PART I

ITEM 1. BUSINESS

General

Mercantile Bankshares Corporation was incorporated under the laws of Maryland on May 27, 1969. It is a financial holding company and a bank holding company registered under the Bank Holding Company Act of 1956. Mercantile Bankshares Corporation along with its consolidated subsidiaries is referred to in this report as Bankshares, we or Registrant.

Bankshares, with \$10.79 billion in assets for the year ended December 31, 2002, is a regional multibank holding company with headquarters in Baltimore, Maryland. It is comprised of Mercantile-Safe Deposit and Trust Company (MSD&T) and 19 community banks (each an Affiliated Bank and together the Affiliated Banks) and a mortgage banking company. Sixteen banks are located in Maryland, three are in Virginia and one is in southern Delaware. Bankshares largest bank, MSD&T, represents approximately 40% of total assets and operates 22 offices in Maryland and one commercial office in Pennsylvania.

Nearly all Bankshares substantial trust operations and specialized corporate banking services are provided by MSD&T.

Bankshares places particular emphasis on long-term customer relationships by providing value-added services through its extensive affiliate bank network. Each community bank has its own name, management team and board of directors. Perhaps most importantly, each bank has strong historical ties to the families and businesses in the community it serves. Through its association with Bankshares, each bank is able to provide its customers with the sophisticated banking services and financial resources of a major banking organization.

Bankshares directly owns all of the outstanding stock of 20 Affiliated Banks and directly or indirectly owns all of the outstanding stock of certain other affiliates. For purposes of segment reporting, three operating components have been identified. They are (1) the banking division of the lead bank, MSD&T; (2) the Investment and Wealth Management Division of MSD&T; and (3) the 19 Affiliated Banks. The principal components of our banking and non-banking network are listed below.

Recent Developments

On March 13, 2003, Bankshares and F&M Bancorp announced a definitive merger agreement pursuant to which Bankshares will acquire F&M for a combination of stock and cash, in a transaction valued at approximately \$500 million as of the date of the announcement of the transaction. F&M Bankcorp is a bank holding company for Farmers and Mechanics Bank with 54 offices in Maryland. It is anticipated that the transaction will be completed by year-end 2003, pending regulatory approvals and the approval of shareholders of F&M Bankcorp. F&M will become a member of Mercantile's existing affiliate network with parts of the business being combined with affiliates that are closest geographically to F&M's customers. We anticipate that the bulk of F&M, however, will be combined with a Mercantile affiliate to create a Frederick-based bank. For more information please see Footnote 22 to the financial statements.

Bankshares periodically reviews and considers possible acquisitions of banks and other entities performing related activities and discusses such possible acquisitions with managements of the subject companies, and such acquisitions, which may be material, may be made from time to time. Acquisitions are normally subject to regulatory approval.

CONSUMER BANKING SERVICES

Personal Banking

Each Affiliated Bank offers numerous services to meet the checking, savings, investment and credit needs of the individuals in its community. Personal banking services include Individual Retirement Accounts, certificates of deposit and various checking and savings plans, including an indexed money market account. The banks offer home equity loans and lines of credit, as well as installment loans, to meet a variety of borrowing needs.

The affiliate network provides customers with no-fee access to 163 ATMs, and customers can perform many routine transactions at any of the 185 affiliate banking offices. For added convenience, substantially all Bankshares affiliates provide customers with toll-free telephone access to a centralized Customer Service Center and a voice-response account information system. In May, Bankshares introduced BANKING TWENTY-FOUR Online[®], enabling customers to access their personal accounts online to verify account balances, track recent account activity and perform selected transactions. In October, online banking was enhanced with bill payment capabilities.

Home Mortgages

Residential mortgages are provided through Mercantile Mortgage LLC, a joint venture between Mercantile Mortgage Corporation (Mercantile Mortgage), a subsidiary of MSD&T, and Wells Fargo Ventures LLC. A wide variety of competitively priced fixed- and variable-rate products are available, including jumbo loans. Residential mortgage loans also are available through the affiliate banks.

COMMERCIAL BANKING SERVICES

Lending

General Commercial Lending

With their local knowledge and focus, our community banks are well-suited to meet the traditional credit needs of businesses in their market areas. Each bank works closely with customers to extend credit for general business purposes, such as working capital, plant expansion or equipment purchases, and for financing industrial and commercial real estate. Where appropriate, the Affiliated Banks are adept at employing government guarantee programs, such as those available from the Small Business Administration.

In addition to supplying credit to the businesses in its own market area, MSD&T works in collaboration with other affiliates when their customers' credit needs exceed the affiliate bank's lending limit or when there is a more specialized commercial banking need.

Applying its experience in delivering services through community banks, Bankshares continues to offer an array of banking services to non-affiliated banks. The primary focus is to provide these non-affiliated banks with greater lending capacity, enabling them to enhance the service they provide to their local customers.

Specialized Lending

When local commercial customers do not qualify for traditional financing, the Asset-Based Lending Group at MSD&T can help them convert the value of their accounts receivable, inventory and equipment into cash for operations. MSD&T lenders also work with the affiliate banks to arrange more sophisticated financing in the areas of acquisitions and management buyouts.

Real Estate Lending

The Real Estate Group at MSD&T provides land acquisition and development, construction and interim financing to commercial real estate investors and developers.

Mercantile Mortgage makes loans for land acquisition, development and construction of single family and multifamily housing.

Mercantile Mortgage also provides permanent financing for multifamily projects as one of the nation's few Fannie Mae Delegated Underwriting and Servicing lenders. Permanent financing for multifamily projects and long-term, nonrecourse financing for commercial real estate are

Edgar Filing: MERCANTILE BANKSHARES CORP - Form 10-K

provided through Columbia National Real Estate Finance LLC, a subsidiary of Mercantile Mortgage. Columbia National is a Freddie Mac Program Plus Seller Servicer. It has correspondent relationships with approximately 12 life insurance companies and services a loan portfolio in excess of \$5.2 billion.

Cash Management

Centered at MSD&T, Cash Management Services help business customers of all affiliate banks collect, transfer and invest their cash. Nonprofit institutions such as unions, charities and philanthropic organizations also find Cash Management services useful.

Early this year, the affiliate banks began offering a BANKING TWENTY-FOURSM Business Check Card, enabling businesses more conveniently to make and monitor business-related purchases and ATM transactions.

INVESTMENT AND WEALTH MANAGEMENT SERVICES

Bankshares offers investment and wealth management services through MSD&T and continues building on a nearly 140-year tradition of providing premier investment and wealth management services to private individuals, family groups and institutions. During the past year, Bankshares has invested significantly in investment and wealth management activities which management believes will help to grow the business and bring the highest quality of professionalism and uncompromising service to its clients.

Today, Bankshares provides a range of wealth management services from an open architecture platform that includes proprietary investment management and access to carefully selected outside managers. Bankshares offers clients a comprehensive approach to equity and bond investments complemented by structured alternative investments. Bankshares' proprietary investment platform includes both separate account management and top-rated mutual funds. Investment and wealth management services are available throughout the affiliate network including: Cleveland-based Boyd Watterson Asset Management LLC (Boyd Watterson) which we recently acquired. Boyd Watterson has an extensive Midwest client base and is the largest independent investment manager in Cleveland. We have also recently announced an agreement to acquire Baltimore-based Peremel & Company, Inc. (Peremel). Peremel will functionally complement Bankshares' strategic investments and fill an important niche by offering brokerage capabilities and account services. We expect to close the Peremel transaction within the next several months. Including these new affiliates, Bankshares has \$20 billion of discretionary assets under management and \$40 billion in assets under administration.

Private Wealth Management

When managing a client's assets as part of an investment management or trustee relationship, Bankshares focuses on consistent investment performance and an asset allocation that is individually designed to meet each client's risk/return parameters and investment objectives. Professional investors, working in partnership with our clients, provide access to the Mercantile Funds, separately managed accounts, nonproprietary mutual funds and a variety of alternative investments. Clients will have access to full-service brokerage capabilities through Peremel when we complete that transaction. MSD&T provides a wide range of sophisticated fiduciary and client administrative services, including trust administration, protection and continuity of trust structures, estate settlement, estate advice and planning, tax advice and planning and charitable giving programs. MSD&T also acts in a custodial capacity for its clients, providing safekeeping of assets, transaction execution, income collection, preparation of tax returns and record keeping.

Family Office

Designed to service the unique needs of families with substantial means, MSD&T Family Office team works with more than 50 families whose total assets exceed \$4 billion. The Family Office is comprised of leading professionals including CFAs, CFPs and lawyers. The group integrates the full range of services required to seamlessly manage its clients' complex, multigenerational financial circumstances. MSD&T offers a family governance program in addition to the normal services associated with Family Offices, such as investment management, trust structuring and administration, tax planning, estate planning, closely held business planning, credit, and charitable giving and administration. The team of specialists within Family Office also provides expert

guidance in sophisticated, nontraditional investment strategies, such as private equity, real estate and hedge fund investing.

Private Banking

The Private Banking Group provides one point of contact for its clients' deposit and credit needs, ensuring that these services are delivered within an overall asset management plan. Private bankers can coordinate cash flows, arrange investment of short- and long-term funds and structure credit arrangements to meet short- to long-term plans.

Institutional Asset Management

Bankshares, through its Affiliated Banks and Boyd Watterson, works to provide businesses and eleemosynary organizations with sophisticated investment management and administrative services for their employee retirement plans, profit sharing plans and endowments. Clients include state and local government entities, unions, charitable organizations and military institutions. For example, MSD&T is trustee for a group trust that focuses on commercial real estate investments for Taft-Hartley pension plans. MSD&T can also help nonprofit organizations, such as charitable and philanthropic groups, with annual giving and capital campaigns, pooled income funds, gift annuities and charitable remainder trusts.

Risk Management and Reporting

MSD&T employs a disciplined investment process and advanced technology to provide clients with high quality risk management and comprehensive reporting. Performance analytic tools employ sophisticated statistical modeling to assess risk and adherence to investment guidelines. Through a strategic alliance with Bloomberg, we deliver daily performance analytics and reporting to clients via the Web. Digital certificates installed on client computers ensure the highest level of data security. The Unitized Fund Accounting System (UFACS) enables endowment and institutional clients to efficiently manage multiple donor or restricted funds via the Internet.

Other Non-Banking Affiliates

Hopkins Plaza Agency, Inc. acts as agent in the sale of fixed rate annuities and plans to offer variable rate annuities with Hopkins Plaza Securities, Inc.

Hopkins Plaza Securities, Inc., a broker-dealer that facilitates purchases of shares of the Mercantile family of funds and other non-proprietary mutual funds to bank customers, has applied to federal and state regulators to offer investments in variable rate annuities, 529 plans, equities, equity options, municipal securities, corporate debt, fixed income securities and private placements.

Edgar Filing: MERCANTILE BANKSHARES CORP - Form 10-K

MBC Agency, Inc., provides as agent, under group policies, credit life insurance in connection with extensions of credit by Affiliated Banks. Mercantile Life Insurance Company reinsures the insurance provided by MBC Agency, Inc.

Employees

At December 31, 2002, Bankshares and its affiliates had approximately 843 officers and 2,042 other employees. Of these, MSD&T employed 453 officers and 626 other employees and the Community Banks had 387 officers and 1,395 other employees.

Competition

The banking business, in all of its phases, is highly competitive. Within their service areas, MSD&T and the 19 community banks compete with commercial banks (including local banks and branches or affiliates of other larger banks), savings and loan associations and credit unions for loans and deposits, and with insurance companies and other financial institutions for various types of loans. There is also competition for commercial and retail banking business from banks and financial institutions located outside our service areas. Interstate banking is now an established part of the competitive environment.

Bankshares is a financial holding company and is the largest independent bank holding company headquartered in Maryland. MSD&T is the eighth largest commercial bank in the state. During 2002, Bankshares also competed with Maryland-based bank subsidiaries of the third, fifth, tenth and fourteenth largest bank holding companies in the United States as well as banking subsidiaries of other non-Maryland bank holding companies. Measured in terms of assets under investment supervision, MSD&T believes it is one of the largest trust institutions in the southeastern United States. MSD&T and its subsidiaries (i.e., Boyd Watterson & Mercantile Capital Advisers, Inc.) competes for various classes of fiduciary and investment advisory business with other banks and trust companies, insurance companies, investment counseling firms, mutual funds and others.

Mercantile Mortgage is one of many competitors in its area of activity. MBC Agency, Inc. is limited to providing life, health and accident insurance in connection with credit extended by the Affiliated Banks. Hopkins Plaza Agency, Inc. commenced business in 1996 and is a small competitor in its area.

The 19 community banks ranged in asset size from \$48 million to \$818 million, at December 31, 2002. They face competition in their own local service areas as well as from the larger competitors mentioned above.

Supervision and Regulation

Bankshares

Bankshares, as a registered bank holding company, is subject to regulation and examination by the Board of Governors of the Federal Reserve System under the Bank Holding Company Act of 1956, as amended (the BHC Act) and is required to file with the Board of Governors quarterly and annual reports and such additional information as the Board of Governors may require pursuant to the BHC Act. The BHC Act and Regulations promulgated thereunder require prior approval of the Board of Governors of the Federal Reserve System of the acquisition by Bankshares of more than 5% of any class of the voting shares of any additional bank.

The Gramm-Leach-Bliley Act. The Gramm-Leach-Bliley Act of 1999 (the GLB Act) was adopted on November 12, 1999 and amended several of the federal banking laws, including the BHC Act and the Banking Act of 1933 (generally known as Glass-Steagall), that affect Bankshares and its subsidiaries. Prior to the adoption of the GLB Act, banks were generally prohibited from acquiring direct or indirect ownership or control of more than 5% of any class of the voting shares of any company which was not a bank or bank holding company and from engaging in

any business other than that of banking or of managing or controlling banks or of furnishing services to, or performing services for, its Affiliated Banks. Activities of bank holding companies and their subsidiaries were restricted to banking, the business of managing and controlling banks, and other activities that the Board of Governors of the Federal Reserve System had determined were so closely related to banking or managing or controlling banks as to be a proper incident thereto. Bankshares also was subject to certain restrictions with respect to engaging in the securities and insurance business.

The enactment of the GLB Act represents the culmination of years of effort to repeal the provisions in Glass-Steagall and restrictions in the BHC Act that, respectively, limited affiliations among, and overlapping business activities in, the banking, securities and insurance industries. With the adoption of the GLB Act, a bank holding company that makes an election, and is permitted, to become a financial holding company may, within a holding company system, (a) engage in banking, managing or controlling banks; (b) perform certain servicing activities for subsidiaries; and (c) engage in any activity, or acquire and retain the shares of any company engaged in any activity, that is either (i) financial in nature or incidental to such financial activity, as determined by the Federal Reserve Board in consultation with the Secretary of the Treasury or (ii) complementary to a financial activity and does not pose a substantial risk to the safety and soundness of depository institutions or the financial system generally, as determined by the Federal Reserve Board. Activities that are financial in nature include activities specified in the GLB Act and those activities that the Federal Reserve Board had determined, by order or regulation in effect prior to enactment of the GLB Act, to be so closely related to banking or managing or controlling banks as to be a proper incident thereto. Thus, a financial holding company may engage in a full range of banking, securities and insurance activities, including securities and insurance underwriting, as well as, with certain restrictions, merchant banking activities. The election is only available to bank holding companies whose bank and thrift subsidiaries are well capitalized, well managed, and have satisfactory Community Reinvestment Act ratings. With exceptions for insurance underwriting, merchant banking and real estate investment and development, the GLB Act also permits comparable expansion of national bank activities by banks meeting similar criteria, together with certain additional firewall and other requirements, through financial subsidiaries of national banks. Similarly, as a matter of Federal law, but still subject to State law, the GLB Act greatly expands the potential financial activities of subsidiaries of State banks. Bankshares filed an election and on December 20, 2002, became a financial holding company.

The GLB Act is also intended to ensure that banking activities are regulated by bank regulators, securities activities are regulated by securities law regulators, and insurance activities are regulated by insurance regulators. In other words, it is intended to incorporate a system of functional regulation, although it retains the role of the Federal Reserve Board as the umbrella supervisor for holding companies. Consequently, various securities activities of Bankshares are now subject to regulation by the Securities and Exchange Commission (SEC). Certain affiliates and functions of such affiliates will be subject to regulation by the SEC.

As a result of the functional regulation goal of the GLB Act, Bankshares has moved those securities activities that have now become subject to SEC regulation into separate securities subsidiaries or affiliates. For example, in 2001 MSD&T formed two new subsidiaries to engage in securities activities: Mercantile Capital Advisors, Inc., a registered investment adviser that advises the Mercantile family of mutual funds and certain other institutional accounts; and

Hopkins Plaza Securities, Inc. a registered broker-dealer that facilitates the purchase of shares of mutual funds by bank customers and may engage in certain other potential activities.

The GLB Act also implements a number of requirements designed to protect the privacy of customer information. A financial institution must inform its customers at the outset of the customer relationship, and at least annually thereafter, of the institution's privacy policies and procedures with respect to the customer's nonpublic personal financial information. With certain exceptions, an institution may not provide any personal information to unaffiliated third parties unless the customer has been informed that such information may be so provided and the customer has been given the opportunity to opt out. Furthermore, the GLB Act limits a financial institution's use of a customer's account information for marketing purposes and imposes criminal penalties for the use of fraudulent or deceptive means to obtain personal customer financial information. The GLB Act permits states to adopt more rigorous laws with respect to customer information.

The USA PATRIOT ACT. Congress adopted the USA PATRIOT ACT (the Patriot Act) on October 26, 2001 in response to the terrorist attacks that occurred on September 11, 2001. Under the Patriot Act, banks are required to maintain and prepare additional records and reports that are designed to assist the government's efforts to combat terrorism. The Patriot Act includes sweeping anti-money laundering and financial transparency laws and required additional regulations, including, among other things, standards for verifying client identification when opening an account and rules to promote cooperation among financial institutions, regulators and law enforcement entities in identifying parties that may be involved in terrorism or money laundering.

Other Significant Regulatory Concerns. It is Federal Reserve Policy that a bank holding company should serve as a source of financial and managerial strength for and commit resources to support each of its subsidiary banks even in circumstances in which it might not do so (or may not legally be required or financially able to do so) absent such a policy.

Changes in control of Bankshares and its Affiliated Banks are regulated under the BHC Act, the Change in Bank Control Act of 1978 and various state laws.

Further, the BHC Act and the Board's Regulations limit the ability of bank subsidiaries of bank holding companies to engage in certain tie-in arrangements with bank holding companies and their non-bank subsidiaries in connection with any extension of credit or provision of any property or services, subject to various exceptions.

Affiliated Banks

All Affiliated Banks, with the exception of The Citizens National Bank, Baltimore Trust Company, Farmers & Merchants Bank - Eastern Shore, The First National Bank of St. Mary's, The National Bank of Fredericksburg and Marshall National Bank and Trust Company are Maryland banks, subject to the banking laws of Maryland and to regulation by the Commissioner of Financial Regulation of Maryland, who is required by statute to make at least one examination in each calendar year (or at 18-month intervals if the Commissioner determines that an examination is unnecessary in a particular calendar year). Their deposits are insured by, and they are subject to certain provisions of Federal law and regulations and examination by, the Federal Deposit Insurance Corporation.

In addition, The Annapolis Banking and Trust Company, The Forest Hill State Bank and St. Michaels Bank are members of the Federal Reserve System, and are thereby subject to regulation by the Board of Governors of that System.

The Citizens National Bank, The First National Bank of St. Mary's, The National Bank of Fredericksburg and Marshall National Bank and Trust Company are national banks subject to regulation and regular examination by the Comptroller of the Currency in addition to regulation and examination by the Board of Governors of the Federal Reserve System and the Federal Deposit Insurance Corporation, which insures their deposits.

Farmers & Merchants Bank Eastern Shore is a Virginia bank, subject to the banking laws of Virginia and to regulation by its State Corporation Commission, which is required by statute to make at least one examination in every three-year period. Its deposits are insured by, and it is subject to certain provisions of Federal law and regulation and examination by, the Federal Deposit Insurance Corporation.

Baltimore Trust Company is a Delaware bank, subject to the banking laws of Delaware and to regulation by the Delaware State Bank Commissioner, who is required by statute to make periodic examinations. Its deposits are insured by, and it is subject to certain provisions of Federal law and regulation and examination by the Federal Deposit Insurance Corporation.

Bankshares and its affiliates are subject to the provisions of Section 23A of the Federal Reserve Act which limit the amount of loans or extensions of credit to, and investments in, Bankshares and its nonbanking affiliates by the Affiliated Banks, and Section 23B of the Federal Reserve Act which requires that transactions between the Affiliated Banks and Bankshares and its nonbanking affiliates be on terms and under circumstances that are substantially the same as with non-affiliates. Under the Financial Institutions Reform, Recovery, and Enforcement Act of 1989, there are circumstances under which Affiliated Banks could be responsible to the Federal Deposit Insurance Corporation for losses incurred by it with respect to other Affiliated Banks.

Other Affiliates

As affiliates of Bankshares, the nonbanking affiliates are subject to examination by the Board of Governors of the Federal Reserve System and, as affiliates of the Affiliated Banks, they are subject to examination by the Federal Deposit Insurance Corporation and the Commissioner of Financial Regulation of Maryland. In addition, MBC Agency, Inc., Mercantile Life Insurance Company and Hopkins Plaza Agency, Inc. are subject to licensing and regulation by state insurance authorities. Mercantile Capital Advisors, Inc., Hopkins Plaza Securities, Inc., Boyd Watterson and Peremel, are subject to regulation by the SEC and state securities law authorities, and Hopkins Plaza Securities, Inc. and Peremel are also subject to regulation by the National Association of Securities Dealers, Inc. Retail sales of insurance and securities products by Hopkins Plaza Agency, Inc. and Hopkins Plaza Securities, Inc. are also subject to the requirements of the Interagency Statement on Retail Sales of Nondeposit Investment Products promulgated in 1994 by the FDIC, the Board of Governors of the Federal Reserve System, the Comptroller of the Currency and the Office of Thrift Supervision.

Effects of Monetary Policy

All commercial banking operations are affected by the Federal Reserve System's conduct of monetary policy and its policies change from time to time based on changing circumstances. A function of the Federal Reserve System is to regulate the national supply of bank credit in order to achieve economic results deemed appropriate by its Board of Governors, including efforts to combat unemployment, recession or inflationary pressures. Among the instruments of monetary policy used to implement these objectives are open market operations in the purchase and sale of U.S. Government securities, changes in the discount rate charged on bank borrowings and changes in reserve requirements against bank deposits. These means are used in varying combinations to influence the general level of interest rates and the general availability of credit. More specifically, actions by the Board of Governors of the Federal Reserve influence the levels of interest rates paid on deposits and other bank funding sources and charged on bank loans as well as the level of availability of bank funds with which loans and investments can be made.

Cautionary Statement

This Annual Report on Form 10-K contains forward-looking statements within the meaning of and pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. A forward-looking statement encompasses any estimate, prediction, opinion or statement of belief contained in this report, and the underlying management assumptions. Examples are statements concerning possible acquisitions, competitive conditions, effects of monetary policy, the potential impact of legislation and the ability of Bankshares to achieve expected benefits from its recent investments in its Investment and Wealth Management Division. A similar cautionary statement, concerning the content of the Registrant's Annual Report to Stockholders for the year ended December 31, 2002, is contained in that Report and is incorporated by reference herein.

With respect to effects of monetary policy, the monetary policies of bank regulatory and other authorities have affected the operating results of commercial banks in the past and are expected to continue to do so in the future. In view of changing conditions in the national economy, in the money markets, and in the relationships of international currencies, as well as the effect of legislation and of actions by monetary and fiscal authorities, no prediction can be made as to possible future changes in interest rates, deposit levels, loan demand, or the business and earnings of the Affiliated Banks.

Website Access to Information

Bankshares' annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and all amendments to those reports may be accessed through Bankshares' website as soon as reasonably practicable after such material is electronically filed with the Securities and Exchange Commission. Bankshares' website is www.mercantile.com.

ITEM 2. PROPERTIES

The main offices of Bankshares and MSD&T are located in a 21-story building at Hopkins Plaza in Baltimore owned by MBC Realty, LLC, a wholly owned subsidiary of Bankshares. At December 31, 2002, these offices occupied approximately 159,000 square feet (together with about 11,000 square feet leased in a nearby building). At December 31, 2002, MSD&T also occupied approximately 132,000 square feet of leased space in a

building located in Linthicum, Maryland, in which its operations and certain other departments are located, and a 7,000 square foot call center facility in Federalsburg, Maryland. The Linthicum and Federalsburg properties are owned by MBC Realty, LLC. Of the 23 banking and bank-related offices occupied by MSD&T, seven are owned in fee, six are owned subject to ground leases and ten are leased with aggregate annual rentals of approximately \$1,527,000, not including rentals for the main office and adjacent premises owned by MBC Realty, LLC.
