audit firm itself. The Committee shall take such additional actions as it deems necessary to satisfy itself of the qualifications, performance and independence of the External Auditor.

A-2

4. The Committee shall, and shall have sole authority to, pre-approve (a) all audit services, which may entail providing comfort letters in connection with securities underwritings, and (b) non-audit services, which means any professional services provided to the Company by the External Auditor other than those provided to the Company in connection with an audit or a review of the financial statements of the Company.

5. The Committee may satisfy its pre-approval duties under Paragraph 4 above by delegating pre-approval authority to one or more members of the Committee pursuant to procedures that are detailed as to the particular service. A pre-approval granted pursuant to the preceding sentence shall be reported to the Committee at the next Committee meeting following such pre-approval.

Edgar Filing: SCOTTS COMPANY - Form DEF 14A

6. 7. The Company must disclose the following in each of the Company's proxy statements: (a) the Committee's pre-approval policies and procedures, (b) the percentage of the total fees paid to the External Auditor where the de minimis exception described in Paragraph 6 above was used, and (c) the amount of audit fees, audit-related fees, tax fees and all other fees paid by the Company to the External Auditor for the two most recently completed fiscal years.

8. Upon the commencement of the operations of the Public Company Accounting Oversight Board established under Section 101 of the Sarbanes-Oxley Act of 2002 (the "Oversight Board"), the Committee shall be responsible for overseeing compliance by the Company and the External Auditor with the requirements imposed by the Oversight Board. As considered appropriate by the Committee, the review may include a review of any accounting adjustments that were noted or proposed by the External Auditor but were passed on by the
