PROXY STATEMENT

2006 ANNUAL MEETING OF STOCKHOLDERS OF PAYCHEX, INC.

TO BE HELD ON OCTOBER 5, 2006

This Proxy Statement is being mailed to stockholders of Paychex, Inc. (Paychex or the Company), a Delaware corporation, on or about August 31, 2006, in connection with the solicitation of proxies by the Board of Directors of the Company (the Board) to be voted at the 2006 Annual Meeting of Stockholders (the Annual Meeting). The Annual Meeting will be held on Thursday, October 5, 2006 at 10:00 a.m. at the Rochester Riverside Convention Center, 123 East Main Street, Rochester, New York.

Stockholders Entitled to Vote; Outstanding Shares; Quorum

Paychex has one class of shares outstanding, designated common stock, \$0.01 par value per share. The Board has fixed the close of business on August 7, 2006 as the record date for determining the holders of common stock entitled to notice of, and to vote at, the Annual Meeting. As of the record date, 380,486,995 shares of common stock were issued and outstanding. A majority of the outstanding shares (190,243,499 shares) present at the Annual Meeting in person or by proxy will constitute a quorum. Stockholders will be entitled to one vote for each share of common stock held as of the record date.

How to Vote

Your vote is very important and we hope that you will attend the Annual Meeting. However, whether or not you plan to attend the Annual Meeting, please vote by proxy in accordance with the instructions on your proxy card, voting instruction form (from your bank or broker), or the instructions that you received through electronic mail. There are three convenient ways of submitting your vote:

Voting by Internet You can vote via the Internet by visiting the website noted on your proxy card. Internet voting is available 24 hours a day. We encourage you to vote via the Internet, as it is the most cost-effective way to vote.

Voting by telephone You can also vote your shares by telephone by calling the toll-free telephone number indicated on your proxy card and following the voice prompt instructions. Telephone voting is available 24 hours a day.

Voting by mail If you choose to vote by mail, simply mark your proxy card, sign and date it, and return it in the enclosed postage-paid envelope. If you elected to electronically access the 2006 Proxy Statement and Annual Report, you will not be receiving a proxy card and must vote via the Internet.

The deadline for Internet or telephone voting is 11:59 p.m. Eastern Time on Wednesday, October 4, 2006. If you vote by telephone or the Internet, you do not need to return your proxy card. Signing and returning your proxy card or submitting your proxy via the Internet or by telephone does not affect your right to vote in person if you attend the Annual Meeting and your shares are registered in your name. If your shares are held in the name of a bank, broker, or other holder of record, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote in person at the Annual Meeting.

Revoking Your Proxy

You can revoke your proxy at any time prior to it being voted at the Annual Meeting by:

Providing written notice of revocation to the Secretary of the Company;

Submitting a later-dated proxy via the Internet, telephone, or mail; or

Voting in person at the Annual Meeting.

Table of Contents

General Information on Voting

All votes properly cast and not revoked will be voted at the Annual Meeting in accordance with the stockholder's directions. Shares voted by proxy card received without choices specified will be voted **FOR** the seven nominees for election to the Board of the Company.

Abstentions are counted for the purpose of establishing a quorum and will have the same effect as a vote against a proposal (other than the election of directors). Broker non-votes (i.e., shares held by a broker or nominee who does not have the authority, either express or discretionary, to vote on the matter) will be counted for the purpose of determining the presence or absence of a quorum, but will not be counted for the purpose of determining the number of shares entitled to vote on a specific proposal and thus will not affect the outcome of the vote. With respect to the election of directors (Proposal 1 in this Proxy Statement), neither abstentions nor broker non-votes will affect the outcome of the vote.

Vote Required

The Company's By-laws provide that each director shall be elected by the vote of a majority of the votes cast with respect to the director at any meeting for the election of directors at which a quorum is present, provided that if the number of nominees exceeds the number of directors to be elected, the directors shall be elected by the vote of a plurality of the shares represented in person or by proxy at any such meeting and entitled to vote on the election of directors. A majority of the votes cast means that the number of shares voted for the election of a director nominee must exceed the number of votes cast against the nominee. If a nominee that is an incumbent director does not receive a required majority of the votes cast, the director shall offer to tender his or her resignation to the Board. The Governance and Compensation Committee of the Board shall consider such offer and will make a recommendation to the Board on whether to accept or reject the resignation, or whether other action should be taken. The Board will consider the committee's recommendation and will determine whether to accept such offer.

Voting by Participants in the Paychex Employee Stock Ownership Plan Stock Fund

If a stockholder is a participant in the Paychex Employee Stock Ownership Plan Stock Fund (ESOP) of the Paychex 401(k) Incentive Retirement Plan, the proxy card also will serve as a voting instruction for Fidelity Management Trust Company (the Trustee), where all accounts are registered in the same name. As a participant in the ESOP, the stockholder has the right to direct the Trustee, who is the holder of record, regarding how to vote the shares of common stock credited to the participant's account at the Annual Meeting. The participant's voting instructions will be tabulated confidentially. Only the Trustee and/or the tabulator will have access to the participant's individual voting direction. If voting instructions for the shares of common stock in the ESOP are not received, those shares will be voted by the Trustee in the same proportions as the shares for which voting instructions were received from other participants in the ESOP. Voting by ESOP participants will close at 11:59 p.m. Eastern Time on September 29, 2006. The Trustee will then vote all shares of common stock held in the ESOP by the established deadline.

CORPORATE GOVERNANCE

Information about the Board of Directors and Corporate Governance

The Board is elected by the stockholders to oversee the overall success of the Company, review its operational and financial capabilities, and periodically assess its long-term strategic objectives. The Board serves as the final decision-making body of the Company, except for those matters for which authority is reserved to or shared with the stockholders. The Board selects and oversees the members of senior management, who are charged by the Board with conducting the day-to-day business of the Company.

Regularly scheduled executive sessions of the independent members of the Board, without members of management, are held in conjunction with meetings of the Board. These meetings of non-management directors include the evaluation of the Chief Executive Officer (CEO) and are held on a regular basis. The Board has selected Mr. Tucci to preside at all executive sessions of the independent directors.

The Board met four times during the fiscal year ended May 31, 2006 (fiscal 2006). To the extent practicable, directors are expected to attend all Board meetings and meetings of the committees on which they serve. Each director attended more than 80% of all meetings of the Board and of the committees on which such director served during fiscal 2006. Directors are encouraged to attend annual meetings of stockholders. Last year, seven directors attended the 2005 Annual Meeting of Stockholders.

The Governance and Compensation Committee leads the process of Board and committee evaluation and carefully examines the performance and qualifications of each director nominee before deciding whether to recommend him or her to the Board for nomination. The Governance and Compensation Committee periodically reviews and assesses the Company's corporate governance policies.

In its annual review of director independence, the Board considers many facts and circumstances, including but not limited to, commercial business, banking, consulting, legal, accounting, charitable, or other business relationships a director may have with the Company. Based on its review, the Board has determined that each of the directors, other than Mr. Golisano and Mr. Judge, is independent within the meaning of applicable Securities and Exchange Commission (SEC) and The NASDAQ Stock Market (NASDAQ) director independence standards.

Director Compensation

In fiscal 2006, outside directors were paid an annual retainer of \$25,000, paid in quarterly installments, plus \$2,500 for each Board meeting attended, and \$1,000 for each committee meeting attended. The Chairman of the Audit Committee, currently Mr. Flaschen, was paid an additional \$1,000 for each committee meeting chaired.

In July 2005, each outside director was awarded a stock option grant under the Paychex, Inc. 2002 Stock Incentive Plan, to purchase shares of the Company's common stock at an exercise price of \$33.68 per share, which expire in July 2015. The exercise price of the stock options granted was equal to the market price of the underlying stock on the date of grant. The number of options awarded to each outside director is included in the following Director Compensation table. Options expire on the one-year anniversary of an outside director's departure from the Board.

In fiscal 2006, the Chairman of the Board received an annual salary of \$140,000. In addition, he had other compensation that included \$4,200 of Company-matching contributions under the Paychex, Inc. 401(k) Incentive Retirement Plan and \$7,125 in Company-provided benefits for standard life and health insurance. The Chairman does not receive any other director fees or director stock awards.

serve as an independent and objective party to monitor the Company's financial reporting process and internal control system;

Table of Contents

provide an open avenue of communication among the independent accountants, financial and senior management, the internal auditors, and the Board.

Investment Committee. The primary responsibilities of the Investment Committee are to:

review the Company's investment policies and strategies, and the performance of the Company's investment portfolios; and

determine that the investment portfolios are managed in compliance with the investment policy.

Governance and Compensation Committee. The primary responsibilities of the Governance and Compensation Committee are to:

evaluate and determine compensation for members of the Board, CEO, and senior executive officers;

provide general oversight with respect to governance of the Board; and

identify, evaluate, and recommend to the Board candidates for nomination for election to the Board.

The Board has determined that all members of the Audit Committee meet the independence, experience, and other applicable NASDAQ listing requirements, and that Mr. Flaschen qualifies as an Audit Committee Financial Expert, as defined by applicable SEC rules. The Board has also determined that all members of the Governance and Compensation Committee meet the NASDAQ independence criteria. Matters presented to the Board by the Governance and Compensation Committee are discussed and decided upon by the outside directors, which in fiscal 2006 were all directors except for Mr. Judge and Mr. Golisano.

The Audit, Investment, and Governance and Compensation Committees' responsibilities are more fully described in each committee's charter adopted by the Board, which is accessible on the Company's website, www.paychex.com at the Investor Relations section under Corporate Governance.

Nomination Process

The Governance and Compensation Committee performs the function of a nominating committee. The Board has determined that it is necessary for the continued success of the Company to ensure that the Board is composed of individuals having a variety of complementary experience, education, training, and relationships relevant to the then-current needs of the Board and the Company. The Nomination Policy included in the Governance and Compensation Committee Charter is intended to achieve this result.

In evaluating candidates for nomination to the Board, the Nomination Policy requires Governance and Compensation Committee members to consider the contribution that a candidate for nomination would be expected to make to the Board and the Company, based upon the current composition and needs of the Board, and the candidate's demonstrated business judgment, leadership abilities, integrity, prior experience, education, training, relationships, and other factors that the Board determines relevant. In identifying candidates for nomination to fill vacancies created by the expiration of the term of any incumbent director, the Nomination Policy requires Governance and Compensation Committee members to determine whether such incumbent director is willing to stand for re-election and, if so, to take into consideration the value to the Board and to the Company of continuity and familiarity with the Company's business. The Board has previously used a third party search firm to identify director candidates and the charter authorizes the Governance and Compensation Committee to continue this practice.

The Nomination Policy requires the Governance and Compensation Committee to consider candidates for nomination to the Board recommended by any reasonable source, including stockholders. Stockholders who wish to do so may recommend candidates for nomination by identifying such candidates and providing relevant biographical information in written communications to the chairman of the Governance and Compensation Committee in accordance with the policy described below in the Section entitled Communications with the Board of Directors.

The Company purchased approximately \$145,000 of services from Iron Mountain Incorporated in fiscal 2006.

Governance and Compensation Committee Interlocks and Insider Participation

REPORT OF THE GOVERNANCE AND COMPENSATION COMMITTEE

Background

The Governance and Compensation Committee's (the Committee) responsibilities are detailed in the Governance and Compensation Committee Charter and highlighted in the Corporate Governance section of this Proxy Statement. As part of these responsibilities, the Committee makes recommendations with respect to officers' salaries and grants of stock awards to the Company's employees. The Committee's recommendations are then presented to the Board for discussion and decision by the outside directors, which in fiscal 2006 were all directors except Mr. Judge and Mr. Golisano.

Annual Compensation Review

Prior to setting compensation for the following year, the Committee conducts a full review of the Company's executive compensation plan, including an analysis of, and discussion regarding, each component of compensation for each of the officers. The Committee conducts this review to ensure that the executive compensation plan remains competitive with respect to evolving business needs, best compensation practices, and relevant corporate governance principles.

As the Committee reviews the compensation plan each year, one of several factors considered is how the Company compares to other peer companies. The Committee reviews various reports and market survey information to determine if the Company's compensation methodologies are reasonable given current competitive practices, best practices, and other compensation and benefit trends. While the Committee reviews the data and considers how the executive compensation plan and individual elements thereof compare to those of the peer companies, the Committee generally does not target the executive compensation plan to any particular percentile of other companies Paychex may compete with for executive management.

The Committee annually reviews and approves the selection of peer companies for its review and they may vary from year to year based upon changes in the Company's business and industry. These companies are not necessarily limited to the markets in which Paychex does business.

Based on the Committee's review in fiscal 2006, the Committee concluded that the total aggregate compensation for each of the officers to be reasonable and appropriate.

Officer Compensation Plan Objectives

The overall objective of the Company's officer compensation plan is to be competitive with companies of similar size and performance; attract, retain, and develop highly qualified executives; reward exceptional individual performance; tie compensation to overall Company financial and strategic objectives; and align the interests of officers with the interests of the stockholders. To achieve these objectives, the Company's executive compensation plan has been designed to:

- be closely linked to and deliver scalable pay opportunities based on Paychex and individual performance;

- have incentives based on a wide range of challenging financial, operational, strategic, and other Company goals and initiatives;

- provide the appropriate mix of individualized fixed and at-risk compensation and short- and long-term incentives based on the executive's role and responsibilities, thus providing considerable opportunities for superior performance and downside risk if performance goals are not achieved; and

- be clearly communicated to officers, stockholders, and other key parties.

For each individual executive compensation plan, the Company uses a combination of compensation elements, including base salary, annual incentive bonus, and awards under the Company's 2002 Stock Incentive Plan, as amended and restated effective October 12, 2005 (the 2002 Plan), to accomplish the objectives set forth above.

Base Salary and Annual Incentive Program (Bonus)

Annual compensation is composed primarily of base salary and an annual incentive bonus. The salaries of the officers are determined based on the responsibilities of their position and experience, individual performance, and

Table of Contents

comparisons with base salaries paid to officers having similar responsibilities in comparable companies. The Committee and the Board have instituted an Officer Incentive Program for fiscal 2006, which provides for the officers, other than the CEO, the opportunity for annual bonuses as a percentage of base salary based primarily on the Company's annual revenue and operating income growth. In fiscal 2006, the program for the senior vice presidents increased the maximum percentage to up to 70% of base salary. The program remained unchanged for all other officers.

For fiscal 2006, an officer's actual bonus was generally based on achievement of the officer's goals and the Company's achievement of various financial and strategic goals. By utilizing a bonus payout based in part on the Company's financial performance, the Committee believes that the officers' interests are better aligned with those of the Company's stockholders and that such officers are strongly motivated to meet their goals and to ensure that Paychex meets its financial and strategic goals.

The Committee increased the senior vice presidents' bonus target percentage for fiscal 2006 because it believed that such bonus opportunities were appropriate for the mix of compensation elements in the senior vice presidents' fiscal 2006 pay packages and to remain competitive with other similar companies with which the Company competes for executive talent.

Stock Incentive Plan

The Company's 2002 Plan is designed to align officers' compensation with the long-term performance of the Company's stock. Stock awards are granted to officers in amounts based upon their individual performance. Stock options are granted at fair market value as of the date of the grant, and have a term of up to ten years. Options vest one-third each year commencing two years after the date of the grant. With grants beginning in July 2005, the vesting is 20% annually over five years.

In making the stock option awards to the officers in fiscal 2006, the Committee took into account the duties and responsibilities of the individual, individual performance, previous stock option awards to such individuals, and awards made to individuals in similar positions at peer companies. They also reviewed and considered the value of such awards, and the appropriateness of the awards based on the individual's total compensation package.

As competition for executive management increases, it may become necessary for the Company to introduce or otherwise use different stock awards in order to meet the objectives of the officer compensation plan. This would include, but not be limited to, the use of restricted stock and other stock awards as articulated in the 2002 Plan.

In July 2006, the Board approved, under the 2002 Plan, the granting to the Company's officers of a blend of stock options and restricted stock. The grant of restricted stock contains performance conditions which could accelerate the officers' vesting in the restricted stock. The performance conditions will further align the officers' interests with those of the Company's stockholders.

Deferred Compensation Plan

The Company offers a non-qualified and unfunded Deferred Compensation Plan to a select group of key employees, senior officers, and directors. Eligible employees are provided with the opportunity to defer up to 50% of their annual base salary and bonus and directors can elect to defer up to 100% of their Board compensation. Gains and losses are credited based on the participant's election of a variety of investment choices. The Company does not match any participant deferral or guarantee its return.

Compensation of CEO

The Committee meets annually without the CEO to evaluate his performance and recommends to the Board the compensation to be paid to him. In performing that function, the Committee reviews the range and components of compensation paid to CEOs of other public companies. In particular, the Committee looks to those public companies whose size and performance are similar to those of Paychex.

Mr. Judge's compensation during fiscal 2006 for his services as President and CEO was \$817,884. This was Mr. Judge's first full year as President and CEO. His compensation was based in part on the Committee's evaluation of the Company's performance in revenue, profitability, return on stockholders' equity, and other areas. Mr. Judge earned a bonus of approximately 100% of his base salary for fiscal 2006. Mr. Judge's bonus for fiscal 2006 was

Table of Contents

determined pursuant to his employment agreement under which he was entitled to an annual bonus of up to 100% of his base salary with a payout range from 20% to 100% depending on achievement of the Company objectives, as described in his employment agreement, plus any bonus recommended by the Committee and approved by the Board for over-achievement of operating objectives. In fiscal 2006, Paychex achieved its sixteenth straight year of record revenues and net income. The Company's total revenues increased 16% and net income increased 26% in fiscal 2006 over the prior year's figures, while return on stockholders' equity was 30%.

Mr. Judge's employment agreement provides for a three-year term. Pursuant to the employment agreement, Mr. Judge received an initial grant of an option to purchase 650,000 shares of the Company's common stock and is eligible to receive additional stock awards to acquire shares of the Company's common stock in the future, based upon his performance and the recommendations of the Committee. Mr. Judge received an additional grant of an option to purchase 250,000 shares of the Company's common stock in fiscal 2006. Mr. Judge is also eligible to participate in the Company's healthcare plans, life insurance and disability plans, insurance, 401(k) plan, Deferred Compensation Plan, and indemnification and other standard benefits available to the Company's executive officers.

Mr. Judge's employment agreement provides that in the event that the Company terminates Mr. Judge's employment other than for cause (as defined in the employment agreement), or if Mr. Judge terminates his employment for good reason (as defined in the employment agreement) the Company must pay him one year's annual salary, plus a cash bonus, and any options included in his initial option grant that have not been previously vested shall vest and become exercisable immediately.

Compensation of Other Executive Officers

The Committee sets compensation for officers other than the CEO after the CEO provides the Committee with his evaluation of the performance of each officer and his recommendation with respect to base salary, bonus, and stock awards. Committee members discuss his recommendations in light of their own experiences and familiarity with levels and components of compensation for persons with similar responsibilities in other public companies. The goal of the Committee is to compensate fairly for the job done, to reward extraordinary performance or promise, and to encourage long-term alignment with stockholder interests through the use of stock awards under the Company's 2002 Plan. Company performance is also considered.

Impact of Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code generally limits the tax deductibility of annual compensation paid to certain officers to \$1 million, unless specified requirements are met. The Committee has carefully considered the impact of this provision. At this time, it is the Committee's intention to continue to compensate all officers based on overall performance. The Committee expects that most compensation paid to officers will qualify as a tax-deductible expense. For fiscal 2006, the Committee authorized total compensation in excess of \$1 million for Mr. Judge. The Committee may in the future authorize compensation that is not deductible. The Company's 2002 Plan is designed to provide incentive compensation that will not count against the \$1 million limitation.

Conclusion

The Committee believes the compensation program described above provides the Company's CEO and other officers with total compensation that is linked to individual and Company performance. The Committee feels this program compensates fairly and is flexible enough to assure that the Company remains competitive and able to attract and retain highly qualified executives. The Committee will continue to tie compensation to the overall Company strategic and financial objectives to reinforce alignment with the interests of stockholders and to help drive the growth and profitability of the Company.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors oversees the Company's financial reporting process on behalf of the Board and is composed entirely of non-management directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The Audit Committee's responsibilities are detailed in the Audit Committee Charter and highlighted in the Corporate Governance section of this Proxy Statement. The Charter complies with all current regulatory requirements. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements for fiscal 2006 in the Annual Report on Form 10-K with management including a discussion of the quality and acceptability of the accounting principles, the reasonableness of significant judgments and estimates, and the clarity of disclosures in the financial statements.

The Company's independent registered public accounting firm, Ernst & Young LLP, is responsible for expressing an opinion on the conformity of the audited financial statements with the standards of the Public Company Accounting Oversight Board (United States). The Audit Committee reviewed with the independent registered public accountants their judgments as to the quality and acceptability of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. The Audit Committee discussed with the independent registered public accountants the matters required to be discussed by Statement on Auditing Standards No. 61, as amended by Statement on Auditing Standard No. 90 (Communications With Audit Committees). The Audit Committee has received the written disclosures and the letter from the independent registered public accountants required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with the independent registered public accountants the accountants' independence from management and the Company. The Audit Committee has also considered whether the independent registered public accountants' provision of other non-audit services to the Company is compatible with the accountants' independence.

The Audit Committee discussed with the Company's internal auditors and independent registered public accountants the overall scope and plans for their respective audits and the overall adequacy and effectiveness of the Company's legal and ethical compliance programs, including the Company's Code of Business Ethics and Conduct. The Audit Committee meets with the internal auditors and independent registered public accountants, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held six meetings during fiscal 2006.

During fiscal 2006, management continued to document, test, and evaluate the Company's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002. The Audit Committee was kept informed of the progress of the evaluation and provided oversight and advice to management during the process. In connection with this oversight, the Audit Committee received periodic updates provided by management, the internal auditors, and independent registered public accountants at each regularly scheduled Audit Committee meeting. At the conclusion of the process, management provided the Audit Committee with, and the Audit Committee reviewed, a report on the effectiveness of the Company's internal control over financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended and the Board of Directors approved that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended May 31, 2006 for filing with the SEC. The Audit Committee will recommend for approval by the Board of Directors the selection of the Company's independent registered public accountants.

In accordance with notices previously sent to stockholders, the Company is delivering one Annual Report and Proxy Statement in one envelope addressed to all stockholders who share a single address unless they have notified the Company that they wish to revoke their consent to the program known as householding. Householding is intended to reduce the Company's printing and postage costs.

You may revoke your consent at any time by calling toll-free (800) 542-1061 or by writing to ADP-Investor Communication Services, 51 Mercedes Way, Edgewood, New York, 11717, Attention: Householding Department. If you revoke your consent, you will be removed from the householding program within thirty days of receipt of your revocation, and each stockholder at your address will receive individual copies of our disclosure documents.

The Company hereby undertakes to deliver upon oral or written request a separate copy of its Proxy Statement and Annual Report to a security holder at a shared address to which a single copy was delivered. If such stockholder wishes to receive a separate copy of such documents, please contact Terri Allen, Investor Relations, either by calling

Electronic Access to Proxy Materials and Annual Report

The Notice of Annual Meeting of Stockholders, Proxy Statement, and Annual Report are also available on the Company's website at www.paychex.com at the Investor Relations section under Annual Report and Proxy Statement. Instead of receiving paper copies of the Proxy Statement and Annual Report in the mail, stockholders can elect to receive an e-mail message, which will provide a link to these documents on the Internet. Opting to receive your proxy materials online saves the Company the cost of producing and mailing bulky documents. To give your consent to receive future documents via electronic delivery, please vote your proxy via the Internet and follow the instructions to register for electronic delivery.

Dear Paychex Stockholder:

The Board of Directors cordially invites you to attend our Annual Meeting of Stockholders (the Annual Meeting) on Thursday, October 5, 2006 at 10:00 a.m. at the Rochester Riverside Convention Center, 123 East Main Street, Rochester, New York.

The accompanying booklet includes the formal Notice of Annual Meeting of Stockholders and the Proxy Statement. The Proxy Statement tells you about the agenda items and the procedures for the Annual Meeting. It also provides certain information about the Company, its Board of Directors, and its officers.

It is important that these shares be represented at the Annual Meeting. Whether or not you plan to attend the Annual Meeting, you are encouraged to vote. You may vote by Internet, telephone, written proxy, or written ballot at the Annual Meeting. We encourage you to use the Internet because it is the most cost-effective way to vote. If you elected to electronically access the Proxy Statement and Annual Report, you will not be receiving a proxy card and must vote via the Internet. Additionally, we encourage stockholder participation in the householding program. We believe participation will benefit both our stockholders and Paychex. Not only will it reduce the volume of duplicate information that is received in a stockholder's household, but it will also reduce our printing and mailing costs.

We hope you will be able to attend the Annual Meeting and would like to take this opportunity to remind you that your vote is important. If you need special assistance at the Annual Meeting, please contact the Secretary of the Company at (585) 385-6666, or write to Paychex, Inc., 911 Panorama Trail South, Rochester, New York 14625-2396, Attention: Corporate Secretary.

Sincerely,

Jonathan J. Judge

President and

Chief Executive Officer
